50887-11-29

STEEL WORKERS GET AN INCREASE IN THEIR WAGES

To meet the increased cost of living the United States Steel Corporation decided on last Tuesday to increase the wages of its employees 10 per cent., with a proportionate advance in cost of living in the mines and transportation companies. This is the third increase made this year for a total of 38 per cent. over the wages in force Jan. 1. After the weekly meeting of the Finance Committee, Chairman E. H. Gary issued this statement:

Ordinarily the question of wages would not come up for consideration or decision at this time of the year, but in consequence of the abnormal conditions now existing it has been decided to increase the wages rates of our iron and steel companies about 10 per cent. and take effect Dec. 15. As to other departments increases will be equitably proportioned.

"The clerical forces in the various offices of subsidiary companies are expected to share in the uplift. All told about 200,000 men are employed by the corporation, and the average monthly wage now existing it has been decided to increase the wages rates of our iron and steel companies about 10 per cent. and take effect Dec. 15. As to other departments increases will be equitably proportioned.

"It is estimated that 175,000 laborers are employed at the blast furnaces and steel mills, whose average wage last January was \$9 a day. After Dec. 15 they will get \$2.54 a day. Figuring 200 working days to the year, the corporation will pay to the day laborers on its payroll in the neighborhood of \$141,000,000 a year on the new basis, compared with \$200,000,000 being distributed annually at the January rate to the 100,000 laborers then employed.

"In this table is presented the monthly record of employees and payroll for the first half of this year and the average number of employees and total payroll in the five preceding years:

1916.	Employees	Payroll.
January	222,540	\$17,682,866
February	240,195	19,488,850
March	247,048	21,187,125
April	244,459	19,880,114
May	258,778	23,872,138
June	258,268	22,978,408

Total wages for 6 months \$124,789,298

Wages for Last Five Years

1915	Employees	Payroll.
1915	191,126	\$16,900,868
1914	179,858	16,287,906
1913	228,906	20,706,176
1912	221,025	18,851,601
1911	196,886	16,145,081

It is expected that the Republic Iron and Steel Company, the Lackawanna, the Cambria, and other big producers of iron and steel will not be able to advance into operation. They followed the lead

A. S. Thompson.
50862-12-27

of the Steel Corporation when the other increases were voted last January and April.

While wages have advanced 38 per cent. the prices for steel products have risen this year from 200 to 600 per cent. The findings of statisticians who have looked into food prices are correct, as made public on Monday, the cost of major foodstuffs has advanced 80 per cent. in the last year. The 38 per cent. wage increase, therefore, leaves the employees of the corporation 3 per cent. ahead of their position a year ago when they meet their grocery and butcher's bills.

In voting the two previous wage increases, the Finance Committee of the Steel Corporation considered as one factor the rising cost of living throughout the country. Presumably the same item had influence in yesterday's action. If the findings of statisticians who have looked into food prices are correct, as made public on Monday, the cost of major foodstuffs has advanced 80 per cent. in the last year. The 38 per cent. wage increase, therefore, leaves the employees of the corporation 3 per cent. ahead of their position a year ago when they meet their grocery and butcher's bills.

"It is estimated that 175,000 laborers are employed at the blast furnaces and steel mills, whose average wage last January was \$9 a day. After Dec. 15 they will get \$2.54 a day. Figuring 200 working days to the year, the corporation will pay to the day laborers on its payroll in the neighborhood of \$141,000,000 a year on the new basis, compared with \$200,000,000 being distributed annually at the January rate to the 100,000 laborers then employed.

and temporary shelters of the ground newly won.

"He managed to concentrate a striking force during the night with which he dashed into Beauport at dawn, bombing and bayoneting the Germans. For ten minutes the Germans fought and then surrendered en masse to the officer, who had received three additional wounds during the capture of the village."

The naval division took 2,000 German prisoners at Beauport.

A man on a holiday trip arrived at an Eastern seaside resort and went to the hotel.

Soon afterward a friend called and was shown to his room. He found the traveler sitting in a chair surveying with gloomy countenance a trunk which stood against the wall.

"What's the matter?" asked the caller.

"I want to get a suit of clothes out of that trunk," was the answer.

"Well, what's the difficulty—lost the key?"

"No, I have the key all right," said the other, heaving a sigh. "I'll tell you how it is. My wife packed that trunk. She expected to come with me, but was prevented at the last moment. To my certain knowledge she put in enough to fill three trunks the way a man would pack them. If I open it the things will poll up all over the room and I could never get half of them back. Now, what I am wondering about is whether it would be wisest to go out and buy a new suit of clothes or two additional trunks."

THE PALE BLOODLESS YOUNG GIRL

Easily Noticed by Her Blanche Cheeks, Bloodless Lips and Dull Eyes

Perhaps she is sixteen. Suddenly she seems to lose strength. Her beauty fades because her vitality is steadily decreasing. Dark circles appear under the eyes which become listless and dull. Her spirits droop for no girl can be contented and happy in such a condition.

This may be quickly corrected by taking Ferrozone. It supplies what is lacking in the blood, purifies and strengthens it and keeps it in perfect order. Ferrozone makes plenty of red blood corpuscles, makes thin people fat and gives people well.

No case of Anemia is too chronic for Ferrozone. It may take time, but it persistently will cure in the end. To my certain knowledge she put in enough to fill three trunks the way a man would pack them. If I open it the things will poll up all over the room and I could never get half of them back. Now, what I am wondering about is whether it would be wisest to go out and buy a new suit of clothes or two additional trunks."

Every woman who desires a vigorous constitution and the good looks that come with good health should take Ferrozone after each meal regularly. It is a wonderful tonic for the brain, the nerves, and the blood, and acts also as an efficient but harmless regulator of the menstrual flow. No fact for the diseases peculiar to women and growing girls. Ferrozone has no equal as your drug-gist can tell you.

Three weeks' treatment costs 50c. or three boxes for \$1.25. Sold by druggists and dealers in medicine everywhere.

CATHOLIC MORALITY.
E. COMYNS DURNFORD (PAR-rol & Sons, publishers, 10 Warwick Lane, London, E.C. 4, N.E.) Oxford Chronicle. The selected apothegms certainly establish the fact that the inculcation of the present morality is not the monopoly of any single religious system. Springfield Republican, Mass.: A singular little booklet. One will surely find in "Catholic Morality" a shilling's worth of excellent moral maxims, and an equally full shilling's worth of subjects (for moral) discussion. Birkhead News: To the thoughtful the book will be an interesting and probably fruitful one. Times, London: Seems to be well written. Sunday School Times: A dainty little book. It contains brief accounts of the great religious systems of the world, and quotes wise sayings from many sources. Erratum: p. 16: "pre-ferred" read to the child brought up by unworthy, careless, parents.
