Scientific and Useful.

GLOSS TO SHIRT BOSOMS—To ordinary starch, for each quart, one ounce of silicate of soda solution is added and thoroughly mixed.

STUVE POLISH.—Finely-powdered black lead, mixed to a paste with water, in which a small amount of glue has been dissolved.

GLASS varnish may be made of pulverized gum adragant, dissolved in the white of eggs well-beaten. Apply with brush carefully.

TO KEEP EGGS FRESH.—Rub them all over with a little butter when taken from the nest, and they will keep fresh for two or three months in a cool place.

WHEN you have a little pie-crust, do not throw it away; roll it thin, cut in small squares, and bake. Just before tea put a put a spoonful of raspberry jelly on each square.

TO CURE HOARSENESS.—At this season of the year it may be useful to know that hoarseness can often be relieved by using the white of an egg thoroughly beaten, mixed with lemon juice and sugar. A teaspoonful taken occasionally is the dose.

FURNITURE polish, for cleaning, polishing and filling old furniture. Rub a coat of shellac varnish into it, and smooth off with fine sand-paper; then apply a coat of polish, made by mixing a half pint of fine shellac varnish with a quart of boiled linseed oil.

BOSTON BROWN BREAD.—One cupful of sweat milk, two cupfuls of sour milk, three cupfuls of corn meal, one cupful of flour, one cupful of molasses, one teaspoonful of salt, and three teaspoonfuls of soda. Steam or bake slowly three hours. This makes a good sized loaf.

CREAM BISCUIT.—One pint of sour cream (not too rich), one teaspoonful of salt, one and one-half teaspoonfuls of soda, and flour enough to make a little stiffer than baking powder biscuit. Do not knead or work the dough much, roll to medium thickness, and bake in a moderately hot oven.

BAKING POWDER BISCUIT.—Into two quarts of flour, sift five teaspoonfuls of baking powder, mixing it in evenly. Rub into this a piece of lard the size of half an egg. Mix with good sweet milk into a soft dough. Do not knead. Roll medium thickness, cut out with a biscuit cutter, and bake in a very hot oven.

SALAD DRESSING.—Take the yolk of one hard-boiled egg, and, after mashing well with a spoon, stir in five teaspoonfuls of water, to make it a rich creamy thickness, add a heaping saltspoon of salt, and half a saltspoon of red pepper. Have ready one heaping teaspoonful of raw mustard, mixed with five teaspoonfuls of water; stir this into the egg; then with a fork, stir in four table-spoonfuls of oil and one of vinegar.

CREAM OF CELERY.—Celery is unusually scarce now, and little of it is well blanched and crisp. But even the somewhat inferior quality may be made quite palatable. Cut it into very small pieces, rejecting the toughest green portions. Add only water enough to keep it from burning, and boil it in a closely-covered vessel for an hour, or until perfectly tender. Then add a sufficient quantity of milk, first thickened with a table-spoonful of flour to each pint, previously rubbed smooth with two table-spoonfuls of butter, and salt and pepper to the taste, very little of the pepper. Boil and serve as soon as thoroughly cooked. If made moderately thin with the milk, flour and butter, it can be rubbed through a colander, when it gives a delicious cream-like soup. Smooth squares of bread well browned, are frequently put into the soup when finished. A bowl of this eaten with bread, makes an excellent noon lunch.

UNDER the present management of the International Throat and Lung Institute, those who unfortunately are suffering from Consumption, Asthma, Bronchitis, Catarrh, Catarrhal Deafness or any diseased condition of the air passages, can avail themselves of the advantage of receiving treatment by the Specialists of this Institute which is acknowledged to be the best of its kind in America. In fact the only one where the above diseases alone are treated. Consultations free. Also a trial of the Spirometer, the wonderful invention of Dr. M. Souville, of Paris, Ex-aside Surgeon of the French Army. Those unable to come to the Institute, or see our surgeons who visit all the principal towns and cities of Canada, can be successfully treated by writing, enclosing a stamp for a copy of our International News, published monthly, which will give you full particulars and references, which are genuine.

A GREAT BLESSING

For Weak and Suffering Woman. Every Man and Woman in America Needs KIDNEY-WORT.

"The greatest misfortune of the present day," remarks the author of a recent medical treatise of much value, "is that mothers and wives of to-day are so often unfitted for their duties, and for all domestic enjoyment, by reason of shattered health and over-taxed systems. For those special weaknesses to which womankind is so apt to fall victims, no surer, better, or safer remedy can be found than Kidney-Wort. The wonderful tonic properties of this great remedy have specific action in correcting the disordered female organism, and then in building up the general health, keeping the secretory organs in perfect order and imparting vigor and elasticity of early womanhood."

A PHYSICIAN'S WIFE'S TROUBLES.

"Domestic remedies and prescriptions by myself (a practising physician) and other doctors only palliated my wife's chronic, two years' standing inflammation of the bladder. Kidney-Wort, however, cured her." These are extracts from a letter sent to the proprietors of this remedy, by its author, Dr. C. M. Summerlin, of Sun Hill, Washington Co., Georgia. The list of cures might be prolonged almost indefinitely. For the purpose of this article, however, only a few more will be adduced.

"I had kidney and other troubles over thirty years," writes Mrs. J. T. Galloway, of Elk Flat, Oregon. "Nothing helped me but Kidney-Wort. It effected a permanent cure." Mr. Nelson Fairchild, of St. Albans, Vt., is closer "home," and his case would seem to merit special mention. Briefly it is in his own language, this: "Kidney-Wort is a medicine of priceless value. I had piles for sixteen consecutive years. It cured me."

MALARIA

is a disease which attacks the human family in spring, and has formed the chief subject of many learned articles. We cannot pass from this subject without supplementing it with the assertion that Kidney-Wort is a specific for other diseases than Malaria, and such disorders as may be directly traceable to it. Dyspepsia, or indigestion, is a most distressing complaint. Every reader of this article probably knows the symptoms. The effects are wide-spread and far-reaching. Almost the entire human organism is apt to become deranged, when dyspepsia is suffered to run on unchecked. Kidney-Wort can be relied upon, reader, to cure any case of Malaria, Dyspepsia, Kidney and Liver troubles and a host of their kindred or attendant ills. All we ask is a trial. That will make you its life-long friend.

It is a matchless alternative, a pleasant, yet powerful tonic, and indeed, "fills the bill" as a peerless, pleasant, powerful preparation. As near as mortals may be able to reach perfection, Kidney-Wort may safely be called perfect. It is not a compound of herbs, alleged to have been discovered by some mythical missionary, whilst in some imaginary "foreign land." Kidney-Wort is a preparation, however, combining all the essential ingredients of far advanced thinkers, and scientific men who labour for the amelioration of human ills. Buy a bottle and you will, if afflicted, agree with thousands of others who have done so and found themselves renewed thereby in health and spirits.

Advertising Cheats!!!

"It has become so common to write the beginning of an article, in an elegant, interesting manner, 'Then run it into some advertisement that we avoid all such, 'And simply call attention to the merits of Hop Bitters in as plain, honest terms as possible, 'To induce people 'To give them one trial, which so proves their value that they will never use anything else.' 'THE REMEDY so favourably noticed in all the papers, 'Religious and secular, is 'Having a large sale, and is supplanting all other medicines. 'There is no denying the virtues of the Hop plant, and the proprietors of Hop Bitters have shown great shrewdness 'And ability 'In compounding a medicine whose virtues are so palpable to every one's observation."

Did She Die?

"No! 'She lingered and suffered along, pining away all the time for years.' 'The doctors doing her no good;' 'And at last was cured by this Hop Bitters the papers say so much about.' 'Indeed! Indeed!' 'How thankful we should be for that medicine.'"

A Daughter's Misery.

"Eleven years our daughter suffered on a bed of misery, 'From a complication of kidney, liver, rheumatic trouble and Nervous debility, 'Under the care of the best physicians 'Who gave her disease various names, 'But no relief, 'And now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned for years before using it.'—THE PARENTS.

Father is Getting Well.

"My daughters say: 'How much better father is since he used Hop Bitters.' 'He is getting well after his long suffering from a disease declared incurable.' 'And we are so glad that he used your Bitters.'—A LADY of Utica, N.Y.

Diamond Dyes are so perfect and so beautiful that it is a pleasure to use them. Equally good for dark or light colours. 10 cents.

THOUSANDS UPON THOUSANDS of dollars have been spent in advertising the celebrated Burdock Blood Bitters, but this fact accounts only in part for its enormous sale. Its merit has made in what it is—the best blood medicine ever devised by man.

WELLS' ROUGH ON CORNS. Ask for Wells' "Rough on Corns" 15c. Quick, complete, permanent cure. Corns, warts, bunions.

EVERY PERSON TO BE A REAL SUCCESS in this life must have a specialty; that is, must concentrate the abilities of body and mind on some one pursuit. Burdock Blood Bitters has its specialty as a complete and radical cure for dyspepsia, liver and kidney complaints, and all impurities of the blood.

MOTHER SWAN'S WORM EXPELLER. Infallible, tasteless, harmless, certain, for feverishness, restlessness, worms, constipation. 25c.

GRUNT IT OUT.—The above is an old saw as savage as it is senseless. You can't "grunt out" dyspepsia nor liver complaint, nor nervousness if they once get a good hold. They don't remove themselves in that way. The taking a few doses of Burdock Blood Bitters is better than "grunting it out." What we can cure let's not endure.

FLIES AND BUGS.

Flies, roaches, ants, bed-bugs, gophers, chipmunks, cleared out by "Rats on Rats" 15c.

Ladies of all ages who suffer from loss of appetite; from imperfect digestion; low spirits and nervous debility may have life and health renewed and indefinitely extended by the use of Lydia E. Pinkham's remedies for all complaints incident to the female constitution. We have not only a living faith in Mrs. Pinkham, but we are assured that her medicines are at once most agreeable and efficacious.

"ENJOY YOUR LIFE" is good philosophy, but to do so you must have health. If bilious and constipated, or bloated of order, use Dr. Pierce's "Pleasant Purgative Pills," which are mild, yet certain in their effects. Of all druggists.
