is truly a "musical star," that has been in the ascendancy for over half a century. Its triumphs are the result of merit. This piano pleases the artist, delights the musician and satisfies the critics. The tone is wonderfully brilliant and complete in power and range. The action is so exact that it will express the finest tone shading. With this piano the musician can interpret the most difficult music in a triumphantly successful manner, because the instrument is equal to any call that may be made on it by the most talented pianist.
