

upon the scene, sports activities at "N" Division once again take on seasonal pastimes. Bowling is well under way, with eight teams competing. Commencing in late September, the ladies and lads of the division are "mowing 'em down" at the Maple Leaf Bowling Alleys this year. From the league's early start and early success, this promises to be another successful year. The following are the teams and their respective captains:

BEARS—Mr. Vezina. **TIGERS**—Staff Sergeant Anderson. **HUSKIES**—Sergeant Major Roberston. **BEAVERS**—Corporal Newman. **BOXERS**—Staff Sergeant Pomfret. **WANDERERS**—Corporal Chapman.

"O" Division

Welcome A welcome is extended to the following members: Constables Canam, Muskinski and Maynard from "Depot" Division; Thurber a former member of the division who has returned from "G" Division; Giberson, Cousins and McCormick who represented this division in the musical ride for the Royal couple in Regina and Glanfield a former member of the Division who recently returned to the Force. Constable Snow has been transferred to "A" Division.

Illness We regret that our Officer Commanding, Supt. J. Howe, is at the time of writing these notes, in Sunnybrook Hospital. It is hoped that before the *Quarterly* goes to press he will have completely recovered.

WOLVES—Corporal Poole. **LIONS**—Corporal Ferguson.

Some 12 members of the division are taking part in curling this season, with the "A" Division Curling Club. Of the number participating, Sergeant Major Robertson, Sergeant Taylor and Corporal Jensen are skipping teams in the competition.

Just in passing, it is of note to mention, that the "N" Division softball team won the championship for the year, and ended an unbeaten season in league competition.

Also in passing, congratulations to Staff Sergeant Pomfret, upon winning the "B" Flight Championship in the recent golf tournament run off by "A" Division.

Toronto Town Station has been having a "smashing" good time of late. The following members have broken bones: Constables Mawson (broken wrist), Stairs (broken ribs), McKenzie (broken arm) and Fullerton (broken toe).

Let's hope it isn't catching.

Sports Members of this Force again took part in the Toronto City Police Revolver Club Annual shoot at York St. Armories and while they didn't win any large prizes, they at least scored a sufficient number of points to get their entry fee refunded and attended the turkey dinner without paying. The members involved were Corporal Newman, Constables Gaines, Waldon and Holmes. The latter is from Hamilton Detachment. Good shooting!

Recreation While it is still rather early in the season for any worth-while reports under this heading, it does look as though "O" Division is in for a good year if the results of the annual meeting of the Recreation Club can be used as a criterion.

General Our smiling colleen from the Central Registry could not resist the call of the Emerald Isle and so spent some time visiting overseas this fall. From all reports she had a wonderful time.

It is with regret that we learn that two Civil Servants in Toronto have severed their connection with the Department. Miss M. M. Black and Mr. E. C. Orme have left to take other positions and we wish them good luck in their new work.
