A bill has been introduced into the Ontario Legislature prohibiting anyone from performing for hire or reward a surgical operation upon an animal unless the party performing the operation shall first have attended a series of lectures at the Veterinary College and secured a diploma. Orders for syrup labels placed at the Reporter office will be filled the same day as received. An increasingly large number of first class makers are distinguishing their product by labeling each can, which is a guarantee that it pays to enable purchasers to tell who makes the syrup that suits their taste. In the absence of a label, buyers are liable to get a grade of syrup that will effectually destroy their appetite for this most wholesome sweet. Good goods, properly labeled, increases the number of consumers and brings trade directly to the producer, thus increasing the profits.

Obituary.

Mrs. Wm Goff, who departed this life 31st ult., aged 87 years, was one of the oldest residents of Leeds county. In 1814, when but a year old, she was brought by her parents to this country, and in 1834 she married Wm Goff, who died 22 years ago. Nearly all her long and useful life has been spent in the Redan neighborhood, where she died at the home of her son, Charles, by whom and is estimable wife her declining years were made comfortable and happy. She is spoken of as being a whole-souled christian woman, in all things generous, every-ready to do a kind act and assist a neighbor in bearing a burden. The funeral took place on Monday of last week, when a large concourse of old friends paid their last tribute of respect to this estimable woman. The service was conducted at New Dublin by Rev. Mr. Groat.

Of her eight children, six survive, viz.: Charles at home, Frank in Potsdam, N. Y., and Robert in Smith's Falls, Mrs. John Baker, Smith's Falls, Mrs. Stephen Baker, Iowa, and Mrs. Joseph Hall, Smith's Falls.

For playing truant, two Brockville boys were placed in the lock up.

A number of their intimate friends assembled to extend their hearty congratulations for a long and prosperous life. They were the recipients of a number of costly presents showing the popularity of the young couple.

The Public Invited.

After several years experience before the public of this community, I have now embarked in the mercantile business and invite inspection by the public of our large and well assorted stock of staple and fancy dry goods, boots and shoes, gents' furnishings, clothing, wall paper, etc., which we are now opening up in the Taplin block. All these goods have been purchased on a cash basis before the advance in prices and will be sold at very reasonable prices for cash. All kinds of produce will be taken in exchange for goods.—T. S. KENDRICK.

Seed Potatoes.

The undersigned offers the Early Fortune potato for seed. It is one of the strongest growers among the early varieties, both as to early ripening qualities and enormous productiveness.

Of strong, vigorous growth, it is handsome in form and its color resembles the Early Rose. I find they yield, under the same cultivation, three times as many as the Early Rose from the same amount of seed planted. Although Early Fortune was planted three weeks later than the Early Rose, they matured at the same time.

N. B.—Anyone wanting these seed potatoes, can have same at greatly reduced prices from what is generally asked by the leading seedsmen.

Have you palpitation or fluttering, shortness of breath, chilly sensations, fainting spells, dizziness, pains about the heart? All these indicate derangement. The record of lives saved by Dr. Agnew's Cure for the heart is a long one, and the almost incredible cures it makes in proof that the days of miracles are not past. It gives relief in thirty minutes. It sets like magic. Sold by J. P. Lamb & Son.
