

PIANOS.

In purchasing a Piano, procure the best. There are many claiming to be, and are, good instruments, but there is but ONE to which the superlative title of

THE BEST PIANO

can be or is applied by the unanimous voice of all the great artists and musicians of the day—and those, after all, are the most competent judges—to those celebrated makers who contend for the laurel crown. In France there is but *one*; in England there are *three*; in America, *two*;

IN THE WORLD

there is but ONE PIANO which the great artists and musical critics of EVERY NATION unite in pronouncing the best in POWER, ACTION, TONE and DURABILITY. The unanimity of this testimony is something surprising, and without parallel in the history of this wonderful instrument; but so it is. Ask any of the great leaders of the musical world, "Which of the Pianos now ranked as first class do you prefer?" and the answer

IS WEBER'S!

"Why?" "Because, from its marvellous power of expression, the artist can stir the very depths of the human soul, and portray love, pity, hope, joy, sorrow, anger or despair, at pleasure."

Read what these great artists say of it in the large descriptive Catalogues just published, which will be furnished on application at the
