

LIQUOR CAR IS ROBBED AS GUARD GETS LUNCH

Thirty Cases Stolen From
Stalled G. T. R. Freight in
Chatham Yards.

GOING TO WEST INDIES

Officer Returns To Find Motor
Truck Drive Off With
Shipment.

Special to The Advertiser.
Chatham, Jan. 18.—Some time during the early hours of yesterday thieves broke into a freight car on the Grand Trunk lines in this city and stole 34 cases of liquor. The car had been attached to a fast eastbound freight, but had to be left on a siding on account of a hotbox. Up to a late hour this afternoon no clues had been discovered which might lead to the identity of the persons who staged the apparently well-timed and daring robbery.

The car of liquor was consigned to the West Indies via Halifax. The freight train to which it was attached does not usually stop here, but goes from Walkerville to London without a stop.

An officer was in charge of the liquor shipment, and when he found he would be in Chatham for some time he went to the nearest telephone to order a lunch. Returning to the car, he saw a man in the act of carrying away a case of liquor. Arriving at the car he saw a truck being driven north on West street at a high rate of speed. The city police are assisting the Grand Trunk police, who are holding an investigation into the matter.

FREQUENT HEADACHES

A Sure Sign the Blood Is Watery
and Impure.

People with thin blood are more subject to headaches than full-blooded persons and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbances of the digestive organs. Whenever you have constant or recurring headaches, or a dull, aching pain in the head, or a feeling of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair complexion, with Dr. Williams' Pink Pills will do this and the rich red blood made by these pills banishes the headache. More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished, and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition the trouble will disappear. There are many people who owe their present state of good health to Dr. Williams' Pink Pills and most of them do not hesitate to say so. If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve. You can get the pills through any dealer in medicine, or by mail, at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.—Adv't.

HUSBAND DIDN'T DARE LEAVE HER ALONE HEART WAS SO BAD

Those feelings of faintness, those dizzy spells, the all-gone sinking sensations which come on from time to time, indicate a weakened condition of the heart, and a disordered state of the nerves.

Milburn's Heart and Nerve Pills

have no equal as a remedy to strengthen the heart, invigorate the nerves, and build up the run-down system. Mrs. C. Vanhorn, Eckville, Alta., writes: "About a year ago I had heart trouble. My husband didn't dare leave me alone, and often had to stay up at night with me. I would just feel kind of faint and my heart would seem to stop beating. I would just faint away, and it would sometimes be an hour before they could bring me back to life. Someone told me about Milburn's Heart and Nerve Pills. I got three boxes; I took them and felt much better, so continued all winter, and now I never feel any such faintness. I surely do appreciate the good they have done for me."

Price 50c a box at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.
