### Notes From Red Deer, Alta.

In reading of convention in East Lambton nominating Dr. C. O. Fairbank Petros as a liberal candidate for the next election, I am reminded that the late D. J. Campbell, Edmonton, then a partner of Campbell Bros., Watford, was the secretary of the Reform association when Mr. Fairbanks, Sr., ex-M.P., was in the zenith of his power. D. J. had a great grip in the riding and did his work faithfully. The Union boys played their part in life well, no small amount of the credit must be given to the late Duncan Campbell, Warwick, who worked hard while teaching there. Mr. and Mrs. Campbell while in Watford and other places were hospitable and had the good will of every person at heart.

We had abundance of rain here the last two or three weeks and the crops are looking well.

Your correspondent will be pleased to have any of the Watford Guide readers drop in to see him while in the West. I always remember many of the former school teachers in E. Lambton. Mr. White who taught in Watford, Mr. Dunmore, now of Strathroy, Mr. R. Shepherd, Mr. Donohue, the late Victor McDonald of Ravenswood, and coming down to later times Mr. Duncan White and Mr. Strappnell. I wrote for my 1st certificate in Lambton Co. in 1871. I had a 2nd under the old act in Strathroy in 1870. The late John Brebner and G. W. Ross were the presiding examiners in Sarnia that summer.

Miss Kate Cowan, sister of Barrister John Cowan, Sarnia, is on the school staff here doing excellent work.

Among my old pupils are D. N. Sinclair of Ind. M. and S. Co., Sarnia, and Peter McGregor Brown, M.D., Camlachie, Lauchlin Sinclair, Walsh, brother of D. N. Sinclair, Sarnia, gave us a pleasant call at Berkston on Coronation day. The writer had not seen him for about 15 or 16 years.

J. McVicar.

### Covered With Eczema

CURED BY TWO BOTTLES D. D. D.

On March 21st, 1910, Mr. Angus McMillan, of Port Hood, N. S., wrote us: "My little boy three years old was covered from head to foot with eczema. I tried over twenty different kinds of salves and washes but could not see any improvement—in fact it seemed to be getting worse. I was about discouraged and had lost faith in all kinds of so-called eczema cures, when I saw an ad. telling about D. D. D. Prescription. I sent for sample bottle and the third application convinced me that I had at last got a sure cure. Two bottles effected a complete cure."

What D. D. D. did for this little boy, it will do for any skin sufferer. A mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients, it penetrates to the root of the trouble and washes the disease germs out.

Why not get relief? Simply write today to the D. D. D. Laboratories, Dept. "W. G.", 49 Colborne St., Toronto, and they will send you a free trial bottle.

"The Taylor Drug Co."

### Deathly Cramps, Stomach was Bloating

A Bad Case That Proves Cramps and Stomach Disorders are Cured Fast by Nerviline.

"The distress I suffered from cramps last summer was so severe I thought it meant death," writes P. F. Emerson, of Guys Hill, P. O. "I was doubled up with pain and in such bad shape I couldn't walk a hundred feet. I remembered having Nerviline on hand and took half a teaspoonful in sweetened water. In five minutes I was well and my stomach derangements disappeared entirely."

### NERVILINE AN INSTANT RELIEF

For cramps, flatulence, diarrhoea and disorders of the stomach and bowels, Nerviline knows no equal—one million bottles used every year—fifty years on the market—this is proof enough of its merit. Large bottles, 50c, trial size, 25c. All dealers or The Catarrhazone Company, Kingston, Ont.

### Two Sufficient.

Mr. Austen Chamberlain tells an excellent story against himself. When he left his Alma Mater he traveled on the continent for some months, and then returned to Birmingham with the intention of devoting himself seriously to politics. He had been at home only a few days when he met his old nurse, who inquired what vocation he thought of pursuing. "Oh," he said, in reply, "I'm going in for politics." "For politics," was the exclamation of the old lady. "Oh, Mr. Austen, I should have thought two in the family, your father and Mr. Richard, enough to have in politics! Why don't you go in for something useful?"

### The Parrot and the Nut.

Brutes are able to compare and distinguish. A parrot will take up a nut and throw it down again without attempting to crack it. He has found that it is light; this he could discover only by comparing the weight of the good nuts with that of the bad, and he has found that it has no kernel; this he could only discover by what philosophers would dignify with the grand title of a syllogism—namely, "all light nuts are hollow; this is a light nut, therefore the nut is hollow."—Max Muller.

### The Lisenchanting Phonograph.

The best story I have heard recently is that told of a well known Oxford don who was asked to speak into a phonograph. A little later the machine was turned on again, and he was requested to listen to his own voice. The don then turned to the assembled company and said, "It is strange that through this machine I am made to speak in a peculiarly bumptious and affected manner."—London Tatler.

### The Drama.

The drama, in the only sense in which it is worth talking about, had its origin in Greece immediately following the defeat of Darius and Xerxes, about B.C. 460. Its birthplace was Athens, and its fathers were Aeschylus and Aristophanes—Aeschylus of tragedy and Aristophanes of comedy. When the Greek and Roman civilization went into eclipse under the black cloud of northern barbarism, the theatre, as with nearly everything else, became extinct, but during the middle ages acting was in a measure resumed in the form of the "Moralities," or Moral Plays of the Ecclesiastics, and it was from such plays that the modern drama was slowly evolved.

### Sand as a Fire Extinguisher.

Why are pails of sand kept hanging in some buildings? It is the usual thing to see hanging in large buildings—museums, factories, offices—rows of pails containing a liquid which can be used for extinguishing the flames in case of fire. It is quite common nowadays to see also a pail of sand hanging with the others or in a place by itself. This sand is for use in case of fire caused by an accident to the electric wires, bringing about what is known as "a short circuit." If water were used it would spread the electric current and probably increase the damage, but sand, properly used, very quickly extinguishes the flames.

The healthy glow disappearing from the cheek and morning and restlessness at night are sure symptoms of worms in children. Do not fail to get a bottle of Mother Graves' Worm Exterminator; it is an effectual medicine.
