

LIST OF FIGURES AND TABLES

	Page
Figure 1: Synthetic Aperture Radar Resolution	13
Figure 2: Synthetic Aperture Radar Image of An Airfield	17
Figure 3: Synthetic Aperture Radar Image of Ships	18
Figure 4: Comparison Between Aerial Photography and Infrared Linescanning	22
Figure 5: Thermal Infrared Linescanner Image of Aircraft	25
Figure 6: Thermal Infrared Linescanner Image of Ships	26
Figure 7: Forward Looking Infrared (FLIR) Image of Ships	27
Figure 8: Airphoto of Aircraft	31
Figure 9: Flow Chart for Reporting Procedures and Control of Aerial Patrol Information	52
Table 1: Advantages and Applications of Airborne Remote Sensing Systems	10
Table 2: Characteristics of SPOT Satellite Data	33
Table 3: Characteristics of Soyuzcarta Satellite Data	33
Table 4: Typical Airborne Remote Sensing System Costs	45
