Ottawa, April 3, 1924.

Dear Tom:

I appreciate very much your letter of yesterday. I have had in mind for some time getting a car this spring but I am not sure now whether I will or not. My liquid position is not good on account of western losses these last three years. If you could let me know privately what kind of a bus (closed car) and at what price, I will do a little more thinking on the subject and possibly get one.

Yours very truly,

T.A. Russell, Esquire,

Toronto, Ontario.
