Lifeguard Soap is delightfully refreshing for Bath or Toilet in hot weather. For washing underclothing it is unequalled. Cleanses and purifies.

The steamer Hampton will run an excursion to Hampton on Monday, Labor Day, leaving at 9 a. m. and returning at 7 p. m.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the train or steamer. Changes of water and climate often cause sudden attacks of diarrhea.

After a lingering illness, Mrs. Christie W. Irons passed away at 10 o'clock last evening at her residence, 189 Main street. She deceased was well known in the North End and was highly respected by her many acquaintances. She is survived by two sons, James P. of Boston, and Melvin W. of this city; one daughter, Mrs. F. J. Nesbit of this city; four brothers—James W. Mullin, Concord, Mass.; John F. Mullin, Cady Station, Queens Co.; Wm. F. Mullin, Weymouth, Kings Co.; and Daniel A. Mullin, Portland, Me.; and three sisters—Mrs. E. P. Vickford, Pitts Colville, Wash.; Mrs. Mary A. Tette, Seattle, Wash.; and Mrs. John McLeod, Johnston, Queens Co. Interment of the remains will be made at the Narrows, Queens County, on Sunday.

## Rest Your Stomach

Is the advice given to you when that organ becomes sluggish and refuses to digest the food? This is one way to get indigestion, and if you can afford time and money to repair to a sanatorium to spend a few months you will no doubt receive benefit. But when one has to work to meet the proper nourishment and only a strong and healthy stomach can supply such to the body. Watson's Stomach Tonic imparts new life to tired digestive organs. It does not irritate the stomach, but it acts on the stomach in such a way as to tone and strengthen that organ. Watson's Stomach Tonic never fails to give relief, no matter what form of indigestion or stomach trouble it is taken for. It is a thoroughly effective remedy without bad after-effects, and scores of persons now testify to its efficacy. 40c to 75c per bottle at the Drug Store, 100 King Street. Money back if you receive no benefit.

## ROBINSON-SIMMONS

The wedding of Miss Frances Mary Simmons and Mr. Gilbert Kennedy Robinson of London, England, will take place this afternoon at half-past four in Trinity church. Rev. Mr. Stewart will be the officiating clergyman and Mr. Ford will preside at the organ.

The bride will be given in a tailored suit of blue tulle and silk. The train is cut in Princess style and the coat is of three-quarters length with white moire revers. The picture hat is of blue Ottoman, trimmed with blue marabout and large gold buckle. She will be given away by her grandfather, Mr. W. E. Vroom.

Miss Gertrude DeBury will act as bridesmaid and Mr. H. H. Smith will support the groom.

After the ceremony the wedding party will take the train for Montreal, where they will make their home.

## SENATOR FERGUSON

## OF P. E. ISLAND DEAD

Filled Many Important Public Offices—Was Once a Member of the Federal Cabinet.

**CHARLOTTETOWN, Sept. 3.**—The death of Senator Ferguson took place at 7.40 tonight at his home in Marshfield.

By his death the province loses one of its best citizens as he defended its claims and powerfully advocated its necessities. In the senate he will be greatly missed and a splendid debater is dead.

Senator Ferguson was of Scottish descent and was born at East River in 1839. He received his early training in the public schools and private tuition. In 1873 he married Elizabeth Scott, of Charlottetown, and to this union there were born three sons and two daughters—Howard, manager of the Bank of Nova Scotia at Peterboro (Ont.); William, professor of Greek at Harvard University; Colin, actuary of the Great West Insurance Co., Winnipeg; and two daughters, Helen and Cora at home.

Senator Ferguson entered local politics in P. E. Island when in 1878 he was elected by acclamation for Carleton. The following year he was again elected by acclamation when he became minister of public works for the province. In 1880 he became provincial secretary and commissioner of public lands. He was a delegate to London in 1886 when the question of communication between P. E. Island and the mainland was considered. He also took a prominent part in the settlement of various questions arising between the province and the Dominion. In 1892 he was elected to the provincial legislature for Fort Augustus, being re-elected for the same seat in 1896, 1897, and 1898. In 1891 he resigned from the legislature to contest Queens county for Sir Louis Davies for the house of commons but was defeated. In 1893 he was elected a senator and the following year he accepted a seat without portfolio in the Bowell cabinet and in 1896 with the Tupper cabinet.

On July 1, 1898, on the defeat of the government, he resigned with the ministry. All his life Senator Ferguson had been devoted to agricultural pursuits and did much to encourage farming in his native province. He had published Agricultural Education, a lecture delivered before the Y. M. C. A. of Charlottetown, and Love of Country, a lecture delivered before the Benevolent Irish Society of Charlottetown in 1883. He was a Conservative and a Baptist.

There is more Oxtariff in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven oxtariff to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, and acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

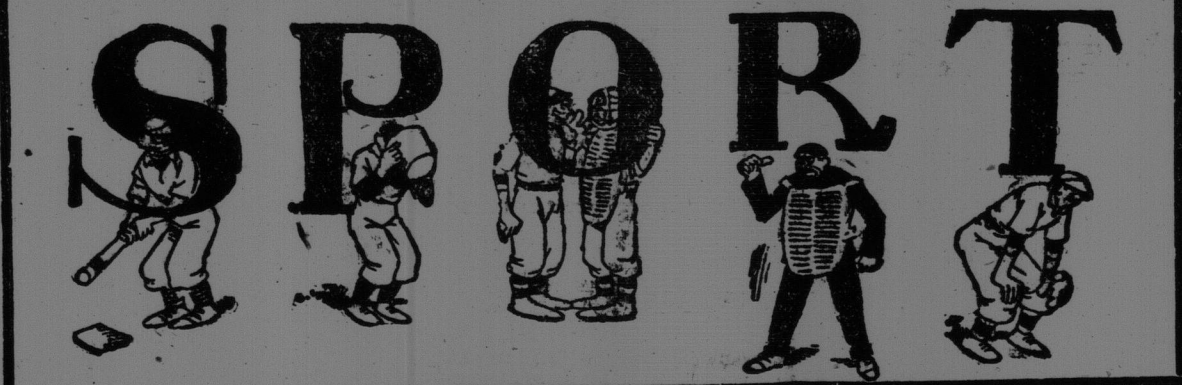

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, Etc. Take Hall's Family Pills for constipation.

## ENGLISH SPORTING EVENTS

The last of the N. C. U. championships, which was held at Herne Hill, England, affords another object lesson not only of the risks that are incurred by the use of pacing machines, but also of the unfairness of such contests as regards those competitors who cannot command an adequate supply of first class pacers and tandemists. The only thing that can be said with regard to this artificial method of racing is that it makes long distance contests more interesting from a spectator's point of view.

With regard to the chief race on Saturday, it was long odds one of two men, C. H. Bartlett, last year's winner, or P. H. Combes, the French amateur, who rode third in the recent 24 hours' race.

The only feature of the latter part of the race was the plucky fight made by the veteran Pett, who by the way is 33 years of age. He fairly held Bartlett until the bell rang, but then the Hamilton-Johnson tandem took the leader away and he gained nearly 60 yards in the last lap. Bartlett's time was 1 hour 45 minutes 19.5 seconds, or just over a couple of minutes slower than the amateur record, which was made by Meredith five years ago. Pett was 1,066 yards behind, and Denby and S. P. Bailey, who were some distance further away, were the only other men who finished.

## CANADA WILL SECURE

## ATHLETIC PEACE

**MONTREAL, Sept. 2.**—The hatchet will be buried for good by the C. A. A. U. Federation at their big peace meeting to be held here on Monday next, Labor Day.

This was the statement made today by Mr. Percy Lee, secretary of the Eastern C. A. A. U. The long peace which might be called "armed neutrality" between the two great bodies that have held tenaciously to their respective ideas of what the definition of an amateur should be has furnished a unique incident in Canadian athletic history. And the news that a common goal has been discovered on which they will form a union will be received with general satisfaction. The pipe of peace has at last been filed and is ready for the match that will be struck here on Monday. The pipe has been laying ready since early in the spring when the famous conference between Federation and C. A. A. U. officials took place in Montreal. Since that time considerable correspondence has passed between the organizations, and their differences have been gradually disappearing. Mr. Lee has just returned from spending the summer at the Y. M. C. A. camp at Lake Couchiching. While the meeting between C. M. C. A. and C. A. A. U. officials held there during the summer was called primarily to discuss athletic peace matters relating to this subject, yet in a very noticeable session was the result. The Y. M. C. A. athletic interests were placed in the hands of the C. A. A. U. men.

Among the prominent sporting men who will attend the Labor Day meeting will be President Merrick and Secretary Crowe, of the C. A. A. U.; Toronto; President H. S. Southam and Secretary P. J. Lee of the E. C. A. A. U.; Ottawa; Mr. H. Diplock, a vice-president of the C. A. A. U., Montreal; and D. F. J. Tees, of Montreal, president of the Quebec section, Y. M. C. A. athletic interests.

Mr. Lee states that although he knows the terms under which peace will be arranged he is not at liberty to divulge them at present.

## DELANEY THE WINNER

**CHARLOTTETOWN, Sept. 3.**—On the reassembling of the election court today at Summerside the returning officer gave judgment on the vote of Robert Schurman, deciding that Schurman who had voted in the recent by-election at Centreville, had voted out of his poll and the vote was expunged from the poll books. He had voted for Delaney.

The strenuous fight which has been going on for the past two weeks ended this afternoon when both sides withdrew their objections and Mr. Delaney was declared elected by a majority of one.

## SCHUMAN HEINK

On Tuesday of next week F. G. Spencer is mailing a circular letter to many of his former patrons, containing particulars regarding the proposed Schuman-Heink appearance in October.

But unfortunately Mr. Spencer is not in possession of more than half of these names and he would appreciate hearing from any friends who will promise their patronage for this great musical event.

Those interested may communicate with Mr. Spencer by mail through Box 115, or ring up his office at 'phone 864.

The future of these big Metropolitan events in St. John depends of course wholly upon the public response, and does other business propositions.

## MANAGER TALKS

## Investigation Over -- Greeks

## Likely to Play Millinocket

Manager Donald of the Marathons games last night made an announcement to the public that the Marathons baseball team, with the exception of Ramsay and Copeland, have had no connection with the unpleasant outcome of last Saturday's game.

Mr. Donald desires to state that after careful investigation he suspended Ramsay altogether from the team. The investigation showed that every other member of the team was absolutely free of any knowledge of, or participation in the disgraceful affair in the last game. The manager declines to make any further statement, regarding the results of the investigation at the present time.

Mr. Donald states that the team Millinocket desires to play the Marathons, and in support of his statement gives the following letter for publication:

**MILLINOCKET, Sept. 1, 1909.**

D. B. Donald, St. John, N. B.: Dear Sir,—Could we arrange two games for the 9th and 10th of the month with your team at St. John. Would play on the 10th and 11th if it would be more suitable for you. Wrote to Chas. Tilley, whom I was informed was the manager, but since have learned that you filled that position.

We are in the lead of the Northern League and our season closes on Saturday.

If you would like us to come kindly inform us what amount you will pay for two games.

Respectfully yours, P. W. CODY, M. D., Manager of Millinocket Team.

The Marathons' manager says that it is likely the games will be arranged. The Marathons line-up for today's game is to be as follows: Catcher, Leach; pitcher, Nesbit or Gilmer; first base, Bradbury; second base, Clawson; third base, Titus; short stop, Rootes; left field, D. Malcolin; centre field, Murphy; right field, J. Malcolin.

## REMARKABLE GIRL GOLFER.

A splendid round of golf has been played by Miss C. Letich, who, at the age of seventeen, reached the semifinal stage of the ladies' championship last year. Playing over the Siltho Club's course, Miss Letich completed a round in 72 strokes, and by so doing beat the amateur record for the course by two strokes, and the ladies' record, which was held by herself, no fewer than six strokes. The previous amateur record stood to the credit of Mr. J. D. Mitchell.

## RECEPTION FOR

## THOS. LONGBOAT

**COBALT, Sept. 2.**—Edward Harrison, a local runner, has consented to run Tom Longboat, the famous Indian, at the race meet in New Liskeard on Tuesday. He has been training faithfully for his big undertaking and is quite confident that he will give the redskin one of the greatest races of his career for at least part of the distance.

Longboat will arrive in Liskeard on Monday and will be tendered a civic reception, the mayor, town council, the band and members of the driving club taking part. There will be visitors in town from points from Ottawa to Cochrane and it is expected that the meet will be an immense success.

## NOT ENOUGH BALL

## PLAYERS TO GO AROUND

"The success of the Philadelphia and Boston teams in the present pennant race of the American League is a tribute to the clubs which have been forced to experiment with young ball players," writes J. F. Grillo, in the Washington Post.

"Two years ago the Boston Club, which was then made up of players who had won two championships, was a full-end aggregation. It was apparent that as then made up, the team could never hope to better its position in any race, and the wedding out of the old favorites was begun.

"Many of them are still in the league, but with other teams, none of which is now in as good a position as Boston, which picked up youngsters right and left and has succeeded in building up another winning team.

"Last year 'Connie' Mack was in a similar position. His team had been a have gone back and there was not much hope of it regaining its stride unless he could replace some of the old players with youngsters. He reached out and got every young ball player who promised anything and as a result, his team is tied for first place today.

"It is not likely that the youngsters have gone back to a standard, artistically speaking, as it was some years ago. The material for sixteen major league teams is not available."

## "FOR THE POLE WITH THE"

## FLAG."

It was the careful, practical outline of this comprehensive plan that led the explorers' friends and associates to have utmost confidence in the ultimate result. Of March 2, 1908, Dr. Cook left his base of supplies at Anaktok, on the northwest coast of Greenland. At the meeting of the Explorers' Club in New York in October, 1908, with the record of the Pole, I plan to cross Ellsmere Land and reach the Polar Sea by Nansen Strait. I hope you can induce some of the members of the club to come and meet me at Cape York. Here's for the Pole with the flag!

**ST. LOUIS, Mo., Sept. 4.**—Three St. Louis men, Ashley Clover, former Circuit Attorney, his brother-in-law, Dr. Jules Vail, and Sam Fortney, an attorney, made an ill-fated cruise into northern waters with Dr. Frederick A. Cook in 1884. The party had two almost miraculous escapes from death, and was finally taken to Newfoundland in a fishing vessel after its own chartered ship had gone down.

"The trip was ill-fated almost from the very start," said Mr. Clover today. "We started in the Quirion, a boat with a steel hull, that had been used in the New York-West Indies trade. There was a delay in getting the boat to New York and its outfit wires were crossed when started, which nearly caused an accident.

"It was a mistake as we afterward learned, to cruise in the northern waters in an iron boat. We ran into an iceberg north of Newfoundland, and had to return to St. Johns for repairs. The iceberg knocked a hole as big as a door in the prow of the Quirion, and the party abandoned the trip after our return to St. Johns, but the three St. Louis men continued.

"We were in a fog when the ship ran into the iceberg. The day before our first accident Professor Brower of Yale and I counted more than one hundred icebergs near the ship."
