FOR SALE!
 A thorough-bred Durham BULL, five years old. Apply to
JAMES S. TUPPER.
 Upper Stewiacke, July, 1867.

Churning made Easy & Butter Good.
TOMLINSON & CO.'S
BUTTER POWDER.

BY the use of this inexpensive Powder the churning of hours is reduced to minutes, and is applicable to the making of Butter at all seasons of the year; a small quantity added to the Milk or Cream at the time of churning will produce Butter in much less time, in larger quantity, and of a superior quality, flavour, and consistency, so much so that it increases its value from 1d. to 2d. per lb. In winter it removes the unpleasant flavour caused by the cows feeding on turnips, cake, mangolds, weeds, &c.; and in summer the rancidity peculiar to some Butter, also makes it firmer and sweeter even in the hottest weather. Butter made with this Powder invariably takes the prizes at the Agricultural Shows throughout the Kingdom.
 Sold by the principal Druggists and Store-keepers throughout the Colonies, in boxes at 3d. 6d., 1s., 2s. 6d., and 7s. 6d. each; and wholesale of the Manufacturers,

TOMLINSON & HAYWARD,
Chemists, Lincoln, England
AVERY, BROWN & CO.,
Halifax, N. S.

Bull for Sale!

A SUPERIOR DURHAM BULL, the property of the Union Agricultural Society of E. Cornwallis. This Bull is only offered for sale to prevent breeding in-and-in, as he has been in the Society two years. He is a fine animal, four years old, very smart, in good condition, and would be a valuable acquisition to another Society, or to a community where his stock is not coming in. Will be sold cheap for cash. Apply to any of the subscribers.
