

WE WANT

The following stamps in quantities of 10 to 200 of each. We offer in exchange single stamps, sets and packets advertised by us in this paper. Correspondents are requested to set their own prices per 10 or per 100 on the stamps which they send. **WE CANNOT MAKE OFFERS.** We do not want soiled, torn, badly centred or heavily cancelled stamps. Statement of stamps, sets, etc., wanted, made up from the MESSENGER, should accompany every consignment sent to us. The amount of the want list should be larger than that of the consignment, as some of the stamps requested may be sold out. Correspondents will oblige by quoting CASH PRICES as well as exchange prices on lots sent us, but the option as to paying cash or exchange must always be left with us. We do not want consignments of stamps for which cash is demanded. We prefer in general to make cash purchases from dealers' wholesale lists, which we are always glad to receive. If correspondents send us only stamps described below, in good condition, and not more than 200 of each sort, we will return consignments at our expense in case prices asked are too high.
