A Gigantic Success.

(From the London Chronicle.)
Report of the Summer Time Committee puts officially on record (what we all know more or less already) that Summer Time last year was a gigantic and practically unqualified success. It therefore recommends its re-adoption for the present, and all succeeding years. At the same time it shortens the period for its incorporation, recommending that it should begin the second Sunday in April and end on the third Sunday in September. This takes three whole weeks of the six months—an amount which will, of course, always be the same however the Sundays fall, since an early second Sunday in April will always be balanced by an early third Sunday in September. We confess that the Committee's reasons for this clipping our summer appears rather unconvincing; they refer to purely local and sectional matters, such as the objection of the cotton operatives to working by artificial light at the beginning of the late September mornings, on the ground that it overheats the rooms. It would have seemed a better way to meet such a case by some special arrangement (such as starting the mills half an hour later, or installing electric light) rather than to penalize a whole nation for it. However, as the Committee points out, the delimitation of Summer Time will probably be in future years a matter for international agreement, since the conveniences to be derived from assimilating the systems in force throughout Western Europe will be material.

The performance will start at 8 p.m. Doors open at 7 p.m. Help the good cause by attending. "HIPRESS" with the RED LINE round the top

Boots That Fit Your Working Foot

There is nothing like boot comfort for the men who work fast and hard from the start of the trip until the catch is stowed. Never a fisherman buckled on boots so comfortable as "Hipress." For "Hipress" Boots are MOLDED into ONE SOLID PIECE to fit the working foot. No pinching—just solid comfort the whole day long. And this wonderful ONE PIECE construction, which is used only by The B. F. Goodrich Rubber Company, absolutely prevents peeling and cracking. There isn't a chance for "Hipress" Boots to leak.

As to wear—you will find TWICE and often THREE TIMES MORE WEAR in "Hipress" than in any other boots you have ever worn, because The B. F. Goodrich Rubber Company actually use the same tough rubber they use in their world famous auto tires!

Ask your dealer for "Hipress" and be sure that there's a "Red Line" round the Top" of your boots. It's the distinguishing mark of genuine "Hipress."

St Patrick Was an Ulsterman.

London Daily News: Wherever St. Patrick came from, he was a good Ulsterman. He founded the see of Armagh, and his bones rest at Downpatrick, which is, I believe, in Captain Craig's constituency. His doctrine, therefore, should be as acceptable to Ulstermen to-day as it was long ago to the Druid King of Tara; and if it has its obvious application for the day. There are three parties in Ireland now; but no good Irishman, whichever he belongs to, questions the real unity of Ireland.

Clergyman Has Recovered

Was Unable to Fill Appointments and Greatly Discouraged by Continued Ill-health.
Gannaque, Ont., April 21st.—The many friends of Rev. George Alton are pleased to learn of his recovery after a long period of ill-health from biliousness, stomach troubles and severe headaches. Mr. Alton had become very much discouraged over his inability to obtain relief, and thought he would have to quit the ministry, when fortunately he read about Dr. Chase's Kidney-Liver Pills and began their use. He tells the particulars of his case in this interesting letter:
Rev. George Alton, Gannaque, Ont., writes: "I had been suffering from bilious attacks for four years. I was very weak, had headaches, and my stomach was so bad that I could hardly eat anything without being troubled by it. I had tried many cures, herbs, pills and salts, and was under the doctor's care for some time, but instead of getting better I seemed to get weaker. I was unable to fulfill my appointments on Sabbath and had to secure help. I used to take dizzy spells and could not walk across the floor straight. I had almost given up all hope, and my wife said that if I did not get better we would have to quit the work of the ministry. However, in looking over the "British Whig," the well-known Kingston paper, I saw Dr. Chase's advertisements in it, and read how Dr. Chase's Kidney-Liver Pills had helped others who were troubled as I was. I resolved to give these Pills a trial, and I must say that in a short time I obtained relief. I continued taking them for some time, and now I am able to resume my work again. From the benefit I have obtained from these pills, I would recommend them to all who suffer as I did."
Rev. C. Cunningham, 124 First Avenue, Toronto: "This is to certify that I am personally acquainted with Rev. George Alton of Gannaque, and believe his statement with reference to Dr. Chase's Kidney-Liver Pills to be true and correct."
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for \$1.00, at all dealers, or Edimanson, Bates & Co., Limited, Toronto.

The Choice.

The American Spirit Speaks. By Rudyard Kipling. (Copyright, 1917, Rudyard Kipling.)
To the Judge of Right and Wrong, With whom fulfilment lies, Our purpose and our power belong, Our faith and sacrifice.
Let freedom's land rejoice, Our ancient bonds are riven Once more to us the eternal choice Of good or ill is given.
Not at a little cost, Hardly by prayer or tears, Shall we recover the road we lost In the drugged and doubting years.
But after the fires and the wrath, But after searching and pain, His mercy opens us a path To live with ourselves again.
In the gates of death, rejoice! We see and hold the good— Bear witness, Earth, we have made Our choice For freedom's brotherhood.
Then praise the Lord Most High Whose strength hath saved us whole, Who bade us choose that the flesh should die And not the living soul.
