

- (21) We recommend that Canada take the lead in negotiating "global bargains". In the CFC global bargain, substitutes for CFCs could be offered in exchange for full participation in the Montreal Protocol, with appropriate conditions for monitoring and inspection. The intention of this bargain is to assist developing countries eliminate their consumption of CFCs.
- (22) We recommend that a review be undertaken of trade development programs and subsidies, and of foreign aid policies, programs and projects to ensure they are consistent with the preventive aims of this report.
- (23) We recommend that all levels of government, producers of these chemicals, and manufacturers of CFC-containing equipment, develop and implement a coordinated, nationwide public education program for the recovery, recycling, handling, storage, and ultimate destruction of CFCs and related substances.
