C. P. Superintendent Says Ban Will Remain Until Conditions Better

CONGESTION REPORTED IN TWO DISTRICTS

Limited Facilities Retard Treatment at Winnipeg and Vancouver

tive midnight Saturday, Nov. 14, an absolute embargo on all EVENING OF MUSIC grain to the Pacific Coast will be imposed and will remain in effect until such time as conditions Dr. W. P. Broderick Gives Lecnow prevalent are relieved.

E. D. Cotterell, superintendent of transportation, western lines, C. P. R., stationed at Winnipeg, is authority for the above statement. Mr. Cotterell, who reported to headquarters of the system here today, gave reasons as follows for the embargo.

transportation, western lines, C. P. R., stationed at Winnipeg, is authority for the above statement. Mr. Cotterell, who reported to headquarters of the system here today, gave reasons as follows for the embargo.

BAD WEATHER IS CAUSE.

"During practically the whole of October weather conditions have been the worst for some years in the west It as been cold and wet and even snow in some sections with considerable severity of frost at times. On account of this, much of the western wheat crop has turned out tough and damp and the necessity for treatment of this wheat has led to great congeston at Calgary and Vancouver, due to the limited facilities available for such treatment at those points. Until this congestion can be relieved it is obvious that the only and best course to pursue is to impose an embargo on te carriage of wheat to Calgary and Vancouver and this will be done."

The program at the meeting of the Teachers' Association last night was in the charge of the teachers of St. John the Baptist school. Dr. W. P. Broderick gave the address of the evening, his theme being "Appreciation of Music."

He dealt specially with Irish music and of the Irish people's characteristic musical ability.

The very hearty vote of thanks extended Dr. Broderick was moved by Miss Katherine Robinson. Musical numbers of the program which were greatly appreciated. Miss Margaret Flood, with Miss Mary Baxter as accompanist, and Harold Gillis, with Mrs. M. A. Quinlan as accompanist, sang very pleasingly.

CANADIAN PACIFIC—COMPART-MENT SLEEPERS.

Several months ago the Canadian Pacific Railway commenced the operation of Compartment Sleeping Cars on train leaving Saint John for Montreal at 4 o'clock in the afternoon, as well as train leaving Montreal at 7 in the evening. The results have been highly satisfactory, and patrons are greatly pleased with the new idea. Of course, such Sleepers have always formed part of the standard equipment on the more 'important lines of the Canadian Pacific, and travelers from and to the Maritime Provinces are glad to know of the addition of this class of Sleeper to the regular equipment of these particular trains. When it comes to comfort and luxury at not too great these particular trains. When it comes to comfort and luxury at not too great an expense, the three compartments of the car meets all the requirements of the most exacting. Considerably less in price than the standard drawing room, designed and equipped in practically the same fashion, they afford the strictest privacy, and contain one upper and lower berth, as well as other accommodations and facilities afforded in ordinary sleeping car drawing rooms. Outside the space taken with compartin price than the standard drawing room, designed and equipped in practically the same fashion, they afford the strictest privacy, and contain one upper and lower berth, as well as other accommodations and facilities afforded in ordinary sleeping car drawing rooms. Outside the space taken with compartment structure, the remaining section of the car is given to observation purposes. There is no doubt at all but when the service becomes more generally known there will be growing deally known there will be growing de-mand for compartments, which will in-sure Canadian Pacific patrons the very best of service in travel requirements.

After the closing devotions, led by R. H. Parsons, refreshments were served by the Misses Willa, Frances, Marion and Dorothy Lanyon.

The feeling is that Britain has been made to pay for the privilege of being the first debtor to settle with the United States. Officialdom hesitates to comment on the Italo-American funding agreement until further details of it and of the Italian capacity to pay have been received. Under the government's debt program the Italian payments to the United States automatically become in proportion the minimum Britain would accept from Italy.

Here is a home-mad, syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a, 16-oz, bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.
