What wonderful progress the closing half of the nineteenth century has wit-nessed! Men still young have witnessed discoveries and inventions, which, while they have fairly revolutionized the methods of human life, are taken the methods of human life, are taken almost as a matter of course. New and wonderful discoveries are made almost daily; we quickly adapt ourselves to the changed condition, and even wonder that the inventive genius of man had not long ago penetrated the secrets of nature, almost daily being brought to our aid. While in all directions great advances have been made, perhaps in none have the strides been secrets of nature, almost daily being brought to our aid. While in all directions great advances have been made, perhaps in none have the strides been greater, than in the science of medicine. Old methods have entirely disappeared, the days of big nauseous, appeared, the days of big nauseous, doses, cupping and bleeding, have passed away, and diseases formerly held to be incurable now speedily yield to the treatment of advanced medical science. For more than a year past there have appeared in the columns of the "News-Letter," from time to time, the particulars of curres that have been the wonder of all who were acquainted with the persons restored. Perhaps the case of Mr. John Marshall, of Hamilton, was more firmly fastened in the public mind, for the reason that he had been paid a total disability claim of \$1,000, only after having been pronounced incurable by a score or more of men, who are leaders in the medical profession. As publisher of the "Canadian Workman" the writer has a knowledge of the proceedings under which a disability claim, is paid and when it is understood that all such claims have to pass the scrutiny of an investigating committee, the Local Medical Examiner, the Grand Medical Examiner, the Gran none but a genuine case of disability could a claim be paid. That the claim twas paid Mr. Marshall under this stringent scrutiny was unimpeachally the stringent scrutiny was unimpeachally the stringent scrutiny was unimpeachally the was afterwards made a well man was afterwards made a well man was due entirely to a treatment of Dr. Williams Pink Pills—probably the most remarkable, medical discovery of the age. This case was but the first due to the same grand agency, cach of which has been verified by the most trustworthy testimony. The "News-Letter" in common with many others, his taken a deep interest in noting the large of the serious properties of the seri

discovery in the interests of humanity, restoring vitality to the broken down system. Considering that Mrs. Chase had suffered ten years, and last Octobes was looked upon as being at the point of death, there must be something of an almost miraculous virtue in the remedy which has raised her to her present condition of health, after she had spent hundreds of dollers in doctoring, and for other so called remedies, of various kinds. In fact Dr. Williams' Pink Pills are recognized as one of the greatest modern medicines—a perfect blood builder and nerve restorer—curing such diseases as rhumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling resulting therefore. ralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous head-ache, nervous prostration and the tired feeling resulting therefrom, diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, the after effects of lagrippe, etc. Pink Pills restore pale and sallow complexions to the glow of health, and are a specific for all the troubles peculiar to the female sex, while in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing our trade mark and wrapper; at 50 cents a box, or six boxes for \$2,50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from

rest, or obtain help, and before her restoration she had been unequal to the slightest exertion.

While in Midland the writer called upon Dr. McCartney, druggist, who reports large sales of Dr. Williams' Pink Pills, with the most decided benefits to those using them.

From many of our exchanges we have noticed with interest the reports of the great benfit derived from the use of Dr. Williams' Pink Pills, and the case of Mrs. Chase goes to confirm the case of Mrs. Chase goes to conf
