

The Week.

A futile attempt was made on Saturday to assassinate the Prefect of Valladolid. The criminal was arrested.

The four largest cities of the country—New York, Philadelphia, Brooklyn, and Chicago—have added a million to their population during the last decade.

Madrid, Sept. 11.—The Queen was safely delivered of a daughter. The baptism has been fixed for September 14th. Ex-Queen Isabella will be one of the sponsors.

Paris, Sept. 11.—There are no differences in the Cabinet in regard to the bill on associations or execution of religious decrees, which will shortly be carried into effect.

London, Sept. 11.—A Paris despatch says the condition of Asia Minor is lamentable. It contains 2,000,000 lawless refugees without the means of subsistence except by pillage.

London, Sept. 11.—A letter from Gladstone is published, expressing his hearty gratitude to all at home and abroad who manifested their sympathy for him in his recent illness.

London, Sept. 12.—The train from Waterloo station, London, for Hampton Court, came in collision with an engine last night. Four persons were killed, and thirty injured.

Ottawa, Sept. 11.—The disappearance of children has caused an anxiety here of late. Another boy failed to return from school yesterday, and cannot be found. It is believed they are enticed into the country to pick hops.

Bridgewater, Sept. 11.—At Chelsea, about twelve miles from here, last night, while stealing apples, John Huca, aged about 20, was fatally shot by the owner of the orchard, Robert Smith. Smith, after a preliminary examination, was taken to Lunenburg gaol to await the result of the coroner's inquest on Monday.

Denison, Texas, Sept. 11.—At Allatta, D. T., on Friday, an Indian was executed for the murder of Mr. Washington, a year ago. The shot was made on the prisoner's bare breast, and the prisoner's cousin, who was chosen executioner, fired the ball true to the mark. Dixon's head fell forward on his breast, and he expired without a struggle.

Marriages.

NEWCOMB—PETTIS.—At Port Greville, Parramatta, on Wednesday, September 8th, by the Rev. Geo. D. Harris, Curate in charge, Frederick P. Newcomb, of Carlton, St. John, N. B., to Alice M. daughter of Mr. John Pettis, of Port Greville.

CAMPBELL—PALMER.—At Bangor, Me., on the 10th August, by the Rev. H. C. Pyne, Rector of Wiscasset, Mr. George Douglas Campbell, of Weymouth, to Kate, only daughter of Lieut. A. F. Palmer, of Bangor.

Deaths.

McBRATH.—At Westfield, Kings Co., N. B., 20th inst., of Di. Iberia, after an illness of 5 days, Thomas W., youngest son of John and Margaret McBrath, aged 17 years.

THE MUNRO BURSARIES.

The Winter Session of Dalhousie College will commence on Wednesday, 27th October, 1880. The Matriculation Examination will begin on that day, at 10 o'clock, a. m., and Classes will be opened on Monday, 1st November. Students may enter as (1) Undergraduates, with the intention of applying for a University Degree in Arts or Science at the end of their course, or (2) as General Students who do not look forward to a Degree. For the latter no Matriculation Examination is required.

The Matriculation Examinations are partly oral and partly written; the subjects for entrance into the first year of the Arts course are:

I. IN CLASSICS.—Latin Grammar, Greek Grammar, one Latin subject, one Greek subject. The following subjects are recommended: In Latin.—Cæsar, Gallic War, Book I.; or Virgil, Æneid, Book III.

In Greek.—Xenophon, Anabasis, Book I. Instead of the above, equivalents may be offered, if they be not parts of the Undergraduate course, or giving a week's notice to the Secretary of the Senate.

II. IN MATHEMATICS.—Arithmetic; Euclid's Elements of Geometry, Books I. and II.; Algebra, Simple Rules, and Simple Equations of one unknown quantity, not involving Surds.

III. IN ENGLISH.—Grammar; History of England; Geography; Composition. The subjects for entrance into the first year of the Science Course are:

I. IN MATHEMATICS.—Same as for the First Year in Arts.

II. IN ENGLISH.—The same as for the First Year in Arts.

III. IN LATIN OR GREEK OR FRENCH:—Latin.—The subjects of the Matriculation Examination for the First Year in Arts. German.—Grammar and Translation. French.—Grammar and Translation.

The following Bursaries and Scholarships are offered for competition at the Matriculation Examination:—

1.—The Munro Bursaries.—GEOFFREY MUNRO, Esq., the Founder of the Munro Professorship of Physics in this University, offers this year seven Bursaries for competition at the Matriculation Examination.

The value of each of these Bursaries is Two Hundred Dollars yearly with Free Class-Tickets for the first two years of the Undergraduate Course, taken consecutively; provided that the holder of Bursary gain a Certificate of Merit at the Seasonal Examinations of the first year. After these two years, the Bursaries are again to be competed for, and will be held during the third and fourth years of the Course, on Terms similar to those of the preceding years.

These seven Bursaries are allotted for competition to students from the following five districts of Nova Scotia, and from New Brunswick and Prince Edward Island, one to each, viz.:

- 1. The Island of Cape Breton. 2. Pictou, Antigonish and Guysboro. 3. Calchester, Cumberland and Hants. 4. Halifax, Lunenburg and King's. 5. Annapolis, Digby, Yarmouth, Shelburne and Queens. 6. New Brunswick. 7. Prince Edward Island.

Candidates must satisfy the Principal, before the week in which the Examinations are held, with respect to the districts to which they belong, and as coming from which they are entitled to compete.

Students who have already Matriculated at any College are disqualified for competition. The Bursaries will be awarded to those Students from the several districts mentioned, who make the highest total of marks at the Matriculation Examinations; but no Bursary will be awarded unless a Standard of Merit, determined by the Senate, shall be reached by the candidate.

The Examination for the Munro Bursaries are the same as those for the Professors' Scholarships.

Further information may be obtained on application to the Principal.

Professors' Scholarships.

Two Scholarships, entitling to free attendance on all the Classes of the Undergraduate Courses in Arts.

The subjects of Examinations for these scholarships this year are nearly the same as those for Matriculation in Arts at the University of Halifax, viz.:

Latin for 1880: Cæsar, Gallic War, Book I; Virgil, Æneid, Book III.

Greek for 1880: Xenophon, Anabasis, Book I. Arithmetic; the ordinary rules of Arithmetic, Vulgar and Decimal Fractions, Proportion and Interest.

Algebra: as far as Simple Equations and Surds. Geometry: First and Second Books of Euclid.

English: Grammar, Analysis, Outline of English and Canadian History, and General Geography.

One Scholarship entitling to free attendance on all the classes of the Undergraduate courses in Science, is offered by the Professors this year for competition at the Matriculation Examination. The subjects are the same as those of the Matriculation Examination in Science.

By direction of the Board of Governors. WILLIAM DOULL, Secy.

WILKINS, Esq., Newark, N. J., says:—"It acted soothingly, and removed the debility." WM. F. GROVER, Esq., Union, N. Y., says:—"It has made a new man of me." MISS M. J. PARKER, Oswego, New York, says:—"It has done me a great deal of good, and carried me through another year, and I have gained eight pounds of flesh, and my dyspepsia is removed. Any one needing further information is requested to address the office of this paper, or to H. M. MALOY, 147 E. 15th St., New York City.

SUBSTITUTES!

The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of Pain-Killer, they suddenly discover that they are "sold out," "but have another article just as good, if not better," which they will supply at the same price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the Pain-Killer; and being compounded of the vilest and cheapest drugs, are bought by the dealer at about half what he pays for the genuine Pain-Killer, which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the genuine.

MISERABLENESS.

The most wonderful and marvelous success in cases where persons are sick or pining away from a condition of miserableness, that no one knows what ails them, (profitable patients for doctors), is obtained by the use of Hop Bitters. They begin to cure from the first dose and keep it up until perfect health and strength is restored. Whoever is afflicted in this way need not suffer, when they can get Hop Bitters. See "Truths" and "Proverbs" in another column.

PRIVATE TUITION.

A CLERGYMAN WHO IS EDUCATING HIS OWN SONS, is prepared to receive two other boys as pupils. The Rectory is pleasantly situated in a very healthy locality. Home comforts, and the elements of a liberal education imparted at a moderate cost. Special attention given to backward boys.
