FOR THE CURLING FRATERNITY

Amendments to the Playing Rules Adopted.

Glencoe's Club Elects Officers for the Year.

President Young Says the National League Clubs Have All Made Money This Season.

CURLING.

THE ONTARIO ASSOCIATION. The annual meeting of the Ontario Curling Association will be held Tuesday, Oct. 17, in Toronto. The Association has sent out a circular to the secretaries of the different clubs in the province showing the amendments to the bylaws recommended by the executive and adopted:

- 1. That all members who join a local club must forthwith be registered with the general secretary as members of the C. A., under a penalty of neglect.
2. That in the diagram of the rink the "middle line" be rejected, and the sweeping of a stone may be commenced as soon as it has crossed the hog line nearest the player.
3. That the central line from back to toe shall be drawn on all playing rinks, and that all stones shall be delivered from the player's hand before he removes his foot from the back.
4. That the drawing of the primary competitions for the Ontario tankard shall be made by the executive committee, and published in the annual.
5. That district medals may be put up in the discretion of the executive committee to be competed for by clubs not conveniently situated for taking part in district cup competitions.
6. That section 21 of rules of the game shall read: If any of the competing clubs are not ready to begin play at the hour named for a match, one side shall be counted as played for every ten minutes' delay. And if the umpire decides that the belated club or rink is at fault in regard to the delay, he shall give one point in the game to the rink present, and ready to play for each such period it is kept in waiting.
7. That there be added to section 15, in the rules of the game, the following clause, viz.: After a stone has been delivered, the skip of the party not playing may sweep in front of any of his party's stones likely to be moved by the running stone, but, in so doing, he must not obstruct the skip of the party playing in front of the "sweeping line."
8. Also several alterations in rules governing the tankard and district cup competitions, bringing them into line with existing conditions. The following were placed as notices of motion to be passed upon at the October meeting, viz.:
1. That if any rink appears at a

match with only two players it shall be declared to have lost the match by default; if a rink appears with only three players, the game shall proceed, the first player in the incomplete rink playing two pairs of stones, and the incomplete rink shall give the opposing rink one point in the game for every three ends so played.

2. That in section 2 of the rules of the game, after the word "play" in the third line, there be inserted the words "Error shall be passed beyond the hog line nearest the back played from, until he has played both stones."

In addition to these two, submitted by the executive committee, there are two other notices of motion, viz.: One by Mr. T. O. Robson: That the number of ends to be played in all association matches be reduced to 13. Another by Mr. E. B. Edwards, in effect: That no stone shall be used in the game which, with handle included, weighs more than 45 pounds.

THE GLENCOE CLUB.

At the annual meeting of the Glencoe curling club the following officers were elected for the ensuing year: Patron, W. S. Calvert, M.P.; honorary president, George B. Campbell, Appin; honorary president, James Dalgety; president, J. L. Luckham; vice-president, W. D. McIntyre; chaplain, Rev. H. W. McTavish; representative member, G. C. McFarlane; secretary-treasurer, G. C. McFarlane. The club has decided to join the Ontario Curling Association as usual, and to enter all the contests in the different tankard series.

NATIONAL LEAGUE—FRIDAY.

THEY ALL MADE MONEY.

Sporting Life: President Young of the National League, who has published a statement, which, while it may surprise the baseball world at large, will not be news to those who have knowledge of club affairs, and have closely followed the progress of the game all season. Said Mr. Young: "Every club in the league has made money this season. Even the poor, unfortunate Cleveland has come out ahead, in spite of all the difficulties it has encountered at home. Some of the clubs have not been the money-makers they were expected to be; for instance, Cincinnati, because the team failed to come up to expectations. Chicago, in spite of the disappointing showing made by that team, has made big money this year, if the unofficial reports which have reached me are reliable. New York has not reaped a harvest owing to local troubles. Notwithstanding the ups and downs of that club, Mr. Freedman's balance sheet will probably show a good round sum on the right side of the ledger after paying all expenses. Baltimore has been the surprise of the season, not only as a winner, but as a money-maker. Boston, Philadelphia, Pittsburg, Brooklyn, Louisville and Washington have also cleared handsome profits upon the money invested during the season. Under the circumstances there is no reason to believe that any of the magnates are going to sacrifice their hold-

ings simply to verify the predictions of baseball speculators."

FOR THE FANS.

Billy Keeler, of the Brooklyn, has made but four errors this season. Cy Young's contract for 1900 is said to call for \$4,000.

According to Ned Hanlon, the Baltimore club has made about \$15,000 this season.

Garvin, Chance, Bradley, Everett, Green and Donahue are the Chicago players who are said to have signed their contracts for the next season. Garvin's agreement calling for \$2,100.

The once great Dan Brouthers' batting average in the Eastern League is "at 241. Dan reminiscences as follows: "I ain't the Dan I used to be. The ball looks no bigger than a pea sometimes as it shoots up to the plate. Bless you, I can remember when I could count every seam and read Al Reach's name on it as I counted it out for two or three minutes."

PISTIC AFFAIRS.

KNOCK-OUT.

New York, Oct. 7.—George McFadden, of this city, knocked out George Lavigne, the ex-champion of the world, in the 19th round before the New Broadway A. C. last night. They met at 123 pounds and put up a fight which was as sensational as it was prolific in hard hitting and clever ring work. McFadden left the ring virtually without a mark.

Chicago, Oct. 7.—Kid McCoy and Joe Choyinski fought six rounds before the Fort Dearborn A. C. last night. Both men have agreed to a draw in case they were on their feet at the end of the sixth round. Introduced into the decision, as both were not only on their feet, but comparatively fresh. McCoy, however, clearly outpointed the Californian.

TURF.

TOD SLOAN HURT.

London, Oct. 7.—At Kempton Park yesterday, just as Tod Sloan mounted Latheronahel, in the paddock, prior to going to the post to take part in the race, he fell from the horse, and was reared, throwing the jockey and rolling over him. Sloan was at once surrounded by friends and carried to the weighing room. It was found that his injuries, though painful, were not serious. Previous to the accident Sloan rode Democrat in the race for the Imperial plate and finished second. Forfarshire was the winner. Merry Gal was third in a field of ten.

THE GRUFF BISHOP

How He Received an American Visitor—Cantorbury's Strong Will.

The present Archbishop of Canterbury is a most determined character; one of the old sort of prelates given to fighting, and fighting hard, and who insists on having his way, no matter who tries to obstruct. With indomitable will he has fought his way to one of the foremost positions in the world, and he has followed the progress of the game all season. Said Mr. Young: "Every club in the league has made money this season. Even the poor, unfortunate Cleveland has come out ahead, in spite of all the difficulties it has encountered at home. Some of the clubs have not been the money-makers they were expected to be; for instance, Cincinnati, because the team failed to come up to expectations. It happened that a Detroit clergyman reached England with an introduction to the bishop, which the Detroit had reason to know would insure him a kindly welcome. He forwarded the introduction and asked for an interview. By return of post he received from the bishop a warm, friendly letter, saying that his lordship would be delighted to see him at a certain o'clock. At the certain o'clock the Detroit was at hand. The procession had been filing through, and the truculent bishop had forgotten, or rather did not wish to remember, that when he was in Detroit, he was a clergyman.

When the Detroit clergyman was ushered in, instead of being met with outstretched arms, there sat the bishop writing busily. There was a long and ominous wait. Presently, the bishop, without glancing up and in his rasping, thundering voice, belovved out: "Well, sir, I can give you two minutes."

For a second the Detroit was nearly knocked off his feet, but immediately pulled himself together and said: "And, sir, I can give you all eternity."

The bishop jumped to his feet when he heard the words, and rushed forward, shook the visitor's hand, and sat down in his chair, roaring with his laughter.

NORTH WATERLOO

Continuation of the Election Trial.

A Scrutineer Who Saw Nothing Wrong—Some \$5 Charges.

Berlin, Oct. 7.—The North Waterloo trial dragged through another six hours yesterday. The Wylie, Bruce, Cummings and Cormack charges were inquired into, and evidence of corruption was furnished, but the evidence was directly contradicted in each, and an agency does not appear to have been established.

Mr. T. O. Anderson, treasurer of the Ontario Liberal Association, produced the books of the association and showed that the only payment of any size to Mr. Alex. Smith in April was one of \$500 on April 4, for three months' salary up to June, 1898. No payment of any kind was made to any one in May.

C. H. Doerr, a Conservative scrutineer, at No. 3, where Wildfong, the deputy returning officer, is accused of spoiling conservative ballots, deposed that he did not mark any ballots. He had known Wildfong all his life, and had heard that he was a pretty clever fellow. He stated that Wildfong was fully that he could not have marked any ballots before they went into the box. He was not keeping tally at the counting, and watched Wildfong all the time. He stated that he had seen Wildfong alone unfold the ballots. He sat close enough to Wildfong to have put his hand on Wildfong's. He would not be kept saying that Wildfong altered any ballots. He had told Wildfong that he had not seen anything wrong. He also told Wildfong that, so far as he had seen, everything at the poll was perfectly straight. He had seen Collins, the other scrutineer, since the trial began, but he did not remember him saying that Wildfong could not have been fairer and could not have done anything wrong. Collins said that he opened some of the ballots.

Mr. McPherson, the petitioner's lawyer, then proceeded to argue the case, saying that Shantz's evidence must be taken as showing that Wildfong admitted that he had spoiled ballots.

Judge Osler asked for corroboration of Shantz's evidence. "I should not be disposed," he said, "to pay any attention to Shantz's evidence on any point which has not been corroborated. According to his own admission, he had done it by admitting that he had paid for it."

John F. Stumpf, scrutineer for the Conservative candidate, swore that Cummings, the deputy returning officer, called the name of the candidate from the ballots, and would not allow any of the others to see them. He became quite indignant when his conduct was protested against. Mr. Stumpf noticed that some ballots were called for Brethaupt which were marked for Lackner; hence his protest. Judgment on these charges of ballot switching was reserved.

P. Utley, of Waterloo, swore they were offered \$5 each by two men named Wylie and Bruce to vote for Brethaupt, the Liberal. Wylie and Bruce went into the box and denied this.

John Schmidt and Richard Hartman also swore to be offered \$5 each by one Cormack, to vote for Brethaupt. The court adjourned.

Big Raise in Ocean Freight Rates Is the Result.

Montreal, Oct. 7.—The Elder-Dempster steamers, which have been requisitioned by the imperial government are the Montezuma and the Prah. Both steamers run on the New Orleans route, so that the war business will not affect the company's St. Lawrence trade. One vessel will sail for the Transvaal from the Clyde and the other from Malta.

New York, Oct. 7.—A special to the Herald from Boston says: It was learned today that the sixty-seven transatlantic steamers have been chartered by the British admiralty to transport troops and supplies to South Africa. That the Columbia and Chicago, of the Furness Line, had been taken was confirmed today. It is also said that the Oakmore, of the Johnston Line, which leaves here tomorrow, will, upon the discharge of her cargo in London, be turned over to the government. Mr. Wyllys, the local agent of the line, has received no official advice of the charter. The steamer Nomadic, of the White Star Line, has been taken; also the Newman Line steamer Euryan, which has made two trips to Montreal.

FREIGHT RATES GO UP.

Freights have advanced nearly 50 per cent on account of the removal of so much tonnage from the Atlantic seaboard, and there is every indication of a still greater advance. Grain charters closed yesterday at 2 1/2d per bushel, and fixtures made yesterday were on a basis of 4d per bushel. The rate to Liverpool Saturday was 2 1/4d, while yesterday 3 1/2d per bushel was quoted. It is understood that some of the Elder-Dempster Line steamers, plying in the Montreal service, are among the fleet taken by the British Government.

FOR ALGOMA

Appeal for the Northern Anglican Diocese by the Bishop of Euron.

The offerings of the Anglican Church throughout the Diocese of Huron will on Sunday be devoted to the missionary diocese of Algoma. The bishop has issued the following appeal: "To the Laity of the Diocese of Huron—Greeting:—

"Dear Brethren,—The annual appeal for the Diocese of Algoma is appointed for Oct. 8, the nineteenth Sunday after Trinity, and I trust will meet with a liberal and hearty response. As you are well aware, Algoma is not an independent diocese, with a synodical action of its own, but rather a special missionary field set apart as a diocese by the ecclesiastical province of Canada, A. D. 1873. As being therefore the creation of the provincial synod, it has, undoubtedly the first claim on our funds, and should receive not only our prayerful sympathy but our material and adequate support. The area of the diocese, including vast districts utterly unsuitable for agricultural purposes, is immense, being 200 miles in length, and from 150 to 200 miles in width. The church population is placed by the last census at 16,434; but the rural-decennial reports only 7,585; clergy, 33; churches, 52 Sunday schools, 52. The total offerings of the diocese for two years up to A. D. 1898 were \$33,483.64. This sum includes stipends of missionaries, current parochial expenses, church and parsonage building, domestic and foreign missions, and other objects.

It is for this struggling but growing diocese we now ask your brotherly sympathy and liberal aid. Blessed as you have all been by the liberal hand of God, dowered with so many rich and precious gifts, I am sure it will become us all to be thankful, and feeling confident of this, I now commend the Diocese of Algoma with all its financial cares and many responsibilities to your general and loving support. Your brother in Christ, MAURICE S. HURON.
