Life and Character Reading. JUNE 19.

The governing sign of this birthdate is Gemini, the sign of the Twins, and the sign which accounts for the dual personality which most people of this date possess.

These people are happy and unhappy, in love and not in love, warm and cold, wish to study and wish to play, in fact, they are a contradication of themselves. These results do not do not do not all as high as contradication of themserves people do not fly quite as high as other people of the Air Triplicity because they find that the Twins cannot agree on the same destina-

tion. The governing planet of this birthdate is Mercury, the winged messenger, and the birthstone is a Beryl. The astral colors are red, blue and white.

These people are very fond of the arts and sciences, are great readers and talkers, and very quick to see a point in a story or joke.
