## EARLY END OF COAL STRIKE IS CONFIDENTLY PREDICTED

Mayor Ashbridge, of Philadelphia, Convinced That Work Will Be Resumed Before October 9.

Talk of Coal Famine a Scare, Says Baer.

PLENTY BEFORE COLD WEATHER

Conference at the Temporary White House—The Strike Leaders in Consultation.

Philadelphia, Pa., Sept. 30.—Mayor Ashbridge declined today to comply with the request of Mayor Maybury, of Detroit, to appoint a delegation of citizens to attend a conference to be held there on Oct. 9 to devise means for obtaining a reasonable coal supply from the mining regions of Pennsylvania, and West Virginia. The mayor's reply follows:

"Governor of Commonwealth, clerical and citizens are actively working for settlement of strike in anthracite coal fields in this state. My judgment is that the differences will be adjusted and work resumed before date of conference named."

Mayor Ashbridge contracted today with President Baer, of the Reading Company, for 50 tons of coal daily, before the strike.

Further discussed, but the participants refused to make any statement when they came from the President's room.

The principal subject under consideration at both conferences was the power of the President to interfere in any way with the coal strike. It is stated that no matter how much interested the administration may be in ending the strike, it does not seem to have any power to act in the premises. The legal advisers of the President told him they could find no warrant in the constitution for federal interference. The only way by which there could be federal interference would be at the request of Gov. Stone, of Pennsylvania, and it was stated that he is not likely to ask for federal troops because he has not yet called out the entire militia force in his state.

The matter of federal interference by the appointment of receivers for the coal companies was also discussed, but the President was not informed that there was nothing in the constitution or any law to warrant such action.

## MINERS' LEADERS CONFER.

Wilkesbarre, Pa., Sept. 30.—President Mitchell and District Presidents Nicholas, Fahey and Duffy conferred at strike headquarters today, but nothing could be learned about their deliberations. Mr. Mitchell was as reticent as ever regarding his visit to Philadelphia. The miners' leaders appeared to be in buoyant spirits, however, and the belief is growing that a crisis of some kind is at hand.
