The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wears out the strongest system, shatters the nerves and weakens the heart. Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

DEAR SIR,-After trying several doctors and spending forty-five days in the General Hospital, without any benefit, I was induced to try your Benedictine Salve, and sincerely believe that this is the greatest, remedy in the world for rheumatism. When left the hospital I was just able to stand for a few seconds, but after using your Benedictine Salve for three days, I went out on the street again and now, after using it just over a week, I am able to go to work again. If anyone should doubt these facts send him to me and I will prove it to him.

DEAR SIR,-I write unsolicited to say that your Benedictine Salve has cured me of the worst form of Bleeding, Itching Piles. I have been a sufferer for thirty years, during which time I tried every advertised remedy I could get, but got no more than temporary relief. I suffered at times intense agony and lost all hope of a cure.

Seeing your advertisement by chance, I thought I would try your Salve, and am proud to say it has made a complete cure. I can heartily recommend it to every sufferer.

John O'Connor, Esq., Toronto:

DEAR SIR,-It is with pleasure I write this unsolicited testimonial, and in doing so I can say to the world that your Benedictine Saire thoroughly cured me of Bleeding Piles. I suffered for nine months. I consulted a physician, one of the best and he gave me a box of salve and said that if that did not cure me I would have to go under an operation. It failed, but a friend of min learned by chance that I was suffering from Bleeding Piles. He told me he could get me a cure and he was true to his word. He got me a box of Benedictine Salve and it gave me relief at once and cured me in a few days. I am now completely cured. It is worth its weight in gold. I cannot but feel proud after suffering so long. It has given me a thorough cure and I am sure it will never return. ### BLOOD POISONING

Corner George and King Streets, Toronto, Sept. 8, 1904, John O'Connor, Esq., Toronto:

DEAR SIR,-I wish to say to you that I can testify to the merits "el your Benedictine Salve for Blood-Poisoning. I suffered with blood poisoning for about six months, the trouble starting from a callous or hardening of the skin on the upper part of my foot and afterwards turning to blood-poisoning. Although I was treated for same in the General Hospital for two weeks without cure, the doctors were thinking of having my foot amputated. I left the hospital uncured and then I tried your salve. and with two boxes my foot healed up. I am now able to put on my boot and walk freely with same, the foot being entirely healed. I was also treated in the States prior to going to the hospital in Torontm, without relief. Your salve is a cure for blood-poisoning.
