

To SUBSCRIBERS.—We occasionally receive and hear of complaints from parties who were in receipt of the *Agriculturist* last year, that they have not received the paper this year, when in fact they had not ordered it to be continued. To all such we beg to repeat what we have several times already stated, that we stop all papers without distinction at the end of the year; and do not forward them again till we receive the order to do so. Any other system would not answer with a paper published at the very low price of the *Agriculturist*. We have still plenty of back numbers on hand of this year.

The Agriculturist for 1861.

The *Agriculturist* is published semi-monthly, each number consisting of 32 pages, and forming a volume of 768 pages.

The *Agriculturist* is exclusively devoted to Agriculture, Horticulture, and similar subjects. It is the cheapest paper of the kind in North America, and specially adapted to the circumstances of the soil and climate of Canada.

The *Agriculturist* is Post Free.

The terms of subscription are: Half a dollar per annum for single copies; Eleven copies for Five Dollars; Twenty-two copies for Ten Dollars; Thirty-three copies for Fifteen Dollars, &c. Payment always in advance.

CASH PREMIUMS.

As a further reduction in price on the largest orders, the following money premiums will be paid on copies ordered and paid for prior to or on 1st April next, viz:—

To the officer of any Agricultural Society, member of a club, or other person who shall send in the largest list of subscribers, accompanied with the cash, on or before the 1st April next, a money prize will be paid of. . . \$20	To the person sending the next largest list, a prize of.	19
