HISTORY SCHOOLING IN QUEBEC PRAISED

Canadian Press Despatch.

OTTAWA, Sept. 9.—In an address regarding the teaching of Canadian history in the schools of Canada, Dr. S. J. Maclean, of Ottawa, last night, told the convention of the Association of Canadian Clubs, that the Catholic schools of Quebec were doing especially good work in that subject. He declared that it was stressed in the schools of that province, and as much attention was paid to the parts pertaining to the English rule since 1759, as to the history of the country under the French regime. The teaching aimed to instruct the pupils in the history of Canada, as a whole.

WOODMAN'S POINT CHILDS' PROGRAM

Entertain Parents and Friends;

WESTFIELD, Sept. 8. — The little folk of Woodman's Point gave a very delightful entertainment for their parents and friends on Monday evening, when "Nursery Rhyme Land" was put on by them at the home of Mr. and Mrs. Geo. Oland, under the direction of Miss Rande. Too much can hardly be said of the little people's acting, and the costumes were both artistic and charming. Perhaps "Polly, Put the Kettle On," "Sing a Song of Sixpence" and "Three Blind Mice" were the favorites, but all were so good it seems hardly fair to differentiate.

Simple Remedy For Bad Stomach Gives Quick Relief

No Need of Strong Medicines or Diet—Famous but Simple English Recipe Keeps Stomach in Fine Condition, Relieves After-Eating Distress.

If you are a victim of Stomach Troubles, indigestion, Pain or Bloating—you may have quick and certain relief by following this simple advice. Don't take strong medicines, settle your digestion, get full down your system by following "Unnecessary Starvation Diet."

Never hurry your meal or overeat anything, but within reason most folks may eat what they like—if they will keep their stomachs sweet, clean and active, and free from the souring acids which hinder or paralyze the work of digestion.

And the best and easiest way to do this is to follow every meal with a small amount of pure Bismarcked Magnesia—pleasant, harmless and inexpensive form of Magnesia that promptly neutralizes acidity and keeps your stomach sweet and clean.

A week's trial of Bismarcked Magnesia, which may be obtained from any druggist for only a few cents, will easily convince you of the great value of this old English recipe.

Be sure and get BISMARCKED Magnesia—not a laxative.

SPANISH NATIONAL ASSEMBLY TO MEET

Madrid, Sept. 9.—The National Assembly, which is taking the place of the Cortes, the parliament dissolved by General Primo De Rivera in September, 1925, is to meet for the first time next month.

General Primo De Rivera, the premier, in a circular letter addressed to the provincial authorities, says normal conditions have been re-established. He expresses thanks to all the authorities, civil, naval and military, for their aid in solving "the serious difficulty, which faced the government" through the mutiny of the artillery corps.

CHICKEN HATCHERY PLANNED FOR HERE

Project is Taken up at Meeting
—Supply Day Old
Chicks

The project for establishing in Saint John a large commercial hatchery to supply day old chicks to the poultry raisers of New Brunswick and other territory in the Maritime Provinces was advanced one step further at a meeting of the executive of the New Brunswick Poultry Exchange held in the city this week.

Those present at the meeting were Harvey Mitchell, deputy minister of agriculture; G. R. Wilson, Moncton, district poultry promoter; Leslie Wood, Fredericton, poultry superintendent of the provincial department of agriculture; A. Goguen, St. Louis, Kent county poultry promoter; J. A. Chaisson, of Rogersville, president, and A. R. Jones, manager.

The aim of the hatchery would be to supply day old chicks of reliable quality at a reasonable cost early in the season, since the early hatched chickens are the winter layers. There is a very large demand for day old chicks and very large numbers are imported from the United States.

INTEND TO CARRY ON

Maritime Canneries Ltd., Suffer
Loss of Some \$8,000 by
Fire

Although the Maritime Canneries Limited carried no insurance and in the destruction of their entire plant at White's Bluff by fire early on Wednesday morning their loss was about \$8,000 they will start operation again as soon as possible, it was said at their city office yesterday.

It had not been definitely decided whether a new plant would be hastily constructed or whether arrangements would be made to rent suitable premises for this season at least. If suitable premises can be secured for renting the Canneries will be in operation in three weeks time. If it is necessary to build it will take longer.

Edward J. Tucker is the president of the company which is in the nature of a farmers' co-operative venture.

PRINCE INJURES HIS THUMB AT GOLFING

BIARRETZ, Sept. 10.—The Prince of Wales has sprained his thumb while playing golf at this famous resort and is forced to wear a bandage.

As a result he has suspended golf for a while. The Prince had improved his golf during the spring and summer at Sandwick, England, until his handicap had been reduced to 12. Although his putting was still weak, he had hoped to correct some of the defects by playing on the Biarritz links.

CROWDS WELCOME GERMANS IN GENEVA

Stresemann Glad to Return;
Foster's Speech Marks
League Meeting

GENEVA, Sept. 9.—Great crowds to night welcomed the Germans back to Geneva and tomorrow in this centre of international effort the Republic of Germany will be formally installed as a member of the League of Nations.

Dr. Gustave Stresemann, the Reich Foreign Minister, weary but smiling after an uncomfortably hot trip from Berlin, said as he stepped from the train:

"I am glad to be here. I am glad to be back in Geneva. I am glad to see such an optimistic peaceful spirit."
