## The Home-Lovers' Club

Young housekeepers often fail to enjoy the complete measure of happiness that is their due because of their inability to furnish their little home in accordance with their desires. The initial expenses of housekeeping have almost exhausted their little surplus and still there are many furnishings on which they had set their hearts, unpurchased. This store, understanding the difficulties of newly married couples and housekeepers generally, is prepared to assist them through the Home-Lovers' Club. Members of this club may purchase furniture and home furnishings by making a partial payment in cash and arranging for the remainder in periodic payments. The club secretary will gladly explain the plan to you. See him today — Fourth Floor.
