THE CARE OF MILK
Milk spoils very quickly. It absorbs
odors readily. It should not be placed
in an ice box in an open vessel. The
bottle containing the baby's milk
should always be kept covered and it
should and must be kept cool; otherwise
it will spoil.

All Toronto's milk is pasteurized.
The value of this process is well illustrated
by an occurrence in California. A dairy farm was shipping
90 gallons of milk per day to the city
of Richmond and 600 gallons per day
to the city of Berkeley. Recently the
head milker on the dairy farm became
ill with typhoid fever, yet went on
with his regular work for at least
a week before he was so sick that he had
to give up.

The ninety gallons of milk shipped
to Richmond was bottled in that city
and delivered to customers without
being pasteurized and caused a typhoid
epidemic. The 600 gallons shipped to
Berkeley was pasteurized and bottled
and delivered in the usual way and
caused no cases of typhoid fever whatever.

Here is a unique experiment with
human beings, accidental, of course,
but demonstrating conclusively the
protection that pasteurization gives the
milk consumer not only from typhoid
but from other diseases as well.

The milk dealers of Toronto have
shown a fine spirit in co-operating
with the Health Department requirements
in the handling of milk from the
time it leaves the cow until it
comes to your doorstep. Because this
is true, the milk man leaves at your
home a bottle of clean, safe, cool milk.
It is then up to the housewife to keep
the milk as long as possible in as good
condition as it was when she received it.

Here are some things that you can
do that will be of value in keeping
baby's milk in good condition:

(1) Place a box on your back porch
where the milk driver can put the milk
so that it will be protected from sun
and flies.

(2) Before opening a bottle of milk
wipe the mouth of the bottle and the
cap dry with a clean cloth.

(3) Place immediately in your ice
box. If you have no ice box, call at

REGISTRATION OF W-S-S. (War-Savings Stamps)

The Dominion of Canada offers you every safeguard for your investment in War-Savings Stamps.

Affix your W-S-S. (costing \$4.01 each this month) to the Certificate provided, and ask the Postmaster at any Money-Order Post Office to register the stamp or stamps for you.

The stamps are then absolutely useless to anyone but yourself. If your registered W-S-S. are lost by theft, fire, or other cause, the interest continues to accumulate and you can obtain your money at the office where the stamps were registered.

Remember, that at the rate of interest allowed on W-S-S. four dollars would grow to \$361.39 in 100 years.

EVERY time you are tempted to spend money needlessly, buy Thrift Stamps instead, at 25 cents each. Sixteen of these on a Thrift Card represent \$4.00 in the purchase of a W-S-S.

ESTABLISHED 1859
CITY COUNCIL OF DEPT
Council Sits Until a Few Matters Lavatories Com By the Council

All the members of the City Council were in their places when the City Council started business last night in spite of the chilliness of the atmosphere.

There wasn't much to be done by the Council until 11 o'clock to do it, the largest item of business being the law appointing deputy returning officers and clerks for the municipal elections. The pay was raised to \$46 instead of \$4 and \$5.

The City Council of Peterboro also in co-operation in a petition to the legislature that Police Commissioners be composed of the Mayor and two elected members. At present the Mayor, Judge and police magistrate form the Commission.

J. D. Chaplin, M.P., wrote a acknowledging receipt of the resolutions passed by the Council and the Old Welland Canal lands being turned over to municipalities for park purposes. He suggested that prior to the Dominion Government being asked to transfer the canal lands to the Provincial Government would be well to ascertain whether the Ontario Government would receive them for the purpose intended. Mr. Chaplin also pointed out that it would be necessary for the Ontario Government to widen the powers and generally amend the Act respecting the Park Commission before they could undertake any additional work.

Mayor Elson remarked in connection with the note in Fire Chief's report that fire insurance rates in the city ought to be revised in view of the city's fine fire fighting service.

Ald. Eagle who is in the insurance business said he had no doubt that insurance men of the city would do everything in their power to bring his desirable state of affairs about.

Ald. Westwood complained of the possibility of satisfying the fire underwriters. Whenever any new addition is added to perfect the fire department they think up something else.

Ald. Smith reported for the Work Committee stating that the Commission is in receipt of an application from Messrs. Mitchell and Mohr contractors on contract for the construction of the Western Hill Sewerage System, asking for an extension of time in which to complete the work. The Committee expressed itself as being well aware of the difficulties which prevented the contractors from completing their work within the time limit and would recommend that Messrs. Mitchell and Mohr be granted an extension of three months' time within which to complete their work, covered by the

Robert Bowman Poet, Says Affinity

CHICAGO, Dec. 16.—When is affinity?

Robert Bowman Peck, wealthy poet, answered this question in a negative way in a deposition filed in circuit court, replying to a subpoenaed bill of his wife, Florence Peck, who charged him with adultery in unlawful loves, while she was entitled to all his conjugal affection.

Peck denies that she had any right to object to his intimate friends, for Yvonne Normand, a French nurse employed in the Peck household in England, because she was not married to Florence Peck. In a deposition taken recently in New York Peck admitted that he was the father of a child by Yvonne Normand.

Peck says his marriage with Florence was illegal because in violation of both Illinois and Pennsylvania laws, Yvonne Normand was not an affinity, just a friend, and Florence
