Your Child's Cough

Is it nothing? Is it to be neglected until it leads to that terrible scourge consumption? Peps stand between winter coughs and colds, and serious consequences. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth, turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing.

Try a box of Peps for your cold, cough, sore throat or asthma. All druggists and stores of Peps Co., Toronto, will supply.

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, herbs and salts, which are gathered especially for it.

Hood's Sarsaparilla has stood the test of forty years.
