

OUR THEATRES

ROSSLEY'S WEST END
There is a very special programme prepared for to-night at the popular little theatre. The pictures are of the very best and carefully selected. A charming Irish song in character costumes by two sweet little singers. A good show to please all patrons and the price within the reach of all.

A Contradiction

(Editor Mail and Advocate)
Dear Sir,—My attention has been drawn to an article which appeared in The Mail and Advocate under date of July 1st, relative to the Earl of Devon striking a piece of ice on her last trip North and "that the Captain left the ship in a boat leaving the crew to paddle their own canoe." I wish to emphatically deny the latter statement. What really happened was, when the ship struck the growler I got over the side in a boat to examine the damage and see what repairs were necessary to make in order to enable the ship to proceed on her journey. I feel sure you will be only too pleased to make this correction, as I know you have no desire to injure me in any way. Whoever your informant was he should have made certain of his charges before placing me in such an awkward light before the general public.

With thanks for space,
Yours truly,

PETER CARTER,
Capt. S.S. Earl of Devon,
St. John's, July 10th., 1915.

He takes with him the best wishes of his host of friends.

Mr. John Manuel, of Jackson's Cove, N.D. The other features such as football, fives and baseball game will also be very interesting.

The L.O.A. Parade

Under ideal weather conditions 400 members of the Loyal Orange Association attended Divine Services at St. Thomas' Church yesterday afternoon and listened to an inspiring and eloquent address from the Rev. Rector, Dr. Edgar Jones, Ph.D. The subject of the sermon was "An Orangeman's Ancestry," the text selected being from the lesson II. Saml "And the Three Mighty Men broke through the Host." While dealing with the question of Education, the system at present existing in this colony was severely criticized and in the opinion of the preacher the sooner it was changed the better it would be for the sons and daughters of Newfoundland.

A stirring eulogy was paid to the spirit of British Nationalism; and the freedom which every British Subject enjoys under the aegis of the constitution. The patriotism and loyalty of England's sons of every class and creed to fight and if needs be die for the flag, was eloquently referred to. The church was filled with citizens, who after the service followed the society to Victoria Hall where the parade disbanded at 4.40 o'clock. The line of march to the church was via Gower and Cochrane Streets, the return route being by way of Military and Queen's Roads.

On return to the hall H. V. Cowan proposed a vote of thanks to the preacher of the day, the choir and Miss Job, whose singing was of a high order. The annual 12th of July rally will be held at Victoria Hall to-night, at which prominent Orangemen will deliver patriotic addresses.

St. Bon's Alumni Election of Officers

The 8th annual meeting of the St. Bon's Old Boys' Association was held in the Aula Maxima yesterday morning. There was a fair attendance of members. His Grace the Archbishop was present.

A resolution was put and carried, that in future, those holding office would not be eligible for re-election after holding office for three consecutive years. Such officers, may, however, become eligible for election after a lapse of one year. An exception is made in the office of the President, whose term of office may be continuous in the pleasure of the Association.

The election for the current year resulted in the return of Sir E. P. Morris, as President; the Hon. J. Harris, V-President; F. J. Doyle, Asst. V-President; J. J. Fenelon, Treasurer; J. G. Higgins, Secretary.

The reports submitted show the association to be in a healthy condition. The meeting adjourned at 1.30 p.m.

Stole \$100

Last week a young chap, a resident of Barter's Hill, knowing that his mother had saved some money, during her absence, got at and opened the strong box, rifled it of \$100 and then "let'er go."

He would have hired a special train likely if one were convenient, but contented himself with a first-class car and began "spreeing it up long shore." In the meantime his parent reported her loss and his disappearance to the police and when her "wandering boy" returned to the city Friday night by train, Const. Tobin quietly gathered him in.

It was feared he had made a big hole in the wad, but had spent only \$10 and had \$90 in his possession when arrested.

"Bather" Commends The Mail and Advocate

(Editor Mail and Advocate)

Dear Sir,—The writer of this note begs to compliment you on your attitude respecting that erection on the public domain at Long Pond. It is regrettable that you have not received that moral support from the public which one would naturally expect in such a matter. But if the people have not written to your paper, it is quite plain to the man on the street that public sentiment is entirely on the side of The Mail and Advocate. A public right has been infringed and it is due to us to see that the obstruction is removed.

We wonder where are the writers who raised such hue and cry over Vlach's ice house, being on the margin of the lake. No doubt they have been discouraged, seeing their protests have been made in vain, and are thus keeping silent on this matter of the M.I.A. bathing house, which is a far more glaring infringement on a public right.

Yours etc., A BATHER, St. John's, July 12th.

Greenspond Notes

Since our last report the fishery has improved very little with the exception of a few traps. Nothing at all with trawls and nets, in fact not enough to eat, that is how the men put in. Hook and line nothing.

The S.S. Can't Lose arrived to-day with coals for F.P.U. Store, Greenspond.

The Fogota's report last week was a great exaggeration. We would like to have a true account in connection with the fishery.

Mr. Baxter Burry was brought here yesterday from Alexander Bay with his leg broken, by the crank of an engine, has to be sent to the hospital at St. John's, making it impossible for him to go to the fishery this year.

Mr. Samuel Ford has a new motor boat with a 11 h.p. engine in her; she will be a slasher when he gets everything in working order.

Mr. Peter Osmond who accidentally had three fingers severed from one hand last summer while working at the little mill, is now finishing the cabin of Silver's vessel.

But the Government, how nicely they look after cripples and half paid officials. The Premier promised two years ago that he would advance the salary of the goalers at Greenspond and especially the past session when Messrs Jennings, Coaker and Winsor stated that they knew this man Kenneth Carter, who has only one hand, and who is a hard worker, and poorly paid Government official receiving only seven dollars per month.

S.S. Mary, Mr. George Neal's coaster, arrived to-day, going north with a load of salt for Earl & Sons Fogo. The little steamer Hump put in here also, as fog was so dense it was hard to proceed north. She is to run the Northern Labrador mail service and enforce fishing rules, another grab for Crosbie. \$70 per day hire for a steamer than can be run at a cost of \$30 would appear to be a fine grab.

The Can't Lose finished discharging this morning and proceeded to Salvage Bay to take the new motor boat, F.P.U. in tow for St. John's. Greenspond, July 9, 1915.

JUST ARRIVED per S.S. Stephano: Bananas, Water Melons, Cucumbers, and Tomatoes; also California, Plums, Grapes, Appricots and Oranges. GLEESON'S, Wholesale and Retail, 108 Water St. East.—jy8,tf

News From Blanc Sablon

News received from Blanc Sablon states that fish had struck in there the end of June, but on the 1st July a jam of ice came up and all traps had to be taken up. Job Bros hauled then for 3500 qtls. Many nankers in the Straits lost most of their trawls. Salt is also at a premium, coming in sacks via Bay of Islands and is costing the fishermen three dollars and seventy cents a hoeshead. Fog has prevailed for four days, which has delayed the Meigle for three days. She was expected to reach there on Thursday last.

His Grace briefly addressed the children on the nature and efficacy of the sacrament they had just received, and admonished them to live lives of "strong and perfect Christians."

The Christian Brothers and Sisters of the city convents were highly complimented by His Grace on their devotion to duty in instructing their charge. Next Sunday afternoon there will be Confirmation at 3 p.m.

Deaf Mute's Brave Act

By the schr. "Maggie Sullivan," which arrived here a few days ago, we get some further particulars of the accident to a schooner, which was struck by a squall and turned over off Brimstone Head, while running from Carmanville to Fogo for supplies. It resulted fatally, an old man, Elijah Shelly, one of the crew of five, being drowned. James Elworth, the skipper, held to the bulwarks and advised the others to do so, but they became panicky, and each in turn jumped into the sea. Shelly, heavily clad in oilskins, quickly sank. The skipper managed to shove a piece of wood towards his brother, which kept him afloat, and the other two men desperately struggled to keep above water. These would have been drowned also but for the bravery and promptness of a deaf mute named Aquila Warrick, who witnessed the accident from the shore and pushed off in his boat, rowing with might and main till he arrived on the scene.

He gave his first attention to the two men, now thoroughly exhausted, in the water, hauled them on board, and then took the skipper from the bulwarks. The people rightly speak in the highest terms of the bravery of Warrick.

On Monday evening next the Benevolent Irish Society will present to His Grace Archbishop Roche the beautiful golden chalice recently imported from Ireland.

Those Russian Reverses—Are They Serious?

Kaiser Wilhelm said: "I declare 'We'll give those big Russians a scare.'"

Nicholas said with a smile: "Oh, we'll beat you a mile. FOR THERE'S NOTHING AS GOOD AS THE BEAR."

Things have been looking black for the Russians the past week or so, but they're not downhearted. They know that eventually victory is certain. In the East, certainly, there is nothing as good as the Bear.

Neither is there in Newfoundland. All this talk about other brands being as good as Bear Brand Rubbers is—merely talk. Next winter will prove if there is anything more durable than our Patent Process Rubber Boot—the boot you cannot be "taken in" with, because it is guaranteed. This rubber is not expensive, when you take into consideration the quality and the guarantee. Therefore, Mr. Dealer, place your order with us to-day. The earlier you give it to us, the better attention we can give it. Remember, too, THERE'S NOTHING AS GOOD AS THE BEAR.
