CAUSED THE OFFICERS OF SNAKY "GRABBING"

Did Some Stockholders of the American Temperance Life Ass'n.—Treasurers Report Rejected.

NEW YORK, Nov. 22.—At the annual meeting of the American Temperance Life Association, the language used had nothing of temperance about it. So many and so bitter were the personalities hurled about the room, and so constant and so unheeded was the thump of the gavel, that at one time it almost seemed necessary to call in the police.

Against the officers of this association a policy-holders committee recently filed charges with the state superintendent of insurance. As has been told, Superintendent Hochstetler's investigators found that the four principal officers of the association—Frank Delano, president; George E. Godward, secretary-treasurer; Stacy Godward, secretary, and George Godward, secretary—had drawn during 1909 more than one-half of the entire expenses of the association; that the directors had voted themselves free insurance, and that various officers had been allowed to borrow from the cash drawer.

Then began a bitter fight on the part of the policy-holders committee to oust the management. The result of the tempestuous meeting leaves the honor of the year with the directors. The one director, which the association had met to elect, was thru the liberal use of proxies chosen from the ranks of the policy-holders, H. Pettet, whose term as director had expired. The opposition was headed by John D. Knapp, a former employee of the association. His motion was defeated by a large majority.

The association has upward of 700 members. The policy-holders amount to \$1,221,322. Fully 600 policy-holders crowded into the library rooms. George E. Godward, secretary and treasurer, began the reading of the report of the directors. The reading was frequently interrupted by sarcastic comments. The motion to accept the report was voted down, and an auditing committee was appointed to investigate it.

Then President Delano announced that the next business of the gathering was to elect a director in the place of Mr. Pettet. A dozen candidates were offered. The nominations were stopped by a policyholder who wanted to know what had become of the report of the executive committee. The report was read: "The report of the policy-holders committee arose to demand new blood in the management. There was a loud chorus of approval and the speaker was shouted in nomination. In the hubbub Pettet essayed to defend his actions as a director. At the same time a half-dozen others began to denounce the management, and about an equal number arose to defend it.

John D. Knapp, leader of the opposition, charged that Delano, Wilson and the two Godwards had drawn a total of \$2,000 in salaries from the association and from the National Securities Company. This latter concern, he said, merely collected the premiums and assessments from the members, which was Mr. Knapp's business. "It matters not whether I have or have not been discharged from the company's employ, or whether or not I am or am not incompetent," said he. "The issue here is: Are these officers dealing fairly with you? Do you want these conditions to continue?"

Henry W. Wilbur made a long address, in which he counseled moderation. So much did it affect the gathering that the other candidates withdrew their names and the speaker was elected. Pettet and Mr. Knapp then the vote began. After all present had cast their votes, Secretary Godward put in a bunch of proxies, which he also voted to Pettet by an overwhelming majority.

EMERGENCY HOSPITAL SITE

Choice of Location Blocks Payment of \$48,250 Legacy.

The Toronto General Trusts Corporation, executors and trustees of the estate of Miss Jane Shields, will today ask Chief Justice Falconbridge to determine whether or not the Toronto General Hospital is entitled to a bequest of \$48,250 for the purchase of a site in or near the business centre of the City of Toronto, and for the erection thereon and in the equipment and maintaining of an emergency hospital.

The hospital trustees wish to have the emergency ward in connection with the new building to be erected on Colborne-street. Statistics show that 80 per cent of the accidents happen south of Bloor-street. The will was made in 1888, in which year Miss Shields died, and included a bequest of \$750 to other hospitals and charitable and mission funds. Acting for the executors, the firm of Malone, Malone & Long asked these charitable institutions to accede to the payment over to the Toronto General Hospital of the larger sum. The trustees of the Hospital for Sick Children have declined on the ground that the proposed site is not in or near the business centre. Dr. N. A. Powell, with whom Miss Shields consulted, and who was "in her confidence in every way," approves the site.

SHOT UP THE BAR

Stranger Cut Loose With Two Big Automatic Revolvers.

NELSON, B. C., Nov. 22.—(Special.)—Armed with two big automatic revolvers, and carrying 150 rounds of ammunition, a stranger, after shooting up the Crescent bar at Rossland yesterday, and holding up Chief of Police Long at the police station, was shot in the groin by the policemen and taken to jail.

The stranger entered the bar of the Crescent Hotel, and after taking a few drinks, commenced to shoot in all directions. The shots all went wild, and the stranger left the bar and walked down toward the C. P. R. tracks. He was followed by Chief of Police Long and a Swede, who came up with him near the water tank on the track. Covering each of his pursuers with his gun, the stranger told them to get out of his way. Chief Long turned around, and making a quick movement, drew his own 45 calibre revolver, and shot the man in the groin. The bandit fell to the ground and was arrested. On him was found \$300 in cash.

Will Interpellate in Reichstag on Kaiser's Speeches and High Meat Price.

BERLIN, Nov. 22.—The Reichstag reconvened to-day. The Socialist announced two interpellations, one regarding recent speeches by the emperor, and the other enquiring into the causes of the high prices of meat, and what the government proposed to do to alleviate the conditions. There are indications that the government will tend to lessen the strength of the Socialist attack by modifying the restrictions upon meat importations.

Important matters of legislation that will come up at the so-called "quinquennate," or a law fixing the term of compulsory military service at five years; bills recasting and consolidating the state insurance systems; and a revision of the penal code.

A BROKEN-DOWN SYSTEM.

This is a condition for disease that doctors can not cure. It is a weakness—a breakdown. It is the vital force that sustains the system. No matter what may be the cause for the disease, its symptoms are such as: dizziness, loss of energy, loss of appetite, and a general feeling of depression. In all such cases it is imperative that you should have the VITAL STRENGTH & ENERGY to show these morbid feelings, and experience prove that a night's rest does not seem to refresh you as it should. This may be cured by a course of THE NEW FRENCH REMEDY THERAPION NO. 3, which is a scientific combination of the most potent and effective remedies. It is a powerful tonic that rebuilds the system and restores the vitality of the body. It is the only remedy of its kind. It is a French preparation of the highest quality. HAMILTON HAPPENINGS

HAMILTON ELECTORS TO VOTE ON GOOD ROADS
Asked to Sanction \$125,000 Bylaw—Horses Burned to Death in Spectacular Fire.

HAMILTON, Nov. 22.—(Special.)—The works committee to-night recommended the city council to permit another good road bylaw in January, being to vote \$125,000 more for the asphalt paving of three streets. The cost, \$125,000, of paving ten streets was considered. But Mayor McLaren and Controller Allen thought it too much to the streets which it was decided to pave were: Main-street, from Ferguson-ave. to Sherman, \$54,720.80; King-st., from Sampson to Sherman, \$21,600.10; John-st., Hunter to head of Ferguson-ave, \$42,685.80. It was decided to purchase two lots and house at a cost of \$100 for the extension of Poullet-st., to Melbourne-street.

The parks board was recommended to expropriate the land necessary for the monument which the Geodetic Society of Canada desires to erect on the mountain. George F. Webb offered a strip of land along the mountain brow if the city would give him permission to build a railway along it at a later date. This was regarded as simply holding the property for him, and the offer was refused.

Will Not Bury Wires Yet.
The special committee which consulted with the Cataract Power Company concerning burying wires, reported that it was unlikely anything could be done for some time. Frig Brothers must discontinue removing gravel from the unopened part of Main-street in the

Scott of Bradford said, in part, that the church was not keeping up with the progress of the nation, and that, in order that this might be accomplished, a revival of prayer was needed. Rev. S. T. NOT TAGGART

Attendant of Asylum Declares Positively of Man Found Hanging.

BRANTFORD, Nov. 22.—(Special.)—An attendant from the Hamilton asylum visited the city to-day, in an endeavor to establish the identity of the unknown man found hanging in a clump of trees near Whiteman's Creek on Saturday. It was believed that the man was that of Robert Taggart, who escaped from the asylum last summer, but the attendant declared positively they were not, and added that Taggart was not such a fool.

Thus far the case has baffled the police. An inquest is being held Friday night. Coroner Ashton declared today that the remains had been in the tree for five, if not ten, months.

In Dread of Piles

Many Believe That Nothing Short of the Surgeon's Knife Will Effect Cure. They Do Not Know

Dr. Chase's Ointment

The agony caused by the intense itching, the depressing and debilitating effect on the system, the dread lest a surgical operation might be necessary—these are the things which make piles or hemorrhoids so distressing. The doctors have been recommending surgical operations as the only cure. But the surgical operation, with all its dangers and expense and pain, does not usually effect a lasting cure. Many a case has been cured by Dr. Chase's Ointment after the surgical operation had failed. Here is a case which doctors gave up.

Mr. J. Mower, Roder, Man, writes: "Dr. Chase's Ointment is a wonderful preparation. I had itching piles for over six years, and though I tried two doctors' prescriptions and used many other preparations, could not obtain much benefit. The doctor told me there was no cure for me, and that I would have to undergo an operation."

"I bought a box of Dr. Chase's Ointment and was completely cured in one week. As this was six months ago, and there has been no return of the old trouble, I believe that the cure is a permanent one."

One thing certain, Dr. Chase's Ointment will bring you relief from the dreadful itching and burning almost as soon as applied.

To make the cure thorough and lasting it is only necessary for you to keep up the treatment regularly and persistently. Don't be satisfied with relief. Dr. Chase's Ointment will cure completely if you will do your part. 60 cents a box, at all dealers, or Edmundson, Bates & Co., Toronto.
