The five mile road races instituted
by Manager Dimock were successfully
carried out yesterday afternoon. A
large number of spectators were pre-
sent and much enthusiasm prevailed.
The list of entries was not as large
as it should have been, but this was
no doubt due to some making plans
to spend the day out of town.

ARBITRATION FINISHED THEIR DUTIES ON SATURDAY AFTERNOON

Award With Draft Attached is Now at Bank--Rumor
Says The Amount Is About
\$700.00.

WHAT THE TOWN PAYS.

After spending four days hearing
evidence and arguments of counsel the
arbitrators completed their public ses-
sions Friday night.

On Saturday they met in private
and discussed the evidence, making
their award which, as is usual, was at-
tached to a draft for the amount of
the award and the arbitrators' ex-
penses and deposited at the bank.

It is rumored that the amount of
the award is \$700 and that Mr. Duncan
will be obliged out of this to pay his
lawyers.

The Town will be obliged to pay the
award, the arbitrators and its law-
yers, which will be in the vicinity of
\$2,000.

Mr. Duncan's legal expenses in
connection with this case are not less
than \$400, as Mr. Powell was en-
gaged and spent six days on it. Then
A. T. LeBlanc has been working for
some time on the case.

If the award is as rumored Mr.
Duncan will have less than \$100 for
his land, but he has no doubt the
satisfaction of saddling a big bill on
the ratenayers of the town, of which
he, with others, will have to contrib-
ute. He also loses the right of any
value this piece of land, which he con-
tended was of so much value to him.
If he had not listened to the advice
of mischievous makers, and placed a fair
value on the ground, he would have
been much the better off, and the
town would have been saved a consid-
erable amount.

The case is undoubtedly a victory
for the town, and in future holders of
land required will think twice before
going into arbitration proceedings.
