000.00 annually, and its iron ore de-
posits which are among the best in
the world. Its chief articles of ex-
port are therefore, lumber and its
manufactures, iron ore, steel and
iron products, pulp and paper.

Sweden imports grain, coal, cotton,
etc., and like all other small na-
tions in Europe, its position during
the war has become increasingly dif-
ficult. Sweden claims coal is an ab-
solute necessity to keep the wheels
of industry turning, and since Great
Britain put the embargo on all ex-
ports of coal, it has obtained a lim-
ited quantity of coal from Germany in
exchange for iron ore. For food
stuffs, the country has more and
more been thrown on its own resour-
ces, and the strictest Government
control is exercised over all avail-
able food stuffs and the distribution
of same at fixed prices.

The rumors that have from time
to time been heard to the effect that
Sweden intended to join in the war
on the side of Germany, have, un-
doubtedly, been without foundation.
While Sweden would hesitate to join
in the war against Germany, with its
1500 miles of coast line exposed to
attacks by the German fleet, the sym-
pathies entertained by a great por-
tion of its people for the Entente Al-
lies and the United States make it
unthinkable that the country would
join in the war against these nations.
The new Democratic Government
which is the fruit of a deeply rooted
Democratic movement in the nation,
is a further safeguard for its contin-
ued neutrality.

A HEALTH SURVEY

John Hall, public health officer of
East Orange, N. J., has arrived in
New Brunswick, at the invitation of
the Provincial Government, to under-
take a survey of health and sanitary
conditions throughout the province.
His work will include investigation
of conditions affecting public health
and present methods of dealing with
health problems. In his report he
will deal with conditions as they ex-
ist, indicate what work should be un-
dertaken, with a view to improving
conditions, and give an outline of
suitable provincial organization to
carry on the work of the proposed pro-
vincial health department, according
to most modern ideas.

Mr. Hall will be in the province
three or four weeks, and will investi-
gate the cities and the larger towns.
The mission is an excellent one, and
it is hoped that Mr. Hall will find
time to visit Newcastle and Chatham
and all the other important places on
the North Shore.

"NO TIME FOR PARTY POLITICS"

The Chatham Commercial (Liberal)
has the following editorial this
week re Dominion politics:
"The present is no time for the
display of party politics, and in this
county as in all others in the prov-
ince, people of all shades of opinion
should unite to support candidates
pledged to the Win-the-War policy
of the Union Government. There can
be no possible opposition to Mr W S
Loggie on the score of his attitude
on the matter, and if any opposition
to him does develop it will come
from those who put party before
country, and have axes of their own
to grind."

BUY A VICTORY BOND

All who have spare cash can help
win the war by investing in Victory
Loan Bonds, which will be for sale
everywhere on and after the 12th in-
stant. Money counts in this war as
much as men. The armies must
have food and equipment, and to pro-
vide these our patriotic citizens will
bring out their money for the na-
tion's use. As the interest given will
be 5 1/2 per cent or more, the patri-
otic duty will also be a profitable ven-
ture.

NO MORE LIQUOR MADE IN CANADA

Another step in Temperance Re-
form is the forbidding in Canada of
the use of any food substances after
November 30 for the manufacture of
commercial liquors. This prohibition
will remain in force during the war
and why not forever.

IN MEMORIAM

In loving memory of Miss Clara S.
Schaffer, daughter of Mr. Moses M.
Schaffer, merchant of Blackville.

(Acrostic)
Clara* thou sweet, "clear light" of
all our eyes,
Lovely and fair on earth, in heaven
above,
Around the Throne of God you see
arise
Radiant and fair, the children of His
Love,
Among them thou, our dear and gen-
tle dove.

Sarah,* sweet Princess, thou wert
full as fair
As Abraham's Sarah in the days of
old,
Rose of God's Garden, thou art
blooming there
Among the lovely in the Land of
Gold
Happier than here, we hope, ten
thousand fold.

Sad are our hearts, but dear the
gentle dream
Clara is singing her sweet hymn on
high,
Happy as saints are by the shining
stream,
Around the Throne, in bliss supreme
you sigh,
Farewell, thou lovely flower, born to
bloom
Forever where all sorrows have to
cease,
Eternal joy shall chase away the
gloom,
Rest on, beloved, rejoice where all is
Peace.
(* Clara, "A Clear Light;" * Sarah
"Princess.")

Rheumatism En- tirely Gone

After Twenty-seven Years of
Suffering—Swelling and Puffi-
ness Has Disappeared—Not
a Pain or an Ache Left

Kincardine, Ont., November 8—A
most astonishing cure of rheumatism
and eczema has been reported here,
and Mrs Ray is enthusiastic in tell-
ing her many friends how cure was
effected.

Rheumatism and eczema frequent-
ly go together, and in this case caused
the most keen distress imagin-
able. All the swelling and puffiness
resulting from many years of rheu-
matism have disappeared, and there
is not a pain or ache left.

Mr G H Ray, R R No 1, Kincar-
dine, Ont., writes: "Mrs Ray has
been using your Kidney-Liver Pills
She was very bad with rheumatism
and eczema, and had had that
fearful itch for twenty-seven years
It was simply terrible what she suf-
fered I persuaded her to try \$1.00
worth of Dr. Chase's Kidney-Liver
Pills, she is now on the last box,
and let me tell you she scarcely
knows herself, she is so
free from both these
diseases. All the swelling and puffi-
ness caused by the rheumatism has
gone away, and she has gone down in
weight 18 1/2 pounds. She never has
weight 18 1/2 pounds. She never has
an ache nor pain biliousness nor sick
headache all these months. She often
says herself 'How glad I am that I
know what to do instead of paying
doctors so much to make me worse.'"
There is only one way that the
poisons in the blood can be cleaned
away and the cause of pains and
aches removed, and that is by the
healthful action of the kidneys, liver
and bowels. Because Dr Chase's
Kidney-Liver Pills act directly and
specifically on these organs and en-
sure their activity they remove the
cause of rheumatism and other dread-
fully painful and fatal diseases. One
pill a dose, 25 cents a box all deal-
ers or Edmanson, Bates & Co., Lim-
ited, Toronto.
