BRANTFORD DEPUTATION

Wait Upon Government Seeking to Prevent G.T.R From Spoiling a Park.

A big deputation of Brantford business men requested the government to have the spur line railway which the G.T.R. want to build in that city to district diverted. One of the objects of the deputation seemed to be to overcome the government by force of numbers, there being more than a dozen present. It seems that the proposed line is to run thru the front portion of the grounds in connection with the Brantford Institute for the Blind. The grounds are used for park purposes by the people, and they want the line to be diverted to the rear of the buildings.

The G.T.R. was represented by F. L.

Somerville, Toronto, resident engineer for the middle division, who explained the G.T.R.'s contention that the cost would be so much increased by the necessity of a cutting having to be made that the change would not be feasible so far as they are concerned.
