THIRTEENTH YEAR.

A CRIME AT COLLINGWOOD.

JENNIE WOYCH SUPPOSED TO BE A KILLER.

Charged With Killing Her Mother and Child With an Ax Handle Because She Wanted to Marry "Jim"—Her Brother Tells the Story of the Crime in a Strange Way.

COLLINGWOOD, Ont., Feb. 23.—This morning Chief of Police Lewis brought to town the dead bodies of an aged woman and a child, both supposed to have been murdered by Jennie Woych, daughter of the former and mother of the latter.

The alleged crime was committed on Thursday night at a place near Collingwood. Both the victims were beaten to death, and then an attempt was made by the accused to burn their bodies and so destroy all traces of the crime.

John Woych, brother of the accused, tells the story of the crime: "I went on Thursday night and saw my sister strike my mother on the head with the ax handle. I saw my sister kill the baby with the ax handle. She had no reason for it. She said there was a young fellow named Jim said he would marry her if she got rid of her mother and the baby.

"Jim's father used to run a mill. Jennie made me help to burn my mother and the child. She said she would do anything I wanted. I was afraid. I got a pig's head when I was in town. Jennie got papers and tried to burn the bodies.

"Mother's toes and feet are all puffed, like frozen. We buried her in the town hall. The track in the house. We put the baby under the floor."

John became a little mixed and said afterwards his mother was dead when he got home, and that it was Friday the murder occurred; but he corrected himself on this point and volunteered the information that he had seen the reporter in Foreman's store on Thursday.

He added that his sister took the train for Meaford on Friday morning and said she would be back on Saturday. He did not know where she went, nor could he tell the names of parties whom she would be likely to go to.

Dr. A. R. Stephen, coroner, will hold an inquest here to-morrow in the town hall at 9 o'clock. There is a great deal of popular feeling over the crime, and crowds of people viewed the bodies of the dead to-day.

TRAGEDY IN ATLANTA.

One Girl Shot While Trying to Kill Her Sister—Other Killed—Two Others Seriously Wounded—Suspects Sent to Reformatory.

ATLANTA, Ga., Feb. 23.—This afternoon Miss Julia Ford, 28 years of age, shot and killed her two sisters, Florence, 29 years old, and Minnie, 25 years old. She then walked to the police station and gave her name, saying she was the woman who shot and desired protection. This was the first knowledge of the murder.

It is believed the woman is insane. She has been considered irresponsible at times and had frequently threatened to kill members of her family. She was for a year being written out and a statement of the family troubles and has just completed it.

To-day when her mother was absent from the house she sent the servants out on errands, then going to the room where her sister Florence lay sick in bed, she placed a pistol to her right temple and shot her dead. Then going to the kitchen, where her other sister was, she shot her in the same manner. None of the neighbors heard the shots.

Miss Ford then calmly locked the door and went to the police station as described. The bodies of the women were found by a brother, to whom she had written, and to the effect that her sister Florence was worse. In response he went home and found the bodies of his dead sisters.

Reverend Mr. H. M. Turner, pastor of the First Baptist church, here, had here last night destroyed the four mill and one storehouse of N. Winger & Bros. The fire started about 8.20 in the evening, in the storehouse in which a chandelier of 400 lbs. and other strenuous efforts were made by the villagers to save the mill, which stood about 40 feet distant, owing to absence of fire protection, they were unable to do so.

The mill, which had a capacity of about 200 barrels per day, was a fine structure, well equipped with mill north of Guelph, and was full of wheat and flour. The loss is heavy, being in the neighborhood of \$40,000, on which there is an insurance of \$18,000.

Interesting It True. CHICAGO, Feb. 23.—The Legislative Committee investigating the sweat shops of Chicago secured yesterday what they regard as the most important testimony yet given. It was to the effect that clothing made in the New York State Prison at Sing Sing was handled by nearly every wholesale clothing firm in Chicago. These goods are the very cheapest quality, and it is competition with them that has reduced wages in Chicago sweat shops to the present starvation level. This discovery will lead to the introduction of a resolution in the Legislature calling on Congress to restrict the sale of convict-made clothing to the state in which it is manufactured.

Hockey in Montreal. MONTREAL, Feb. 23.—The Quebec hockey team defeated the Montreal team for the intermediate championship Saturday night by 3 goals to 2.

The Rebels of Ottawa played the Royal Scots here Saturday also. The victors won by 10 goals to 3.

Thrown From His Car. WILMINGTON, Del., Feb. 23.—A young man, William Cragg, 196 Clinton street, was thrown out of his cutter on Saturday evening at the corner of College street and Dovercourt-road. He was found in an unconscious condition by a street car conductor, who notified the police. He was taken home and is now doing well.

He is Defeated by Commander D'Hanis With Heavy Loss—The Campaign Against the Slave Trade.

BURBLES, Feb. 23.—The office for affairs of the Congo State has received dispatches to the effect that Commander D'Hanis has defeated a horde of Arab slave traders under Tippu Tib's son, and has captured 200 prisoners and 600 rifles. The fight took place near Sulu on the Lovani River. During recent skirmishes between the Europeans and the Arabs, D'Hanis, formerly a resident of Kasongo, and Lieut. De Bruyn were killed.

His Holiness is Receiving Many Pilgrims From All Parts.

ROME, Feb. 23.—The Pope is much better of his cold and this morning said mass in St. Peter's Basilica. He was later received Count Riquelme-Salazar, Austrian Ambassador, who presented to him a letter of congratulation from Emperor Franz Joseph several gifts, one of them a very costly set with large diamonds.

This afternoon the Pope received the Scottish pilgrims and listened to a Latin address read in their behalf by Archbishop Macdonald.

The presentation of Peter's Pence the Pope expressed his gratitude briefly and Mr. Murray-Johnston read a formal address to the Pope on the occasion. After being blessed by the Pope the pilgrims withdrew.

Archbishop Vaughan held a large reception at the English college this evening. The most conspicuous pilgrims and Catholic residents of Rome were present.

A British Newspaper speaks. An enthusiastic paper temperance meeting was held in Temperance Hall yesterday afternoon, under the auspices of the Toronto Temperance Reformation Society. A. Spence occupied the chair. Mr. G. H. W. Smith, secretary, with the following programme: "Moderate Drinking and Prohibition." Mr. Wavell gave as his opinion that the only way to deal with intemperance was to give it a liquor traffic altogether. The service was interspersed with readings by Miss F. C. G. H. W. Smith, Mrs. R. B. and Messrs. Dalgleish, White, Walker and Dr. Rear.

At the meeting of the Canadian Institute of Statistics, held at the Hotel Windsor, Toronto, on Friday evening, the following papers were read: "Early Traders and Trade Routes," by Captain E. Cruikshank of Fort Erie, was read by Dr. George Kennedy. It was a continuation of a paper read by the same writer last year, and dealt with the history of the Canadian fur trade during the period of the American Revolution. Numerous extracts from the old journals and other unpublished documents were cited, indicating the character and extent of the fur trade.

The following announcements were made: Meeting of the Botanical section this evening at 8 o'clock, in the room of the Ontario Club, 409 Parliament street.

A Lively Runaway. A horse belonging to J. D. Chambers, the Yonge street contractor, was run away yesterday afternoon, starting from the corner of Queen and William streets. It ran for some distance along the north sidewalk of Queen street, but finally took the roadway and was stopped by Constable G. H. W. Smith at Queen-street-bridge at the Don. The horse was driven to the police station and was taken to the stable of the Ontario Club.

FIBRINISTS Getting on Ammily. At the meeting of the Fibrinists Association, held at the Hotel Windsor, Toronto, on Friday evening, the following papers were read: "The Fibrinists of the Hawaiian Islands," by Dr. J. D. Chambers, was read by Dr. George Kennedy. It was a continuation of a paper read by the same writer last year, and dealt with the history of the Hawaiian Islands.

RECTOR Alwardi out of Jail. Rector Alwardi was released from the Ptolemaeus jail yesterday, his sentence having expired. His release was made the occasion of a demonstration by the Anti-Semites. Alwardi was heartily cheered, and he declared that he was prepared to forfeit his liberty again if by so doing he could contribute to the deliverance of his Fatherland from the loathsome plague of Judaism. Alwardi took his seat in the Reichstag to-day.

In response to enquiries made at the Foreign Office as to the truth of the reports that negotiations are being conducted for a German-American commercial treaty, it was learned that no communications of any kind are proceeding. The rumors had their basis in requests sent by the Foreign Office to the different industrial centers for reports as to new exports that had been affected by the operations of the McKinley tariff. The enquiry indicates that Chancellor von Caprivi intends to sound the Cleveland Government on some commercial arrangement. While looking into this matter it was also learned that the War Office had finally decided against using maize as a regular mixture in the bread. The War Office tried 20 different kinds of maize mixture with flour, rye, etc., but none was found satisfactory.

The Centrists and the Pope. The Centrists celebrated the Pope's jubilee with the greatest enthusiasm. Prince Anton von Radzivil presiding, telegrams from Herr Bismarck, the Centrist envoy, and the Pope have endorsed the party's policy in the Reichstag making Centralist support of the Army bill dependent upon the Government permitting the recall of the Jesuits. The bill has been hanging in committee since November. The Centre party will now give a quicker movement to the proceedings with a view to a proposal for the recall of the Jesuits being acceded in the Reichstag. Hitherto the Centrists have avoided supporting the agricultural movement. It is the Government opposes the return of the Jesuits may be the result of the Centrists' unwillingly coalesce with those supporting that movement.

Gen. von Loeb, the German envoy to the Vatican, has a Catholic newspaper in his hands. He is reported to be in a state of great excitement, and is expected to return to Berlin to-day.

GERMAN FARMERS' LEAGUE.

ITS POLITICAL STRENGTH IS INCREASING DAILY.

Its Platform is the Overthrow of Caprivi, Protection to the Agricultural Interests and a Return to the Agricultural League—Blamark said to be Inletting the Agrarians—Foreign Trade.

BERLIN, Feb. 23.—Emperor William was present at an official dinner given last night by Dr. von Bismarck, Secretary of the new change of the Reichstag, and Chancellor Caprivi, in fact there has been much to indicate that the Government is inclined to make terms with the liberal parties, if such an understanding would result in the parliamentary majority so recently lost.

The Emperor's most gracious reception of the deputations from the agricultural and industrial associations of the eastern provinces, and the presence of Herr von Hayden, Minister of Agriculture, at the meeting of the congress of fiscal and agricultural reformers are regarded as symptoms of the Government's new change of policy. It is generally expected that the Emperor will be exceptionally bright toward a young recruit of good family. The young man eventually killed himself to escape the degradation to which Schmidt forced him, but not until he had had to his parents a very graphic description of the treatment which had driven him to suicide.

His parents had this letter before the Emperor, who at once ordered a special case of Schmidt to be directed attention to the significance of the statistics of mortality in the army during the last month. HE PAINTED HELL TOO WELL.

AND ONE OF HIS CONGREGATION WENT CRAZY.

It is Feared that a Woman Who Was Attending Church in Hopelessly Insane Through the Graphic Picture of Hell Given by Her Pastor—He Must Be Ashamed.

FOUR DODGES, Feb. 23.—Mr. William Wilbur of Rowan has been adjudged insane and sent to the asylum. The immediate cause of her losing her mind was a graphic picture of hell drawn in the pulpit by her pastor.

The preacher's description of the torments of the damned made such a vivid impression upon Mrs. Wilbur's mind that her reason was overthrown and it is feared that she is hopelessly insane.

A NEGRO LYNCHED DOWN SOUTH.

He Had Assaulted a Handsome Young Woman—She Cut Down the Body—Another Lynching Promised.

KNOXVILLE, Tenn., Feb. 23.—The lynching at Jellico last night of the negro Joe Payne for assaulting Miss Fannie Bell Cecil was in itself a very tame affair. He confessed the crime and was swung up to the nearest tree without any show. The mob pinned a placard on his back vowing death to anyone who should disturb the body until 10 o'clock to-morrow.

At that hour fully 5000 people had gathered from neighboring towns. Miss Cecil sent word that she would take pleasure in cutting down the body. Her wishes were granted and with a sharp knife she severed the rope and the body fell to the ground.

She smiled as she cut the rope and the act was greeted with cheers from the vast crowd. She is a very handsome young woman of 18 and of good family.

Her father, a negro, who assaulted Miss Bryant last December, has been located in West Virginia, and will be brought to Jellico in due course. He will be lynched as soon as he arrives. The negroes of that locality are greatly wrought up over the affair.

EARLY SPRING FASHIONS. New Yards Which Will be Adopted by the Fashionable Library Paper Weights. The globe is ground off at one side so as to allow it to rest firmly in one place.

At a recent wedding the dress of the bride was a rich one, introduced, while the bride was in the carriage of Canton, crepe, embroidered in the most exquisite manner with a design of the mystic bamboo tree.

The latest fad in stockings is the wearing of a bit of red, and often priceless, lace on the foot and ankle. In white silk stockings white lace is introduced, while the lace is set in colored silks, such as blue, pink or red. Shoes and gowns must be made to match.

The weather is becoming warmer now and ladies will need lighter veils to replace the heavy ones of the winter. The French couturiers have adopted the hair veil, which is many of their rich costumes of wool with silk or velvet. Blouses of plaid or checked material are also being worn.

A great variety of hats are offered at the dress shops at striking reductions in price, all of which are very attractive. They are made up in many styles, and are very cheap. The hats are made up in many styles, and are very cheap.

THE PANAMA INFAMY. Report of the Government Agent Who Investigated the Accounts. PARIS, Feb. 23.—M. Flory, the Government agent appointed to examine the accounts of the Panama Canal Company, reports that the total amount received by the contractors for real and alleged work on the canal was 462,620,000 francs.

Of this amount 102,338,444 francs represent labor alleged to have been paid to the contractors, and 360,281,556 francs represent the amount of the Panama Canal Company's account for operations and plant amounting to 10,280,884 francs.

Mr. Flory states that the Panama Canal Company's account for operations and plant amounting to 10,280,884 francs, is not a true account of the work done on the canal.
