

JUNE hath 30 Days.

From bright'ning fields of ether fair disclos'd,
Child of the sun refulgent Summer comes,
In pride of youth, and felt through nature's depth :
He comes attended by the sultry hours,
And ever fanning breezes on his way ;
While, from his rident look, the turning Spring
Averts her blushful face ; and earth and skies,
All smiling, to his lot dominion leaves.

Last Quarter, 3d Day, 2h. 32m. afternoon
 New Moon, 10th Day, 3h. 26m. afternoon
 First Quarter, 18th Day, 2h. 48m. afternoon
 Full Moon, 26th Day, 2h. 50m. morning
