

SADDLE LAKE AGENCY

13. August +

I beg to inform you that the
 enclosed applications for the admission
 of Michael Raderow, and John Baptiste,
 have been returned by the Indian Commissioner,
 who reserves his decision, stating that both
 the children have enlarged glands of the neck
 and need the Doctor's reports as to the
 likelihood of a radical cure - they
 cannot be admitted - Also that the
 Superintendent General has recently
 again called the Commissioner's
 attention to the undesirability of
 associating children affected as above
 with pupils of schools.

Yours truly,

G. H. Munro,
 Indian Agent.

The Res. Principal,
 Amie Smith Boarding School,
 Saddle Lake.
 M. H. H.
