

## F O R E W O R D

**W**E sing a Prince Albert Processional. Nature was in her happiest mood when she created the imperial Prince Albert district. What a mighty heritage—a country surpassing rich in sunshine, soil and seasons. We who have fallen heirs to great responsibilities are alive, awake, active in appreciation. Processional! Confident of our country, strong in our moral fibre, we march on to the hymn of a grand prosperity.
