tality, beauty, order, harmony, health joy, peace, purity, perfection. ADJUDGE BRITISH Man is Spiritual. The Scriptures tell us in the first chapter of Genesis that man was created in the image and after the likeness of God. A true likeness is that which perfectly expresses its original. If, therefore, man is created in the likeness of God, he must be exactly like his creator. If God is Spirit, man, in His likeness, must be spiritual. If God is Truth, man, as the image of God, must be truthful, honest, sincere. If God is Love, man, in his true nature, must be loving, gentle, kind, compassionate. If God is Life, man must be, and is the living image of life. This man, the true man, the only real man, Man is Spiritual. LORD BANKRUPT

ease which occupies the attention of so many people so much of the time. In the treatment of disease, knowledge of

the unreal nature of matter helps one to see that pain and suffering are not nditions of matter but of thought.

To know this is to take the first step in the direction of the permanent eradication of disease. If, as Mrs. Eddy gence in matter, it is obvious that matsays, there is no sensation nor intelli-ter cannot be sick or in pain, and that if there seems to be a sense of pain or illness, it must be in thought, and not cerned, the futility of treating thought in the body. This fact having been disconditions, or mental states, with ma-

terial remedies becomes evident. How impossible it would be to remove an erroneous mental condition by the use of drugs, mineral water, mud baths, or even by means of a surgical operation. Yet every day adds to the list of men-tal causes for disease admitted by physicians. Among the mental causes for sickness that have been recognized by physicians are fear, worry, hatred and anger. To these Christian Scientists would add envy, jealousy, greed, dis-

honesty and all flagrant and subtle

Fear Is Ignorance

Chief among the mental causes for disease is fear. Fear is mankind's worst foe. Consideration of some of the many things of which people are afraid will convince you of this fact. They are afraid of food, of climate, of cerms, of criticism, of failure, of pov-

germs, of criticism, of faffure, of pov-erty, of disease, of death. Many other

phases of fear, too numerous to men-tion, are familiar to all of us. And it may be said that sometimes we just

fear "fear."

Christian Science removes fear by first removing the ignorance which causes fear. A really intelligent or truly enlightened individual could not possibly be afraid. True spiritual enlightenment shows that God, infinite good, is the only real presence and power, and destroys the ignorant be-

good, is the only real presence and power, and destroys the ignorant belief in an opposing power called evil. It is impossible for one who is really enlightened to believe that divine Love,

enlightened to believe that divine Love, the only creator, would create man in his image and then make evi! conditions to frighten and overpower him. The universe of Mind, Spirit Includes only those ideas that express Love. It does not include anything that man could fear. This universe of God is

the only real universe. There is noth-ing in it of which man could be afraid; hence fear has no real basis, and, ab-

The process employed by Christian Scientists in overcoming fear is the same as that used by them in destroy-

ing all discordant, sinful and errone-ous beliefs of the human mind. It is a process of education, or spiritual enlightenment, which substitutes as consciousness, right or true ideas for

wrong beliefs. This process is a liberating one, and, eventually, it will bring complete freedom from all ills. Jesus said: "If ye continue in my word,

then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free"—free from ignorance, superstition, fear, and sin-free from the false, material beliefs, or man-made laws which seem to hold

Mrs. Eddy's Leadership.

After Mrs. Eddy discovered this science of Christian healing, she de-

monstrated its truth in many wonderful instances of healing through spiritual power alone. She then wrote and

She founded the Mother Church, the First Church of Christ, Scientist, in Boston, which Includes all the activities of this world-wide movement, and of which all other Christian Science Churches are branches. She provided this church with a manual of bylaws, which, she says, if followed in letter and spirit, will prove adequate to guide

The thought to which I refer is this: There is a power always available to you that is greater than any human power, bigger than any person or set of persons, superior to any circumstance or combination of circumstances. This power is the law of

You need not wait for it to become operative, for it is always operating. You can rest in the assurance that this law of divine principle will turn and overturn, adjust and readjust, until the conscious harmony of your being is
