Revolving Fund Loans
Robert Swampy, #623 Samson Band
Arnup Louis, #490 Samson Band

Copies of letters from Headquarters to Regional Director, dated March 13th, have been received (re above files) at our office.

Is it not possible for Headquarters to indicate whether these loans will or not be approved once funds are available? If they will not be approved, then these people can begin to alter their plans, or try other sources of credit. It would be unfortunate for them to wait until next month to receive such advice which could delay their operations significantly.
