In forming an Association the chief thing to guard against is its remaining one simply on paper. To avoid this the greatest care must be used to select good officers. popular and a zealous Conservative that he would make a good President or Vice-President. While such men are useful they should not be selected unless they are also men of active business habits, with strong wills, and who will insist upon the work being done.

In canvassing persons to join the Association every exertion should be taken to bring in all the young men and lads possible, whether of age and having votes or not. They all have their associations and connections, and when enlisted their energy will be found invaluable in the work of the Association. It

OPENING INSTRUCTIONS.

These hints are prepared solely for the use of officers of Conservative Associations in Ontario. The greatest care should be exercised in preventing them from falling into the hands of our opponents.

Those to whom they are entrusted should never allow them to pass out of their hands.

The assessors do their duty when they are preparing the rolls. The the Assessor is a Grit, watch him. Their party invariably appoint the most energetic and unscrupulous partizans as assessors. After the assessment is completed (30th April), the rolls should be revised by the chairman and committee. In the event of an appeal to the County Judge in respect to the voters' lists, it will be found the best plan to submit the management of the appeals in the whole municipality to one man respon-DRAFT CONSTITUTION FOR LIBERAL CON-sible for the work. Special care should be taken by each chairman to ascertain those persons in his division who take no newspapers, and to at once endeavor or get them to subscribe for a Conservative paper. I do not like the way the Government has acted towards Ontario, which has been unjustly dealt with in the matter of the Boundary Award. Neither does it strike me as a proper thing to have disallowed the Streams Bill when that was a Provincial affair and within the jurisdiction of Onaffair and within the jurisdiction of On-tario. The Dominion Government had no right to deal with it. Another reas-on why I became an opponent of the present Government was because of their unfair treatment of Lieutenant-Governor

Letellier shortly after they assumed office. They used a compliant majority from Ontario to cater to a clique in Que-

"On the Hip." This rather elegant expression, used popularly to indicate that condition of things in which one person holds another securely by some circumstance, word or act, finds literal exemplification in the following narrative by the Mr. John Rourk, of Ottawa, Canada. Mr. Rourk says: I have been subject to hip disease for 8 or 9 nine years, and have tried all kinds of remedies, but found nothing to give me any relief until a friend advised me to try St. Jacobs Oil. I tried vised me to try St. Jacobs Oil. I tried it, and after using 1½ bottles I am entirely relieved of pain, and have not been troubled since, now nearly six months. This is what people would call getting his disease "on the hip."
