Chatham passengers going east for Torouto and points east of that will now leave at 10.32 instead of 9.02 as formerly, and the Eastern Flyer which formerly left here at 3.30 will for the future leave at 5.30, arriving in Toronto at 10 o'clock and Montreal early the fol-lowing morning. Notes of the Proceed ngs as Jotted Down by Planet Reporters who Were Present.

FINANCE COMMITTEE.

The Finance committee vesterday afternoon looked more like a court of revision on dog tax assessments than an active body appointed to safeguard

the civic exchequer.

The statement of the cost of the dewalk on the north side of Wilson avenue was also discussed by the committee, with the ratepayers on the street.

A mistake was found in the cost of nails, and one of the men interested took exception to the charge of \$7 made by the city for the hour's work, which he said, the city engineer had put on the work, and the ratepayers promised to investigate what he termed an exorbitant charge before

he paid his frontage tax. Chairman Scane and Aldermen Cowan and McCoig were present at the fneeting. In regard to the request of Mary Ramsey for remission of taxes,

no action will be recommended The committee will advise that the following dog tax assessments be struck off: William French, F. Garner, Mrs.

Littleton Johnson, Clifford Morrison, J. R. Watson, James Graves, John Cooper, O. Desjardines. No action will be recommended re the request of Thomas Walters to have his dog tax assessment transferred to P. C. De-zelia. The request of Rev. F. H. John D. Thompson, Frank Cartier, and John L. Paulucci, the men who have to pay for the walk on the north eide of Wilson avenue, appeared before the committee to receive a bill of costs of the walk. The treasurer's books showed that the walk had cost as follows:-Lumber, John Piggott & Sons, \$56.49; W. N. Drader, \$36.75; Westman Bros., nails, \$3.40 and \$5.44; Peter McMillan \$6.80; interest on money advanced, \$3.50; Engineer \$7 Clerk's fces \$4; Solicitor's fees \$5

Mr. Paulucci said that only threequarters of a keg of nails were tor, formerly of this city, to Miss Kate brought near the work, and when Briggs, organist of that church.-Lon- the work was done, there was at least ten pounds left in the keg.
