People of Chicago Are Numbered Among the Ranks of the Great Unwashed—Hotels Compelled to Send Their Linen to Other Cities to be Washed.  
Chicago, May 7.—Serious as has been the shortage in clean linen and necessary to go to Canada. The lake captain steamed into Kenilworth, Wis., and the proprietor of the strike is ended. Rather than continue doing business with a crippled working force, every large steam laundry in the city has closed down. There is only one hotel which has clean linen. The manager chartered a tug and loaded it with his week's wash and started it northward with a tug.

## FOR PROHIBITION

Topika, Kan., April 8.—Returns from all the towns in Kansas which held elections yesterday disclose the fact that the vote in favor of enforcing the prohibition law is the most overwhelming in the history of the state. A special effort was made by the opponents of prohibition to make a good showing at this election and thus pave the way for a re-submission campaign two years from now, but only six towns of any importance in the state voted in favor of a liberal policy toward the saloons.

## FORCED IN GERMAN ARMY

Everett, Wash., April 3.—Alfred C. Sherwinski, of Everett, aged 18, has, according to his father's statement, been impressed into service in the German army. Young Sherwinski left this city recently to visit his grandparents in Germany, and upon his failure to secure a passport was impressed into Emperor William's army.  
The boy is American born and his father has secured the services of local attorneys to open negotiations with the secretary of state to bring about the boy's release.

## SCOTCHMEN PROTEST

Edinburgh, Scotland, April 8.—There was a curious scene at a meeting here today, called to make preparations for the forthcoming visit of King Edward to Scotland. Several of the local Scotch officials refused to have anything to do with welcoming his majesty until he shall have dropped the title of Edward VII. The objection protested that the title is an insult to Scotland. They added that, judging from the address he received at Lisbon, even the king himself seemed to realize that he was only king of England. Considerable uproar prevailed, but the meeting ultimately refused to listen any further to the malcontents.

## WATER BOUND AT HALFWAY ROADHOUSE

Captain William Davis and wife who left Dawson eight or ten days ago for Spruce Gulch a tributary of Chikien creek, are waterbound at the Halfway roadhouse where they will remain until the opening of navigation.  
Captain Davis returned from Chikien two weeks ago for the purpose of taking his wife back with him. They left Dawson with a horse and sled but a few miles down the Yukon the water on the ice drove them out to the banks where they camped. During the night their horse got away and two days later a musher reported in Dawson as having seen the horse on the river but nothing had been seen of the Davis family.  
Ed. Dilly at once left for down the river with a dog team to investigate the report, returning to Dawson this morning. He too met Davis' horse on the river and took him with him down to the Sixteen-mile roadhouse. There he learned that Captain and Mrs. Davis were safe and had gone on in a canoe to the Halfway roadhouse where they had been seen by Ben Downing to whom they stated that they would remain there until the opening of navigation.  
After losing their horse and before reaching the Sixteen-mile roadhouse Captain and Mrs. Davis were forced to stop three days at an Indian Village, later getting away in a canoe.  
Were it not that Mrs. Davis is with her husband, which makes it rather serious experience, Captain Bill's friends would consider the whole thing as a huge joke on him.  
'Have you told anyone that we were going to be married?'  
'Oh, dear, so? Only that we are engaged.'—Brooklyn Life.
