Following is a letter received by

Major Ingram from London's Victory hiker:

Brantford, Ont.,

November 21, 1917.

Dear Sirs,—About 7:30 p.m.
tonight I was called up and was invited to the opera house here in town. I went and had a seat in the centre, main floor Well, in the middle of the performance some well-known speaker came on the platform and started to speak about people of the town buying Victory Bonds. When he got through he mentioned London, Ontario, and the good work they were doins, and all of a sudden he mentioned about the "hiker," and started to talk about him. He told the audience that when he gets through speaking he will have Pte. Robinson stand up and bow to the audience. There were a few soldiers in the theatre, and everybody about me asked me who he was, and I told them I don't know. When he got through speaking he said: "Will Pte. Robinson arise and tow to the crowd," and everybody started clapping, and I was as red as fire, but I stood up and bowed, and they were clapping again and again. They made me stand up a third time. But, gee, I felt funny, and the people about said that they got to hand it London for this stunt.

I am going to try to make Toronto by Saturday noon, if possible. I will let you know when I get to Hamilton.

It has been raining all evening, and it's still raining, but that won't stop me, nothing but bullets. Well, so long. Yours

truly,
PTE. THEODORE ROBINSON,
Wednesday, Nov. 21, 10 p.m.

An appeal has come today from the Humane Society of St. Thomas and women's organizations of the Railroad City through the secretary of the Humane Society, Mrs. T. L. Gray asking the women's organizations of London to take immediate action to prevent the live bird shoot taking place in this city as a feature of the big St. Thomas Gun Club shoot which it is announced today will provably be transferred to London this year.

The reason for this possible change it is cleaimed to be the action of the St. Scleaimed to be the action of the St. Thomas city council in prohibiting the shooting of the live birds at the annual tournament, owing to pressure brought to bear by the St. Thomas Humane Society and also of the women's organizations.

Over long-distance telephone, Mrs. Gray said to The Advertiser today: "We have been endeavoring to get in touch with your mayor and police magistrate and other influential men in the city, as well as the women's organizations to make an appeal to have this feature of the gun club tournament prohibited in your city.

"The fact that the city council of St. Thomas after several years' experience should forbid it ought to be proof to the London authorities that it is not a desirable thing to into duce. Only those who have lived in club and the degrading influence. All over the city after one of these whoths we find after one of these wounded and dead birds that have

Hiker Robinson reached Hamilton Thursday afternoon at 4:30 o'clock. He was met by the headquarters staff, who gave him a royal wel-come. In Brantford he made a speech at a movie theatre, and was cheered to the echo. Pte. Robinson aiso made several speeches in Hamilton Thurs-day night, where he was heartily received.

Pte. Robinson expects to arrive in Toronto Saturday at noon. He will be met by representatives from the Ontario Victory Loan headquarters and escorted through the city to headquarters, where messages from London will be delivered.

A canvasser who approached a woman Thursday was implored not to take her son to war. She thought hat his armband was the insignia of the military police. When she found out her mistake, she bought two bonds.

"No, I don't think that I'll take \$500 just now. If you come back at the end of the week I almost think that I could make it \$1,000," said one woman Thursday. Will the canvasser return for the thou? He will,

been ruthlessly and cruelly sacrificed.
Only two states of the American
Union, Pennsylvania and Ohio, will
now permit this live bird "trap shooting." It has been prohibited for years
in England.
