Editor Evening Telegram.
Dear Sir:—One would think seeing so few letters in the public papers, that we are a very disinterested people; or that we have all that is needed for our safety and comfort and not needing the attention of the Government. To my mind it is a wonder the Premier in his visit around this coast saw no room for improvements except a few roads to be repaired. Now Sir, I think if Sir E. P. Morris had to take the Bridge of one of our Coastal boats as Captain Abram Kean has, he would soon find out that a Harbor Light at the entrance of Griquet would be a God send to the Captains of steamers as well as masters of our large fishing and coasting fleets that make Griquet their chief rendezvous. How, Capt. Kean feels his way in and out this Harbor is a mystery.

On one occasion not long since, being one of our darkest nights when one could not see a hand before him, to our great surprise we heard the Prospero's whistle and saw her search-light flash across the Harbor, and just as the most intricate part of the narrows to navigate were reached something unforeseen happened to the searchlight of the ship was in total darkness. How Captain Kean nursed her into safety is only known to himself. But sir, another case which Captain Kean succeeded to show his passengers their trust in him is not misplaced. It is a known fact, sir, the Prospero is the popular Coastal boat and the Messrs Browning Bros. are doing their utmost to give the travelling public good value for their money. Captain Kean, night and day is ever on the move to make fortnightly trips, also many ports of call has been added to his original contract.

Now, Sir, if the Government were to place more Hr. Lights and buoy some dangerous shoals around the N. E. Coast it would remove one of our greatest dangers to our shipping.

Yours truly,

Handsome Sum Realized.

Yesterday afternoon in the Aula Maxima of St. Bonaventure's College, a meeting of the Ladies' Association was held and was largely attended. The gratifying information was conveyed that this sum of \$3,000 had been received as an outcome of the recent bazaar. The thanks of the ladies, by the way, were cordially conveyed to His Excellency the Governor, His Grace the Archbishop for their kindly patronage, to the Christian Mothers for their help and to those who aided in the advertising scheme, to the British Society, Lieut.-Col. Conroy, the officers and band of the C. C. C., the Old Boys, those who helped erect the stalls and the press for the sale of the bazaar. A resolution of sympathy on the death of the late W. R. Firth was proposed by Mrs. T. J. Edens, seconded by Mrs. Mitchell and carried. Mrs. O'Dea proposed, seconded by Mrs. C. C. that the thanks of the Association be forwarded to the British Society for their kindness in giving the Hall at a reduced figure.

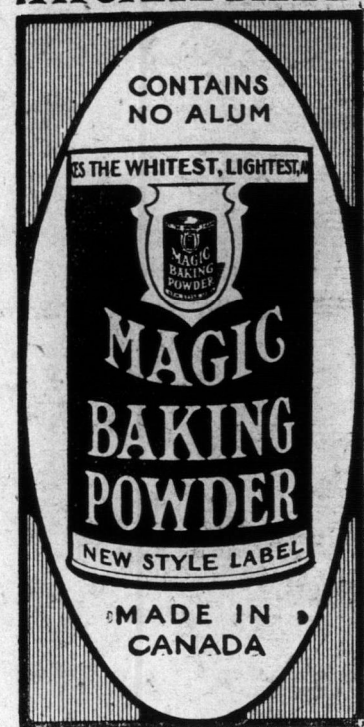

WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escaped.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Murrayville, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble and it made me a well woman. My health was all broken down, the doctors said I must have an operation, and I was ready to go to the hospital, but I dreaded it so that I began taking your Compound. I got along so well that I gave up the doctors and was saved from the operation."—Mrs. CHARLES MOORE, R. R. No. 8, Murrayville, Ill.

MAGIC BAKING POWDER THE STANDARD AND FAVORITE BRAND

Hr. Grace Notes.

Mrs. Richard Smallcombe (nee Miss Butler) arrived from Bell Island on Saturday evening very sick, and was taken to her husband's home at Riverhead.

The S. S. Euphrates left with passengers for Bell Island yesterday afternoon, but finding quite a sea on, the captain wisely decided to put back and remain here until this morning.

Our policemen lately received a circular from an enterprising business man of London. He sends pen-drawings of different sorts of blackthorn walking sticks, real beauties, he says. The price ranges from 10 to 20 shillings including postage. No doubt the gentleman from the Emerald Isle hearing we were near our general elections thought it would be a good time to place his goods on the market.

The Supreme Court opened this a.m. Several interesting cases will occupy the attention of the court during the week.

The ladies of St. Andrew's Church are busily engaged in preparing for their Sale of Work to be held on Wednesday, December 4th. They want all their friends to remember the date, and will gladly accept any contribution sent to them. Mrs. Edward Parsons is President, and Mrs. James Cron, Secretary-Treasurer.

A pretty wedding took place at the home of Mrs. Margaret Morison, 1 Oliver Street, when her daughter, Miss Millicent Frances Morison, became the bride of Mr. Charles Brown, of Lyant Street. Mr. Brown is Harbor Gracian, youngest son of Mr. and Mrs. E. Brown, who has resided in Boston for about 14 years. The ceremony was performed by Rev. T. J. Crosby. Following the ceremony a reception was held at the home of the bride which was attended by 100 friends and relatives. The house was prettily decorated with evergreens and poinsettias. The bride was becomingly attired in white crepe de chene over silk and carried a beautiful bouquet of bride roses. Mr. and Mrs. Brown were home on their return to Lyant Street, and on their return will reside at Eastern Avenue. Mr. and Mrs. Brown were the recipients of a large number of pretty and costly presents. Mr. Brown's mother is a daughter of the late Jacob Noseworthy of the South Side, Harbour Grace.

Dear Sir:—As a taxpayer and a mechanic I wish to publicly protest against the powers that be in allowing one of their well paid officials, the Assistant Boiler Inspector, D. McFarlane, to accept while on a holiday the position of first engineer on the S. S. Beothic during a three months voyage, as reported in your contemporary, the Daily News. In allowing this official to accept this position, now that it is publicly known, the permit the department can without loss in his duties, and in justice to many should immediately recall Mr. McFarlane and remind this official that his acceptance of this highly paid job cannot be permitted. Apart from this official accepting this job it is another eye opener that the position of Assistant Boiler Inspector is only a sop, when the department can without loss permit the Assistant leave of absence for 3 months. Our mechanics generally, especially engineers, will, no doubt, watch keenly the actions of the Government in this very important matter.

Yours truly,

ENGINEER.

Two trappers, named Turner and Moss, recently captured two silver hair foxes in their traps at Happy Adventure. One was dead when found and the other was alive. One of the legs of the live fox was hurt by the trap and when the animal was put in a cage it became mad with pain and ate the leg off from the effects of which it died. A man from Curling came there and would have given \$1,500 for the animals had they lived; he offered \$700 for the pelts.

VIENNA, Nov. 25.

The result of the visit to Berlin of Archduke Francis Ferdinand, heir to the Austrian throne, is that in Eastern affairs, notably those relating to Roumania and the Adriatic Sea, Germany, Italy and Austria will march together in a united line. According to the Reichspost, preparations for every eventually have been completed, so that all surprises have been guarded against. The political situation between Servia and Austria has undergone no material change, but on the whole a rather better feeling prevails here, says a Belgrade correspondent. The general opinion is that the questions at issue can be settled without fighting. The Servians are naturally anxious to secure an outlet to the sea through their own territory, and if Austria meets their wishes in a reasonable spirit, the risk of war will be easily avoided. It is declared that Servia wishes to live in a spirit of amity with Austria, but no nation after a successful war can submit to remain in a condition of absolute tutelage under another Power, however friendly. For trade reasons alone, Servia desires access to the Sea, not from any desire to hamper Austria.

PILES

Nothing known to Science is better for this painful ailment than Zam-Buk. It reduces inflammation, stops bleeding, ends the agony. Easily applied and cleanly. Why go on suffering? Why not try it? Read the following cures.

Some Proofs of Zam-Buk's Power.

MR. THOMAS J. HOGAN, Champion Clog Dancer of Canada, 59 Chambers Street, Montreal, writes:—

"For some time past I have been troubled with Piles, but this year I suffered so much that I was obliged to cancel a number of engagements. I tried all the so-called remedies that were recommended, but they seemed to do me no good. Having been advised to try Zam-Buk, I purchased a fifty-cent box and after applying it a few times I felt marked relief. I continued with the Zam-Buk treatment and the relief was extended into a permanent cure.

WILLIAM KENTY, of Upper Nine Mile River, Hants Co., N. S., says:—"I suffered terribly from Piles, the pain at times being almost unbearable. I tried various ointments but all failed to do me the slightest good. I was tired of trying remedies when I heard of Zam-Buk, and thought as a last resource I would give this balm a trial. I procured a supply, and after a very short time Zam-Buk effected what several other ointments and medicines had failed to effect—a complete cure."

Zam-Buk also cures ECZEMA, BLOOD POISON, ULCERS, COLD SORES, CHAPPED HANDS, SCALDS, SORES, CUTS, BURNS, BRUISES, SCALDS and all SKIN INJURIES and DISEASES. All druggists and stores, or Zam-Buk Co., Toronto, post free for price. Refuse harmful substitutes.

"A friend of our family who lived with us for a time was a great coffee drinker and a continual sufferer with dyspepsia and nervousness. He admitted that coffee disagreed with him, but yet knew how the coffee drinker will hold on to his coffee, even if he knows it causes trouble. (Tea is just as bad as coffee, because both contain the drug, caffeine.)
"One day he said to me that Postum had been recommended and suggested that he would like very much to try it. I secured a package and made it strictly according to directions.
"He was delighted with the new beverage, so was every one of our family. He became very fond of it and in a short time his stomach trouble and nervousness disappeared. He continued using the Postum and in about three months gained twelve pounds and was the healthiest of all beverages. He never drinks coffee, but is very fond of Postum. In fact, all of our family are, and we never think of drinking coffee any more."
