MISS POWER SPEAKS

Congratulates On Splendid Results With Small Budget-Col. Gartshore President.

The supreme importance of placing greater emphasis on pre-natal clinics and pre-natal care if the infant death rate in the city, province and throughout the world is to be satisfactorily reduced, was the note in-sistently sounded at the annual meeting of the London Child Welfare Asclation, held in the Y. M. C. A. yesterday afternoon.

Miss Mary Power, chief of the child welfare division of the Provincial Department of Health, who had a prominent part in initiating the child welfare movement in London six years ago, made this the burden of her message in the close of her address, a prominent feature of the af-ternoon's program. of Sickness

Almost Always Due to Weak and Impoverished Blood. Apart from accident or sickness due arises from accident of sickness due to infection, almost all ill-health arises from one or two reasons. The mistake that people make is in not realizing that both of these have the

same cause at the root—namely, poor blood. Either bloodlessness or some other trouble of the nerves will be found to be the reason for almost every ailment. If you are pale, suffering from headaches, or breathless ness, with palpitation of the heart, poor appetite and weak digestion, the cause is almost always poor blood. if you have nervous headache, neuralgia, sciatica and other nerve pains the cause is exhausted nerves.
