DOES MONEY EVAPORATE?

Money spent on medicinal preparations often does! In this way—You buy a preparation, use perhaps a third of it, and put the remainder on the shelf. When next you need it—only to find it "evaporated."

Just there is where Zam-Buk is so different—so superior! Zam-Buk is not only 100 per cent. medicine, but, owing to its freedom from animal fat, it never becomes rancid, but will keep indefinitely. Buy a box today, use what you require, put the remainder away, and when you have occasion to use it again, you will find its healing, soothing and germ-destriving powers just as effective as the day you bought the box.

Zam-Buk stops bleeding, ends pain, draws out swimmers and prevents blood-poisoning in cuts, burns and scalds. Without equal as a remedy for eczema, sore, piles, skin and blood-poisoning. 50c. box.

DALHOUSIE.
Dalhousie, Nov. 11.—This is Armistice Day. Just a year ago the whole world breathed with relief that civilization had been saved. Flags are flying here, and at eleven o'clock, business was suspended in many places for two minutes, and prayers were offered for the brave boys who died, that we may live. The stores closed at six o'clock for the occasion. Two popular young girls sold tags during the day for the benefit of the G.W.V.A. of the shiretown, and were well received by all.

This evening the informal dance organized by the G.W.V.A. is to take place. Everything points to the affair being a great success.

The call that has been made by Premier Foster, of New Brunswick, to raise funds for the Sir Wilfrid Laurier Memorial Fund, is being answered in the shiretown and parish of Dalhousie. A subscription list is open in the office of The Dalhousie Mercantile Co., and already several citizens have contributed. People of both sides of politics should subscribe to this fund. It is due mostly to the great patriotism and impartial career of the late statesman, if splendid prospects exist to-day, so that the two great races will live in harmony in this Canada of ours, and will work side by side to develop the great heritage handed down to us by a good Providence. History repeats itself today. Speaking in Montreal after his trip across Canada the Prince of Wales said: "I have no hesitation in saying that the success of the new Canadian nation as in Great Britain will be assured by liberty of speech, liberty of language and respect for one another." The Montreal Star puts forward the suggestion that the words should be included in the text books for the use of children throughout the country.

On Friday evening Mrs. L. D. Jones

entertained her lady friends to a most enjoyable sewing party in her cosy little home on Adelaide St. Dainty refreshments were served during the evening. Those present were: Mrs. W. S. Montgomery, Mrs. C. H. LaBelle, Mrs. W. W. Seiber, Mrs. D. McDonald, Mrs. James E. Stewart, Mrs. Andrew Barberie, Mrs. Ed. Shirley, Mrs. Clifford Shirley, Mrs. McFarlane, Mrs. Walsh, Mrs. Charles Little, Mrs. C. Cook, Mrs. H. Windsor, Mrs. N. C. McKay, Campbellton, Miss Annie Cameron, Miss Emma Harcourt, Miss Jessie McLean, Charles, Mrs. James Wall, Campbellton, is visiting her parents Mr. and Mrs. John B. Delaney.

Mr. and Mrs. Clifford Shirley made a flying trip to Montreal recently. Mr. and Mrs. W. A. R. Craig, Mrs. W. A. Mott, Mrs. LaBelle, and Albert C. LaBelle, motor to Campbellton on Monday, and took in the play "All of a Sudden Penny" at the Opera House.

Mr. Wright, Shamovale, and Ex-Councillor Ed. Berns, of Upper Balmuccy, intend leaving this week for Boston. Mr. Wright will visit his daughter Mrs. Campbell, and a young daughter will return home with him. Mr. Bernard will be the guest of his brother Alex. Bernard, who has been residing in Boston for over six years.

Albert C. LaBelle, who has been in Dalhousie since he got his discharge from the militia, will leave on Thursday's limited for Montreal, where he is to occupy a splendid position with a large wholesale firm.

Mr. L. LaCasse and family of Campbellton, came in town on Sunday, the guests of their friends, Mrs. Giguere and the Misses Giguere.

Mr. Gullant, Rogersville, N. B., was in Dalhousie on Sunday, the guest of Mr. and Mrs. S. Blanchard.

Dalhousie, notwithstanding that it possesses the Star Theatre and several halls, such as the Masonic, Covert and St. Mary's as well as the C.M.B. A. and the Mechanics, is to have another, if one can believe reports. In fact it is about decided that our enterprising citizen, Mr. Wm. Gallant, proprietor of the large rink, contemplates making such changes shortly to the building, as will provide a hall, that will accommodate at least 500 people comfortably, without interfering the skating and curling spaces already established. Mr. Gallant should be encouraged in his progressive plans as this change is much needed.

Mrs. D. B. Delaney, formerly Miss Yvonne Sanson has gone to Campbellton to reside. Her husband one of the heroes of the great war, is an experienced railroad official, with headquarters in Montreal. Mr. Delaney will be missed by a large circle of friends in the shiretown. Dalhousie's loss will be Campbellton's gain.

Mrs. S. L. T. Clifford and little daughter Marion, have returned from Calgary. Mrs. Clifford is much improved in health.

SHE BELIEVES IT SAVED HER LIFE

Mrs. O'Brien Didn't Have A Single Well Day in Five Years—Tanlac Restores Her To Health.

"I actually believe this Tanlac has saved my life," is the remarkable statement of Mrs. Grace O'Brien, who resides at 18 June Street, Halifax, Nova Scotia, Canada.

"I hadn't seen a well day in five years until I took 'Tanlac,' she continued. "The agonies I suffered from stomach trouble made me almost wish I was dead many a time. In all those long years of suffering, I hadn't known what it was to enjoy a meal, and have gone for days at a time without touching real food, because I was afraid of the pain that I knew it would bring me. Even a piece of dry toast would upset me so that I would be in misery for hours, and when I tried liquid foods, it would sour on my stomach. When I would try to eat, my food would feel like a rock in my stomach, and would sour and firm gas that rose up in my throat and almost cut off my breathing. Pains all through the pit of my stomach sometimes kept me awake at night walking the floor and I finally got to the place where I was weak and nervous and run down that I couldn't even dress myself. When I try to dress in the morning, I have would be so weak that I couldn't stand on my feet. If it hadn't been for my two daughters I don't know where I would have done, as they had to take care of me and the house too."

"The first bottle of Tanlac didn't seem to make much improvement in my condition, for I had suffered so long that my troubles were hard to reach. I began to feel like getting after the second bottle and as soon as I could eat and digest my food I felt myself getting stronger. I kept on until I have now taken four bottles and it is remarkable how I have improved. The pains through my stomach have disappeared."

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. This Is Better Than Laxatives

One Box Will Cure Each Night For A Week Will Cure Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poor nourished body and low vitality. Poor elimination means sluggish bowels, constipation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, salivary complications, skin diseases, and often times serious illness.

Ordinary laxatives, purges and cathartics—bitter, disordered and low vitality. Poor elimination means sluggish bowels, constipation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

BEAVER FLOUR

Requires Less Shortening

And it makes lighter, flakier Pie Crusts, Tarts, Doughnuts and Cookies than you ever got with Western Spring Wheat Flour.

"Beaver" Flour is milled of blended wheat. It contains Ontario Fall Wheat (most for pastry making) blended with Western Spring Wheat to add strength.

You save shortening when you get "Beaver" Flour, that is always the same in quality and strength—when you use "Beaver" Flour, the only kind of flour that is equally good for Bread and Pastry.

Field, Stream and Road

How strange the old-time pictures of sport would look today—baseball teams looting at least half-dozen sets of whiskers—full bearded cricketers—champions of the scull with their chins concealed.

Today the athlete knows the importance of the well-shaven chin. He is conscious that he is most keen when he is well-groomed—just as is the business man and the soldier.

For men who love outdoor life and sports, men of virile minds and active bodies, we have designed a Gillette Safety Razor with an extra stocky handle—the "Bulldog" Gillette, shown to the left.

Not that the Gillette needs a sturdy grasp. A light touch, with the angle stroke, removes the most stubborn beard with surprising comfort.

But there is a certain appeal in the thicker handle of the "Bulldog." Ask to see this special set and appreciate the point for yourself.

The case, you will notice, is almost as compact as the famous Pocket Edition Gillette, and the price is the same, \$5.00. Sold by all dealers catering to men's needs.
