Probable That Polling Will Take Place Before or on Day of

Presidential Election.

Montreal, Sept. 0.-(Special.)-The igns that make for general elections lmost at once are multiplying. It is tated by Montreal Liberals who are upposed to know whereof they speak hat a dissolution of the present parfament will come about within the week. So specific a statement as that the announcement will be on Thursday next has gone out from Liberal members of the present house.

It is well known the Liberal candidates in St. Ann's and St. Lawrence have engaged committee rooms, that Liberal organizers have been actually ngaged and are now at work and that the work of checking up voters' lists has been entered upon. Voters' list are being rushed at Ottawa and a lot of this work has been apportioned to printing offices in Toronto and Montreal. So much for work preparatory to

As to the date of polling, Liberals

As to the date of polling, Liberals have been heard to say that "every-thing will be over" by the end of Octo-ber. In other quarters the middle of November is the date set for the poll-ing. At any rate it is the general opinion that the elections are "on" and that the resultant campaign will be short and sharp. The probability is polling will take place the day be-fore, or perhaps the very day of the presidential election. A special to The Herald from St. John, N. B., says: Hon. W. S. Fielding, fnanance minister, has gone to Bangor, Me., and Hon, H. R. Emmerson to St. Stephen, while the opposition leader will proceed to Quebec. Privately the cabinet ministers warned their friends that it was well to be ready for an election, and publicly Mr. Borden de-clared that there will be an election. To-day both Liberals and Conserva-tives in St. John are convinced that the next few weeks will bring a definite amouncement on the subject, but no-where in the province is any public move being made toward the nomina-tion of candidates. Conservatives who were here representing different coun-ties cheered their leader by promising him supporters in the next house. Lib-erals are equally sure of success in the same constituencies.

The abuse of The Toronto World by The Hamilton papers is the best proof of the betrayal of the rights of the people of Hamilton. Hamilton is sewed up to the Gibson electric merger, and it was lured into that control by The Spectator, The Times and The Herald. These papers indulge in a lot of horseplay in their columns, appart of a state of the proprietors meet in secret is the induced to propositions that the city is asked to the test of the municipal rights of the people of Ontario is. The greatest enemy to the municipal rights of the province, and yet The Hamilton Spectator, supposed to oppose him politically, has never said a word against into this score. Neither has the Conservative opposition in the Ontario protect the municipal rights of the people of man who was paid and sword to protect the municipal rights of the people, and was the most unprivelet of all municipal raiders.

cipied of all municipal raiders. Ottawa had a narrow escape from the fate that has overtaken Ham-ilton. The electric ring got two of the papers in that city, and thought it had the third. The electric ring of Kingston tried the same game. Some of the newspaper share owners of Hamilton are big shareholders in the electric ring, and it is common rumor that on the volume of job printing that flows into some of the Hamilton newspaper offices depends the policy of these newspapers on certain questions

printing that flows into some of the Hamilton newspaper offices depends the policy of these newspapers on certain questions. The Herald cannot understand why The World, in attacking the Hamilton Street Railway Company, should make war on Hon. J. M. Gibson. Is not Hon. J. M. Gibson president of the Cataract Power, Light and Traction Company, and as such, is he not directing the attack against the City of Hamilton to.day? What further justification should The World require for placing on Mr. Gibson the responsibility that rightly belongs to him?

Is it not Hon J. M. Gibson, president of the Cataract Power, Light and

Is ft not Hon J. M. Gibson, president of the Cataract Power, Light and Traction Company, who is attempting to deprive the people of Hamilton of the eight-for-a-quarter tickets? Is it not this same Mr. Gibson who. seeks by this means to induce the City of Hamilton to forego the mileage and percentage, which is now yielding a handsome revenue to the city? If these acts do not leave Hon J. M. Gibson fairly open to attack in the sight of The Hamilton Herald, that journal has a very poor notion of its duty to the people it pretends to serve. Hon. J. M. Gibson, as president of a company that directly aims at confining the use of limited tickets to a small circle of citizens, and indirectly desfres to divert an annual civic revenue of \$22,000 a year into the treasury of the Hamilton Cataract Power, Light and Traction Company, surely exposes himself to public criticism.

But Mr. Gibson, as president of the Hamilton Power, Light and Tracbut Mr. Gibson, as president of the Hamilton Fourt, has the track tion Company, and attorney-general of Ontario, is doubly open to attack. What is the office of attorney-general for if it is not to protect muni-cipalities against franchise-holding corporations which the legislature creates? Circumstances may easily be conceived, in which it would be necessary for the City of Hamilton to appeal for protection against its Street Railway Company to the attorney-general and to the Ontario

creates? .Circumstances may easily be conceived, in which it would be necessary for the City of Hamilton to appeal for protection against its Street Railway Company to the attorney-general and to the Ontario legislature. What position would Mr. Gibson be in, if such application were made? Would he deal with it as attorney-general of Ontario, or as president of the company, whose acts were the subject of appeal? The Herald admits that the Hamilton Street Railway Company is very tenacious of its rights and privileges, and very bold and aggressive, if not unscrupulous in its attempts to encroach upon the rights and privi-leges of the public. Every word of this criticism applies to Hon J. M. Gibson, under whose direction the Hamilton Street Railway Company is "bold and aggressive, if not unscrupulous, in its attempt to encroach on public rights." The whole province, as well as the City of Hamilton, has a keen interest in the spectacle of the attorney-general of the province encroaching upon the rights and privileges of the public. Mr. Gibson is sworn and paid to protect public rights. How well he lives up to those obligations is shown by the assertion of a friendly journal, that the com-pauy over which he presides is very bold and aggressive, if not unscru-pulous, in its encroachments on public rights and public privileges. The Herald has given a most impressive condemnation of Hon. J. M. Gibson in the very words which it designed to excuse his conduct. At-torney-General Gibson cannot be dissociated from the Cataract Power. Light and Traction Company, which is the Hamilton Street Railway Com-pany, the aggregation that has repudiated its agreement and now en-deavors to divest itself of its liability to the city for mileage and per-centage.

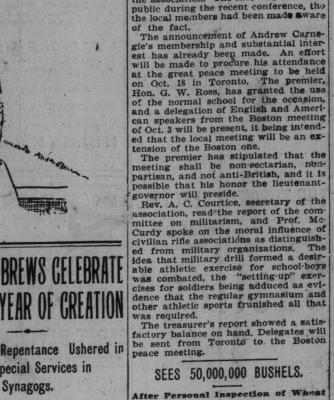

RUSSIAN LOSSES 20,000 ES AGAINST JAPS' 30,000

Horrible Plight of the Tentless and Shelterless Soldiers Follows Retreat From Liaoyang.

There is a lack of specific information regarding the exact situation in Manchuria. The Russian general staff, lacking details, is unable to speak authoritatively, while advices from Japanese sources are significantly lacking. It is established that the Russian army is safe at Mukden, and teh retreat was accomplished in good order, in spite of the harrassing Japanese, sodden roads, and the fact that Kuropatkin was hampered by more than 12,000 wounded. There is nothing yet to indicate the exact whereabouts of the three Japanese armies. When last heard from, Kuroki's forces were on Russian flank, and steadily pushing northward, but Viceroy Alexieff reports that railway and telegraph communication between Mukden and Harbin is uninterrupted. Gen. Sakharoff reports that there was no fighting during Thursday, and while the outposts are still in contact they are not even exchanging shots. It seems to be established that Oyama's troops practically abandoned on Wednesday the attempt to head off Kuropatkin, and that the last determined effort to bring the Russian commander to bay was made on Tuesday. A detailed list of the Russian losses is promised to-day (Saturday), and it is expected that

these losses will approximate 20,-000, as against 30,000 for the Japanese
