THE MARITIME PROVINCES AND EASTERN MAINE CHAMPIONSHIP

The Maritime Provinces and Maine bowling championship tournament opened on Black's Alley yesterday morning and continued until nearly twelve o'clock last night. Six teams were seen in action: Calais, Me., Fredericton, Amherst, Y. M. C. I., and St. John's. Nine games were rolled and the large number of fans that lined the alleys were treated to some clever rolling by players on all teams. At the close of the day's play the Y. M. C. I. team was leading in points, Fredericton was in second place, Y. M. C. A. was third, Calais and Black's were tied, and Amherst brought up last.

The games will be resumed this morning and will finish in the early evening.

The following is the individual scores made in the games rolled yesterday:

WANT ASHES.
The East End Improvement League want several loads of clean ashes to put the diamond in shape and a man will be on the grounds to show where they are to be dumped.

Strongest Teams In American League

Cleveland and New York Appear Strongest in American League—Some Real Dope on Situation.

CLEVELAND AND NEW YORK STRONGEST IN AM. LEAGUE.
The American League situation is rather a complex one. Last year the Chicago won the pennant. But they fell before the Reds, and the fall to pieces. There was dissension in the club—and it did not prove itself a really great outfit in the world's series. On top of the defeat came stories—still unsubstantiated—of the alleged influence of gamblers on some of the White Sox. The team cannot be rated as a contender. Most of the critics believe that Tris Speaker's Cleveland club is the best in the league. New York will cast its vote for the Yankees—and will press the choice of the pitchers will come up to the performance of which they appear capable. The Yankees have a tremendous punch. They are not as fast as New York would like them to be but with that pitching staff and that power, ably seconded by Babe Ruth and his home-run bat, the Ruppert-Huston entry may give New York its first pennant in the younger league. Behind the Cleveland and New York clubs in the American League forecast come the Tigers—a fast club, with Ty Cobb a power still to be reckoned with. If the Detroit pitchers will deliver the goods under the new coach—Jack Coombs—Hushie Jennings may have the satisfaction of leading another club into the world's series. The once proud Red Sox are not picked to finish in the first division.

The pennant races will be started under revised rules, the most important of which have to do with pitching. Pitchers no longer are permitted to use freckle deliveries. They cannot rub the ball. The spitball may be used only by pitchers who were in the league last season and who have been certified as spitball pitchers. These changes may have a far greater bearing on the races than may be appreciated at this time.

SPECIAL CARS TO BOAT RACE.
New Haven, Conn., April 21.—An observation trial will be run for the Yale-Columbia boat race on the Housatonic River at Derby, April 24.—As the ball game with Pennsylvania will be played at Yale field this afternoon, special trolley cars will accommodate those who wish to go to the regatta, which starts at 4.45. The plans are similar to those of last spring, which worked well.

H. S. MORGAN CREW CAPTAIN.
Cambridge, Mass., April 21.—Henry S. Morgan, son of John Pierpont Morgan of New York, was elected acting captain of the Harvard freshmen crew. Morgan rows at No. 5, and also held the crew captaincy last year at Groton school.

Why Lemons In Tea?
The Russian practice of adding sliced lemon to tea is based on sound, scientific reasoning, as the fruit juice prevents any harmful effects from the tea. Thus the citric acid of the lemon offsets the tannin of the tea, rendering the beverage refreshing and wholesome.

Foes of Boxing Law May Lose At Polls

Board of Control Starts Movement to Fight Opponents With Votes.

Judging from information that reached New York recently from Albany the Army, Navy and Civilian Board of Boxing Control is engaged in a vigorous campaign in the direction of getting action by the Legislature in regard to boxing legislation. Capitol is to the effect that Gov. Smith in two days has received 648 telegrams from many of the most prominent citizens of Greater New York urging him to make an effort to have the Walker Bill reported from the Rules Committee of the Assembly in order that it may be acted upon by the lower house. The telegrams in question were sent by professional and business men of the highest standing, showing that there is a widespread desire for the placing of boxing on the high plane of honesty that would be assured by the enactment of the Walker bill.

In addition to this endless chain of telegrams to the Governor the Board of Control recently started a movement that may in future result in much disquietude to those members of the Legislature and other officials who have opposed or obstructed the passage of boxing legislation.

Through members of the American Legion there are being circulated scrolls for signatures of 1,000,000 persons, the signers promising to vote against any and all legislators who have put themselves on record as hostile to the enactment of boxing laws. Each scroll will contain fifty names, and a sufficient number will be circulated for 1,000,000 signatures.

The board of control is determined to get action on the Walker bill at the present session of the Legislature or to lay plans for the political punishment of those who have used boxing bills as footballs in the game of politics.

National League In Spring Series

As the baseball championship season opens and the result of the inter-league games which came to a close on Monday are completed it is interesting to note that for the first time in over a many years the National League had the better of the American. This was a natural aftermath of the Reds' victory over the White Sox. At the same time the Reds made a disappointing showing this spring. They played 17 games and won six of them, losing eight out of thirteen to Washington and three out of four to the Yankees. There were eighty-two inter-league games and the National League took forty-two of them—a very close decision, but a decision just the same.

The Giants made the strongest showing, taking ten out of fifteen with the Red Sox. The Brooklyn team took ten out of sixteen with the Yankees. Even the downtrodden Braves helped, taking six out of eleven with Detroit. The Cardinals won eight and lost seven against the Athletics. The Chicago and Cleveland clubs of the American League and the Chicago and Philadelphia teams of the National League did not figure in inter-league contests. In connection with long series such as the Giants and the Red Sox played it might be that they are injurious in every way and that we believe they will not be repeated in 1920.

Oxford-Cambridge Track Team Ready

Jackson, the Standard Sport Editor, Will Report International Track Events at Philadelphia for This Paper—Is With British Team.

(By Jackson, European Sport Editor of The Standard. Copyright, by Cross-Atlantic Newspaper Service, Inc.)
Philadelphia, April 20.—Though crippled by his injury, Wilfrid Tatham, who sprained his ankle at sea en route to the United States, of the Oxford-Cambridge relay team, with the consent of the Pennsylvania authorities, has entered for the inter-collegiate four-mile relay race at Franklin Field on May first. This finds the British team entered in both the two-mile and four-mile events.

Montague, the Oxford three-mile crack, will compete in the special three-mile race on Friday, April 30th, and Tatham may run home on way with him.

Dr. McKee, the Oxford hurdler, who is crossing on the S. S. Kronland, will run in the 120 yards hurdles on Friday, while Stud, the Oxford president, has entered for the 440 yard hurdles. The British runners are making the most of the conveniences for training at the Cricket Club. Trainer Shrubbs has put bars against all evening social engagements for visiting runners between now and May first.

The teams, while practicing, had opportunity to see the Pennsylvania track teams in training. We were particularly anxious to see Earl Eby on his feet, and in this we were not disappointed. He much impressed the visiting team by his stride, as also did Larry Brown, who appeared to run very much in the Oxford style. The Oxford-Cambridge team has not done any heavy work yet. Its members are waiting until they get fully acclimated before attempting anything of the kind.

NEW MIDDLEWEIGHT CHAMPION CROWNED

Tom Gummer of Rotherham Stopped Jim Sullivan, Former Title Holder, in National Sporting Club, London.

For the benefit of all English middleweights in America at the present time who may buy the delusion that they have some claim on the title, it is just as well to announce that a new middleweight champion was recently crowned in the National Sporting Club, London, in the person of Tom Gummer of Rotherham, who stopped Jim Sullivan, former title holder, in the fourteenth round of a poor contest. As indicating the poor quality of the middleweight timber in England, Jim Sullivan, who held the title even before the veteran Pat O'Keefe became champion, was called out to battle with Gummer. The new champion is not well known and must be of little calibre if it took him fourteen rounds to defeat the passe Sullivan.

YALE KICKERS PREPARING.
New Haven, Conn., April 21.—A system of drill outlined by T. A. D. Jones, the football coach, will be followed by candidates for Yale's varsity football squad this spring. The men will report for outdoor practice tomorrow, to be handled by Dr. Bull and Capt. Callahan. Emphasis is to be placed on forward passing, kicking, interference and defensive team play. Coach Jones will not be here, but a dozen former players and coaches are going to assist in development of the squad.

RACE TRACK MEN INTERVIEW GOV'T

Of Ontario, Regarding the Imposition of \$10,000 Per Day Tax.

Toronto, April 21.—The Ontario Provincial Government was today urged by an influential and representative body of race track men to defer the imposition of the proposed \$10,000 per day provincial tax on race tracks until the Federal Government's decision with regard to the tax on pari-mutual machines would be determined. The basis of appeal as outlined by the race track men is that the Federal authorities will impose some tax upon the profits, which may be derived from the gambling devices installed at the tracks.

If the provincial tax, as proposed, was also added, it was stated, it would be impossible for racing in Ontario to continue, either with or without betting. The Government promised consideration.
