Colin Campbell  
St. John's

A sailor boy stood on the deck  
And wildly gazed all 'round;  
He knew his ship would soon be wrecked  
And all on board be drowned.  
He said "I know I never shall see  
The friends I love on shore;  
I'll write some lines to mother dear  
To read when I'm no more."

CHORUS—  
Farwell, mother, we must part,  
But no doubt you'll oft think of me,  
When you know you're boy lies low  
At the bottom of the deep, deep sea.

He wrote a note, then placed it in  
A bottle quite secure;  
Then watched it glide along the waves  
And prayed "twould reach the shore.  
That some kind friend might bear it to  
His mother far away;  
And as the storm increased the boy  
Was heard again to say:

The ship went down, the boy was drowned,  
And now the mother who  
Is almost mad about her lad  
She never more shall see.  
Upon this earth her joy and mirth  
Is turned to grief and gloom.  
The note he wrote that morn was borne  
And printed on her tomb.

## Harbor Grace Marine Docks

At the meeting of the Mr. Grace Marine Railway Docks Co. at the Board of Trade rooms yesterday afternoon, the election of officers for the ensuing year resulted as follows:—

President, J. J. Murphy; Vice-President, J. J. Murphy; Secretary, J. J. Murphy; Treasurer, J. J. Murphy; Messrs. C. A. Jarrett, A. W. Pickett, Jno. McRae, Jno. Duff, J. W. Grant, A. J. Goodridge, R. S. Mann and Capt. T. Mann will act in connection with the above as directors. Though the fiscal year does not end till May 30th, it was deemed advisable to hold the annual meeting at the present time. The dock, which is one of the finest of its kind on this side of the Atlantic, has been working at full speed during the past year, and though delay was caused while the large cradle was being improved, the returns are ahead of the corresponding period in 1914. During the season some 74 vessels were handled, the largest being the Lake Simcoe, the largest of our mercantile fleet, which was taken on the stocks with 40 tons of ballast aboard and given a thorough overhauling. It was decided that circulars be issued to all owners of schooners along the coast from Little Bay Islands to Burgeo, asking that they send their vessels to Mr. Grace, as the work of repairs can be done there as cheaply, expeditiously and as well as anywhere else, all requisites for repairs, oakum, paint, etc., being always on hand, and a staff of first-class workmen engaged.—News.

So I bought one box and before I had used them all, the pains were almost gone and I could keep at work. ## True Loyalty

This is a very critical time in the history of our Empire. It is a time when every man calling himself a Britisher and a subject of King George should concentrate all his efforts in a supreme effort to help the Motherland.  
It is a time when true patriots should not spend their time looking for the flaws. We should be content with the flaws of the Empire and see only the good behind the flaws.  
Not only actions but in a critical time like this words count. What some men make of themselves when they try to argue in favor of Germany and against Great Britain. They were born, and their fathers before them, breathing the very air of Freedom. They have always lived in a free country where men have the right to choose and support and fight for any reasonable cause for their own and their country's good.

If reports be correct, there are a few people who claim citizenship under the folds of the good old Union Jack disposed to favor Germany in this war. But, thank goodness, their numbers are few. The hearts of the bulk of the people of Newfoundland beat in unison and in sympathy with the aims of the Motherland, and even in the few cases of a pro-German type, the trouble is due to ignorance and a misconception of the causes and motives of the present gigantic war now raging.

## The Wise Non-Advertiser!

There was a man in our town  
And he was wondrous wise;  
He spent many a pleasant  
Yet he wouldn't advertise.  
He thought it foolish to announce  
His business, as some think  
He ought to do, and said,  
He had no use for printer's ink.  
Promotion or publicity  
Was something which  
The man he had much less  
His chance of getting rich.  
He said he studied it  
And knew that advertising would  
Beyond the shadow of a doubt  
Do more harm than good.  
This man is our town  
Was truly wondrous wise!  
Which was why he wouldn't advertise.

## Disaster on Labrador

Dr. Hare, of the Grenfell Hospital at Harrington, Labrador, writing on November 24th to Prof. H. A. Smith, of the Methodist College at Halifax, reports that on November 18th several men from Harrington rode to a cape near there to shoot birds and a seal or two, if possible. The day was fine when they started, but without warning a N. W. storm swept down and before they could regain shelter it raged to a hurricane blowing 84 miles an hour. Some of the boats were got safely back but three men perished—Albert Ranson, leaving a wife and child; Enos Cox leaving a wife and four children; and James Erritt, an orphan boy.

## Postal Office

(Editor the Guardian).

We, as a people here in Shearstown would like to know why the Post Office was built here last fall and what for? At the present time it is merely an ornament. It is ridiculous to have an office and then to pay rent to another man for the hire of an office, if it can be called so.

People going for mails have to wait outside until the mail is sorted and then passed through the door to them. I think it is time for the authorities, if there be any, to wake up and see if the office is opened immediately instead of people having to wait in the cold until mail is sorted.

At the present outlook it would have been better to have kept the sum of \$500, which it cost, and given to some of the Tory leaders for a "pleasure trip."

It is time for us to be up and doing. If we have an office built, open it immediately and have satisfaction like they have in Bay Roberts. Wake up, my friends, and see to this matter. Thanking you for space, Mr. Editor,  
VOTER.

Shearstown, Feb. 23, 1915.

'What is everybody's business' (in legal matters) is nobody's business. We can appeal to the 'authorities,' but very often they are troubled with deafness. ## Family of 3 Wiped Out By Buffalo Murderer

Buffalo, Feb. 5.—A triple murder in which an entire family consisting of grandmother, mother and daughter, was wiped out, was discovered at Salamanca today. The victims were in their beds with their heads crushed. The victims are Mrs. Leslie Drake, 65; Mrs. Irene Spencer, 35; and Gertrude Spencer, 12.

They had been slain as they slept. Physicians who examined the bodies said that the murder had been committed three or four days ago. The police have sent out an alarm for a former boarder at the Drake house who is reported to be missing.

## COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and was so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down.  
So poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.  
Not Well Enough to Work.  
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

## Amatite Roofing!

You'll Never Need a Paint Brush.

When you lay Amatite on the roof you're through with it. You don't have to paint it every year to keep it from leaking. It has a real mineral surface which does not need painting. Most of the old-fashioned, 'smooth surfaced' or Rubber Roofing, which requires painting, costs more than Amatite and you have all the extra cost of paint. It looks as if now to give your roof an occasional coating in the future. But do you realize that in 1913 you must paint it, and in 1915 you must paint it, and in 1917 you must paint it, and in 1919—that far away year—you must still be painting that confounded old Rubber Roof. Why, a new Amatite Roof will cost less than the paint alone. Send to us for free samples and booklet explaining all about it. Ask your dealer for Amatite Roofing.
