

CHILDREN PLAYING WITH EXPLOSIVES

Box of Ninety Sticks Uncovered North of Danforth Avenue.

TEAM BREAKS ICE

John Tiplady Has Narrow Escape When Horses Drown in the Bay.

About ninety sticks of sixty per cent. dynamite were found yesterday in a ravine north of Danforth avenue by a number of children. They were throwing the explosive around the streets.

The placing of foreigners in charge of dynamite by the contractors is going to have serious results one of these days, said Sergeant Leitard of the Pape avenue police station.

George Harlow, 370 Chalmers avenue, yesterday phoned that children were playing with dynamite not knowing what they had. Mr. Leitard was immediately sent to the scene. To a ravine just north of Danforth avenue the children led him. There the rescuer found a box of about ninety sticks in the two boxes of the explosive. The children had carried away a number of sticks, but one box was full. There were about ninety sticks in the two boxes of the explosive.

From the location of the boxes, it was evident that no care had been taken in hiding them. It is thought they were taken and just covered with snow. They were about 200 feet east of Danforth avenue, and 600 feet east of Greenwood avenue.

When Mumford examined the dynamite he came to the conclusion that it was frozen. This probably accounts for the fact that none of the children were injured when throwing the explosive about.

The patrol wagon from the Pape avenue station was summoned and carried the explosive to a neighboring backyard. Some sewer work had been done in the neighborhood during last fall and early winter and it is thought they had been left there by someone employed on the work.

A team of horses attached to a heavy sleigh, driven by John Tiplady, 78 William street, broke through the ice on Spadina avenue at 6 o'clock last evening. The horses were drowned, but Tiplady was pulled out from the icy water by the crew of the ice boat "Tipperary," who witnessed the accident.

Tiplady, who was wet thru, was met by a constable running up John street to his home, and when questioned stated he had taken a load of provisions over to islanders and was on his return trip when he broke thru the ice. A loud crack was all the warning he had of danger. He and his horse plunged thru, while the sleigh wedged itself in the fissure. Tiplady was able to cling to the sleigh until the constable rescued him. The sleigh still remains in the ice, and efforts are being made to bring out the bodies of the horses.

Baby Died Suddenly. Della Sweeney, 155 Spadina avenue, was arrested early yesterday morning for offering 10¢ on a nominal charge of selling in connection with the death of her five months old baby, which died in her arms on West Queen street at 2 a.m. yesterday.

The woman, who is 28 years of age, was taken to St. Michael's hospital, where she was nearly home, and then did not bother summoning a physician until 9 o'clock the next morning. Exposure by thought to have caused the infant's death.

Hurt at Riverdale. Seventeen-year-old Henry Offenberg, Geneva, Ontario, was struck by his skull on the Riverdale slides at 7 o'clock last night when the bob-sleigh which he was steering crashed into some overhead pipes.

Offenberg was taken to St. Michael's hospital, where he was conveyed in the ambulance. It is feared that blood poisoning has set in.

John Tully, 217 Augusta avenue, was ordered by Magistrate Kingford in the afternoon police court yesterday to pay \$15.20 to William A. Ryder and \$4.85 to Harold Page as wages. Tully was charged with neglecting to pay wages. He disputed the rate the men were to receive. He is a carpenter contractor.

Asher Remanded Again. Henry Asher, the Jewish ransacker, who some weeks ago shot Rev. McPherson in the east end, was yesterday remanded by Colonel Denison for another week on the charge of shooting with intent to kill. This is Asher's third remand. Aliens have found him absolutely sane compared to other cases.

Charged that they conspired together to defraud H. W. Hines out of \$225, Alice M. Maclean, 209 Madison avenue, and Clarence S. Gadsden, a private detective, were remanded until Monday for trial on the charge of defrauding H. W. Hines out of two promissory notes of \$100 each.

Abraham Doherty, when seized with an epileptic fit, Yonge street car yesterday morning at a woman and seized her by the throat. Passengers intervened, and he was conveyed to St. Michael's hospital, and from there to St. Michael's hospital.

For neglecting to have rear lights on their motor cars, the Davenport Garage, John E. Carley and M. W. Warwick were fined \$5 each in police court yesterday.

Herman C. Card violated the traffic regulations and also paid \$5, and J. W. Perry was convicted of speeding and was fined \$10 and costs of thirty days.

Will Stand Trial. Robert W. Buller, a P.T.B. employee, was sent up for trial in police court yesterday on a charge of stealing three pairs of shoes from the company property while en route from Muskoka to Toronto on Monday.

George Burke, who is said to have broken out of the Chalmers jail, faced a vagrancy charge in police court yesterday.

RESORT TO CORN BREAD?

Canadian Press Despatch. CHICAGO, Jan. 8.—Two dollar wheat will mean that Americans will eat corn, it was said here today by prominent dealers in grain. A national agitation to induce congress to place an embargo on the export of wheat and flour as well as on arms and ammunition, will be introduced at the next meeting of the Chicago Retail Grocers' and Butchers' Association, it was announced. S. Westerfeld, chairman of the trade relations committee of the National Association of Retail Grocers, planned to begin in this manner a determined fight against the high cost of flour and incidentally of home-baked bread.

Leaders on 'change predicted today in some instances that if the price of wheat went much higher there would be a general turning to corn in place of wheat bread, both in this country and in Europe. Other dealers declared that bakers' complaints were unwarranted, that a barrel of flour, costing 77¢, would make 275 loaves of bread, which the retailers sold for 137.25¢, a five-cent profit.

One board of trade firm made public despatches received today, indicating that farmers' ideas as to corn were not so far from the mark. Many growers said corn would soon sell for \$1 a bushel on the farm. The latest price of May corn in Chicago today was 75¢ a cent.

FAIRBANK

Officers were elected by the North Fairbank and Fairbank Ratepayers' Association last night as follows: President, Duncan Hewitt; vice-president, Henry Swabey; secretary, Thomas Malby; treasurer, C. R. Wright.

H. J. Hill claimed that the election of the Harvie avenue bill was a disgrace to the township. It was at present covered with smooth ice and dangerous for traffic. He suggested that the secretary write to the township council and ask them to engage some of the unemployed to sand the icy streets. The motion was carried.

A deputation will appear before the council on Monday and request that twenty-five cents per hour be the minimum rate paid in all township work.

The women's branch of the Toronto Heights Social Club will meet at the home of Mrs. J. M. Lewis, 94 Ennervale road, on Monday afternoon at 2 o'clock, when a reorganization of the association will take place.

WESTON

Great enthusiasm marked a fast game between Weston and Bolton in the group 2 intermediate series of the O.H.A. at Weston last night. The final score was Weston 9, Bolton 3. Weston, however, only scored 5 in the first half, but made up for it in the second half.

The ladies of Weston have now determined to form a hockey club, and are anxious to get in touch with other ladies' clubs, that games may be arranged between them. Altho the Weston Club has not yet been officially formed, such other clubs are asking to address meantime the Ladies' Hockey Club, Weston.

THIN FOR YEARS--"GAINS 22 POUNDS IN 23 DAYS"

Remarkable Experience of F. Gagnon. Builds Up Weight Wonderfully.

"I was all run down to the very bones," writes F. Gagnon. "I had to quit work, I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

"I weighed 132 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh-building I have ever seen," declares Dr. Martin, and J. Meier adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have in many years. My weight has increased from 150 to 170 pounds."

When hundreds of men and women—and there are hundreds, with more coming every day—living in every nook and corner of this broad land, voluntarily testify to weight increases ranging all the way from 10 to 35 pounds, given them by Sargol, you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh-building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight," but when someone suggests a way, they exclaim, "Not a chance. Nothing will make me plump. I'm built to stay thin." Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy, "stay-there" flesh on hundreds who doubted, and in spite of their doubts, you don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to pleasing and normal proportions. You'll weigh what you want, you begin and again when you finish and you let the scales tell the story.

Sargol is just a concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating out the best producing ingredients. It prepares these fat-making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its function without aid. But thin folks' assimilative organs do not. This fatty portion of their food goes to waste, through their bodies like unburned coal through an open grate. A few days' use of Sargol in your case will surely prove whether or not this is true of you. Isn't it worth trying?

Was Primate Arrested or Not? is a Live Question.

Canadian Press Despatch. LONDON, Jan. 8.—The reported arrest of Cardinal Mercier, Primate of Belgium, continues to attract attention. The Germans explain that he was not arrested, but that he was requested to refrain from inciting the populace of Belgium. The Dutch newspaper which first published the report of the cardinal's arrest insists, however, on the correctness of its correspondent's statement and says that even now Cardinal Mercier is permitted to leave Malines.
