## UNDER MOUNT ROYAL

Sir Donald Mann Personally Superintending Work at Montreal.

Montreal, July 25. — Sir Donald Mann is in Montreal, personally superintending the operations in connection with the boring of the tunnel under the mountain for the entrance of the Canadian Northern into Montreal.

Sir Donald expects that the line which the company is building between Ottawa and Toronto will be opened late in the fall, and as a measure preparatory to this Mr. Hanna, the vice-president and general manager, has just completed arrangements for the opening of a fast freight service between Montreal and Ottawa, with a view of extending it to Toronto. The company has also established its own cartage company in Ottawa to collect and deliver freight.

Subscribers to The Advertiser who want their paper sent out of town for the holidays can notify office by card, or phone 3670. In asking to have paper changed, give old as well as new address, and if possible state when you want paper returned to city address. Subscribers not on our office delivery are requested to pay in advance, thereby saving us the annoyance of charging and collecting small accounts. Circulation Department.

Miss Campbell Improving.

Word was received here today that Miss May Campbell, 289 Mainland Street, who was injured on Tuesday in Detroit by being run over by an automobile during the motor parade at the Cadillac, is improving in Harper Hospital.

A Private Meeting.

There was a private session of the special committee named by the city council recently to discuss the question of annexing the suburbs, Ealing and Pottersburg, yesterday afternoon. Ald. Spittal, the chairman, presided. The question was gone into informally, but no decision was arrived at. The committee will meet representatives from the suburbs on Friday to discuss the whole question.

Miss Govenlock Farewelled.

Previous to her departure to enter the missionary field in Japan, Miss Isabel Govenlock, was tendered a farewell reception in the Askin Street Methodist. Mrs. J. A. Coates presided and addresses were given by Mrs. Gordon Wright and Mrs. (Rev.) D. N. McGamus, on behalf of the W. M. S. The society presented Miss Govenlock with a life membership in the society by Mrs. (Rev.) W. H. Harvey, and a life membership in the Mission Circle by Mrs. J. A. Childs. The departing missionary was also the recipient of a handsome club bag from her friends. She departs for her new field of labor on Aug. 8.

## WINGHAM ASSAULT

## PROVED EXPENSIVE

Men Who Assaulted a Morris Township Boy Paid Very Heavy Costs.

[Special to The Advertiser.]

Wingham, July 25.—The assault charge which was laid in connection with an attack made recently on a young man named Nichol, residing on concession 1, Morris Township, has been settled before Magistrate Morton, on consent, that the three men accused, Connors, Workman and Cransey, pay the costs of the case, amounting to \$24, and Nichol's doctor bill.

Provincial Constable George Philip, who has been handling the case, reported the matter to Inspector Johnson, with the result that Mr. McDonald, the Brussels hotelkeeper, who sold the men the liquor appeared before the magistrate in Clinton yesterday and was fined \$24.30.

Work on the town hall has started. The wooden steps are being replaced by cement. The interior is also to be renovated and painted.

Dr. J. P. Kennedy states that his patient, Mr. E. Reteman, who was hurt in an accident in the Western Foundry, is doing nicely.

Miss Florence Pender is the guest of her sister, Mrs. Jinks, of Buffalo.

## TALKED ANNEXATION

Committees of Suburban Ratepayers Met on Wednesday Night.

A meeting of the committee appointed to represent the ratepayers of Pottersburg and Ealing in the annexation negotiations with the city was held Wednesday night in the Hamilton road schoolhouse. All the members of both committees were present, and the outline of the proposed agreement was discussed, so that the members would be fully conversant with the proposition when they meet the special committee of the city council on Friday evening. As no definite proposition has been offered the two committees, the discussion was only general.

Those who will meet the special city committee are: Rev. W. L. Steeves, E. E. Finch, Walter Gould, Richard H. Sanders, J. Homister and ex-Ald. Henry Pocock, from Ealing; George Angus, M. J. Morrison, Geo. Cairncross, R. Orr, George Reaveley, and George Hanev, from Pottersburg.

## BACK TO WORK.

New Bedford, Mass., July 25.—The Industrial Workers of the World, who went on strike a week ago Monday in sympathy with the weavers and loom fixers of the textile council, who are seeking to enforce the abolition of the grading system of payment, voted last night to return to work.

## TO REORGANIZE MEDICAL FACULTY

Physicians of City Are Being Invited to Join By the Western University.

DR. H. W. HILL WORKING

Teaching Staff Will Not Embrace Men Over 55, But An Advisory Board Will Include These.

The medical faculty of the Western University will be reorganized, as the result of a meeting of physicians on Monday night, and a circular is being issued today, asking the co-operation of all the medical men in the city in accomplishing this end.

The work is divided into various departments, such as chemistry and physics, biology and comparative anatomy, anatomy, embryology and histology, physiology and biochemistry, pathology, parasitology, and bacteriology, medicine, and clinical medicine, surgery, clinical surgery, and orthopedics, gynaecology and obstetrics, therapeutics, pharmacology, toxicology, and materia medica, pediatrics, eye, ear, nose and throat, psychiatry, legal medicine and medical jurisprudence, hygiene, preventive medicine and public health.

The circular asks the physicians of London to join the staff. They are also invited to state the branch they would like to teach, and forward their applications at once to Dr. H. W. Hill, head of the Hygienic Institute.

At the head of each department will be a professor, and his assistants will be properly designated. It will require from 10 to 60 men to properly equip all the departments.

Each department head will be responsible for the organization of his department, and its instruction afterwards. He will have a place on the faculty, and will be consulted at all times on matters touching his section. The teachers will not be paid for their services during the first three years of their term. The appointments will not be permanent.

Physicians who have already taught medicine, and having determined that their forte does not lie in that direction, have already resigned teaching positions for that reason, and are requested to assume teaching capacities again—not will physicians over 55 years of age, who have had no teaching experience at all, be asked to assume active duties on the staff.

But in order that the experience, advice and co-operation of all the London profession may be made available for the success of the whole, physicians over 55, who have had teaching experience in the past or not, are invited to join the advisory council of the medical faculty. To this council will be added all the members of the teaching staff past, present or future, and it is expected that the council will be composed of those who have not had teaching experience. It is proposed that this body, although self-governing, should, with the medical faculty at its regular meetings, and be prepared to give advice and counsel there.

Already a number of physicians have taken a deep interest in the matter, and it is expected that no difficulty will be encountered in filling all the places on the faculty.

Dr. Hill is meeting with much encouragement in his work.

## MAY ISSUE DEBENTURES

Water Commissioners May Do So to Pay for Parks Improvements.

Five-year debentures will probably be issued by the water commissioners to cover the cost of the new road at Springbank, and the ornamental lighting system being installed there.

No estimates of the cost of the improvements have been prepared as yet, and it was decided to have them presented.

Commissioner Marr and others were of the opinion that it would be better to issue debentures for the work. It would not be possible to pay the whole cost out of the current revenue. The cost of the improvements would be about \$1,600 per annum.

Superintendent Diller submitted plans for an ornamental entrance to Victoria Park, but the commissioners laid that matter over until the next meeting.

## PASTOR'S SALARY RAISED

Askin Street Church Appreciates Rev. W. H. Harvey.

At a meeting of the official board of Askin Street Methodist Church last night, it was decided to raise the salary of the pastor, Rev. W. H. Harvey, by the sum of \$100. His remuneration will now be \$1,600 per annum.

Messrs. Wm. Copp, Wm. West, J. H. Maine, H. Kilbourn, and John Dunkin were appointed delegates for the church to the financial district meeting.

A committee was appointed to consider the advisability of holding evangelistic services. If a campaign is to be held it will probably take in the autumn.

## NEW PERIL FOR CHINA

Move to Make President Yuan a Military Dictator.

[Canadian Press.]

Peking, China, July 25.—The military commanders in Peking held a meeting today at which they resolved to urge President Yuan-Shi-Kai to insist that the assembly approve his selection of members of the cabinet. Otherwise the commanders declare they will assume control of affairs personally. This action tends toward a personal dictatorship of Yuan-Shi-Kai, supported by the military, which has been expected for some time.

## Handsome New Sample Rooms

Ald. Hubert Ashplant has commenced work upon his handsome new sample rooms building, which is to be erected on Carling street, at the rear of the Ashplant shoe stores. The sample rooms will be a credit to the city, and will do much to attract travellers to London. There will be every modern convenience in each room, including running water, electric light and gas. No expense is being avoided in order to make the rooms attractive and comfortable. The building, which will be 33 feet 6 inches by 75 feet, and four stories in height, will embrace at once 36 sample rooms, with room for twenty more when necessary. The location of the rooms is very convenient for travellers and their customers, being in the heart of the business district, only one short block from Dundas street, and between Richmond and Talbot streets.

no defect in the derrick, and as it was practically new no specialist had been called to examine into its fitness. The derrick had been warranted to lift 1½ tons, whereas the stone lifted was only 600 pounds.

## MACHINERY IS SAID TO HAVE BEEN FAULTY

Jury Brings in Verdict Regarding the Death of Walter Toll.

"That the deceased, Walter Toll, came to his death on Friday last from injuries sustained at the Molsons Bank building by being struck by a boom used in hoisting a stone by means of a crane to the walls of the building."

Such was the verdict of the jury last night empaneled by Coroner Dr. Robt. Ferguson, to inquire into the death of Walter Toll, a workman, who lost his life while at work on the Molsons Bank building on Dundas street last Friday afternoon.

Chris. Anderson, of 480 Charlotte street, a carpenter, employed on the building, was the first witness. At the time of the accident he was standing about twelve feet from the building and a short distance from the deceased. He saw the crane descending, but did not know what Toll was doing at the time, nor knew that he had been hurt until he saw him being brought down the steps.

Alfred Corbett, 236 Grey street, testified that he saw the boom of the crane fall and strike a man on the head.

Full instructions.

Clement Cross, 114 Wellington road, the operator of the derrick stated that he had been employed in that position for a period of three weeks. He had had full instructions from his employers how to run it before he had assumed charge. Witness testified that there had been no mishap previous to the fatal accident, and that the heaviest stone which had been lifted by the boom would be 1,000 pounds, while the one being lifted at the time of the accident was about 600 pounds. The stone had been raised from the ground to the scaffolding of the first floor, after which he had received the signal to raise the boom. He then put the boom out of gear. Later he followed another signal swinging it into position. While in the performance of this order, and when the stone was about in position he heard a crack in the derrick. He immediately being lifted at the time. With the handle still in his hands he saw the boom fall and the stone released at the same instant.

Mr. Mitchell's Evidence.

Ex-Ald. F. G. Mitchell was the next witness on the stand. Mr. Mitchell, who is a machinist of 30 years' experience, made an examination of the crane on Monday last. The trouble had originated by a rupture taking place in the boom gear in which the dog had been operated. The gear itself had several suetted. An interval where the teeth were still undamaged, and then followed more broken teeth. The nose of the dog had been lifted at the time of the accident, but if a small projection pin had been seen no flaw in the boom or cable, but if a small projection pin had been seen the accident would have been probably averted.

The Accident.

Robert Hard, 542 Adelaide street, had assisted in attaching the stone which fell to the cable. He had given the signal to raise the stone, which was done. When the boom fell he had been standing close to Toll and had both hands on the stone at the time.

Mr. Frank Hayman, contractor, of the firm of Hayman & Son, was the last witness. He had been on the premises at the time of the accident. He knew of
